McKenzie, Owen Hanley Lynch, 2023-06-06 Homiletics textbooks often discourage the use of humor in preaching regarding it as trivializing or distracting The result is that many preachers have failed to understand humor's positive power demoting it to the opening joke to get a guaranteed guffaw to warm up the crowd Humor Us the second volume in the Preaching and series is a collaborative effort by homiletician Alyce M McKenzie and humor scholar Owen Hanley Lynch that promotes humor a force capable of great good to its rightful place in the pulpit Establishing humor as a divine gift Humor Us opens to preachers the world of humor studies with its positive portrayal of humor's usefulness to speak truth to power unite people in their common humanity and strengthen them to cope and survive in tough times Humor Us helps preachers understand how humor works and shows them in very practical and specific ways how preachers can put it to work in their sermons It combines the wealth of knowledge of two highly regarded scholars practitioners to show how humor can become a potent tool for sharing the good news in sermons McKenzie and Lynch prove that humor when applied thoughtfully can foster compassion and a sense of common humanity help challenge an unjust status quo and invite listeners into a shared experience of the presence of God **The Rebirth of the Hero** Keiron Le Grice, 2019-06-10 The portrayal of the hero in

classical myths and modern films continues to exert a compelling influence on the collective imagination entertaining and inspiring audiences the world over On a deeper level the myth of the hero's adventure is recognized as a fundamental pattern of human experience itself a symbolic expression of the individual's struggle for greater consciousness psychological wholeness and spiritual realization In The Rebirth of the Hero Keiron Le Grice draws on the ideas and life experiences of C G Jung Joseph Campbell and Friedrich Nietzsche to explore the spiritual journey of the modern self from existential crisis and the awakening of the self to the dramatic encounter with the underworld of the psyche and the arduous labour of spiritual

transformation In a work of wide ranging scope and penetrating insight Le Grice analyzes scenes from a number of popular films Jason and the Argonauts Star Wars The Lord of the Rings Pan s Labyrinth and more to illuminate the themes and stages of psychospiritual rebirth and individuation helping to make the deepest of transformative experiences more readily accessible and intelligible to us all Drawing interchangeably on classical Greek myths Christianity alchemy Romanticism and depth psychology the author also relates the individual s personal journey of transformation to the relationship in Western civilization between spirit and nature reason and instinct and masculine and feminine In so doing The Rebirth of the Hero demonstrates the critical significance of the archetypal pattern of the hero not only for the individual but also for cultural renewal and the wider spiritual transformation of our time The A.S.M.R. **Startup Your Life** Anna Akbari,2016-12-27 A young entrepreneur and sociologist shows readers how to reach personal fulfillment using the same strategies that power Silicon Valley's greatest startups As an entrepreneur Anna Akbari learned that one of the best things about startups is their ability to pivot quickly basically a euphemism for failing and starting over And she quickly found that personal success is no different It's not just about developing and following the right process but also having a good idea And that demands rigor and daily maintenance far beyond a few positive affirmations Like any Silicon Valley startup the business of life is not as glamorous as its Instagram account would make it seem What do you do when planning is not an option When control is out of your reach You isolate the small stuff experiment constantly and use the results to lay a more sustainable foundation for the future You validate your idealized vision by testing it out in bite sized increments You see what sticks integrate and move forward And inevitably you experience a series of failures along the way but those failures are key to your next success Living a start up life is about maximizing flexibility and measuring on going results not avoiding failure or reaching one particular end goal It's about embracing defeat analyzing it and failing up In Startup Your Life Akbari shows that after all it's often the stumbles that pave the way for real happiness
