Joseph Conrad Doubleday, Page & Company, 1924 *Joseph Conrad: a Sketch, with a Bibliography* , 1970 **Joseph Conrad** , 1925 *Joseph Conrad* , 1969 **Joseph Conrad. A Sketch, with a Bibliography. Illustrated with ... Drawings by Edw. A. Wilson** Joseph Conrad, 1924 **Joseph Conrad** Hugh Walpole, 1916 *Joseph Conrad* David J. Supino, 2022-08-13 David J Supino traces in unprecedented detail the lineaments of Joseph Conrad s authorial career and the fortunes and misfortunes of his publishers on both sides of the Atlantic This work is a model of the integrative scholarly method combining close bibliographical scrutiny of particular textual artifacts with archival recovery of book historical information in as much detail as the surviving documents allow The book is essential reading not only for students of Conrad but also for all those who wish to understand the publishing history of this era **A Bibliography of Joseph Conrad** , 1969

The Several Lives of Joseph Conrad John Stape, 2011-06-22 Published to mark the 150th anniversary of his birth The Several Lives of Joseph Conrad is a brilliant and highly readable biography of a literary figure of world wide reputation Conrad s impact has been so profound and far reaching that eighty years after his death he remains an essential cultural reference point Such phrases as heart of darkness and The horror The horror have entered the language often cited without an awareness of their original contexts His popular legacy extends to Latin American fiction to the spy novel to the terrorist and anarchist character and to film The writers he has influenced range from T S Eliot to William Faulkner to V S Naipaul and John Le Carr For a writer of difficult fiction he has enjoyed a remarkably wide impact yet as Marlow proclaims in Lord Jim of the figure whose story he tells he was one of us and so Conrad remains in fascinating ways Stape s biography an intimate portrait including previously unpublished photographs offers a Conrad for our times a man with a deep sense of otherness of multiple cultural identities and writing in his third language a working writer whose novels and stories are a cornerstone of literary modernism and indeed of modernity itself **Annual Bibliography of English Language and Literature** , 1924 Includes both books and articles *Conrad s Malaysian Fiction* Florence Clemens, 2022-10-04 The relationship between Conrad s Malay fiction and colonialism is a prominent subject of commentary now and has been for some time Most scholars would point to Chinua Achebe s important article An Image of Africa as the initiation into the interest in Conrad and colonialism but in fact decades previously Florence Clemens had begun this conversation in her ground breaking commentary on Conrad s Malay fiction At the time Florence Clemens was writing almost nothing had been written on the Conrad s colonial world and for many years her work thus was relatively unknown and relatively difficult to obtain However Clemens work is significant and its appearance in Brill s Conrad Studies series now makes this important study readily available to scholars **Conrad in the Public Eye** John Gerard Peters, 2008 This is a collection of difficult to find and typically early commentary on Conrad s life and works The selections contained shed light on Conrad s life and works as well as the way in which his works were promoted to the public Selections include those by the American novelist

Christopher Morley and the Irish novelist Liam O Flaherty Also included is a previously unpublished essay by Conrad's friend Richard Curle Of particular interest are the promotional materials which are collected together for the first time and reveal how Conrad was perceived by the general reading public and how he was marketed by his publishers Joseph Conrad Bruce Teets,2020-04-30 Originally published in 1990 this is a comprehensive and annotated bibliography of the writings on Joseph Conrad and his works Covering the years from 1895 to 1975 it also includes indexes of authors secondary works periodicals and newspapers foreign languages and primary titles Part of a series of annotated bibliographies on English Literature in Transition 1880 1920 this will be a valuable resource for students of literature *High Points in the Work of the High Schools of New York City*,1927 **Routledge Library Editions: Joseph Conrad** Various,2021-09-30 Joseph Conrad 1857 1924 is widely considered one the great modern writers in English literature This 21 volume set contains titles originally published between 1976 and 1990 as well as a biography from 1957 written by one of his closest friends The first 18 books are a set of concordances and indexes to Conrad's printed works which were part of a project directed by Todd K Bender at the University of Wisconsin Madison USA and are among the first attempts to use the power of computers to enhance our reading environment and assist in lexicography scholarly editing and literary analysis The set also contains a meticulously compiled bibliography of writings on Joseph Conrad as well as an original and powerful analysis of his major work **Bulletin of Bibliography and Dramatic Index**,1927 The Booklist,1927 **Library of Congress Catalogs** Library of Congress,1977 **Bulletin of Bibliography and Magazine Subject-index**,1907 *Conrad's Reading* Helen Chambers,2018-04-18 This book aligns concepts and methods from book history with new literary research on a globally studied writer An innovative three part approach combining close reading the evidence of reading scrutiny of international book distribution circuits and of Conrad's many fictional representations of reading illuminates his childhood maritime and later shore based reading After an overview of the empirical evidence of Conrad's reading his sparsely documented twenty years reading at sea and in port is reconstructed An examination the reading practices of his famous narrator Marlow then serves to link Conrad's own maritime and shore based reading Conrad's subsequent networked reading shared with his closest male friends and with literate multilingual women is examined within the context of Edwardian reading practices His fictional representations of reading and material texts are highlighted throughout including genre trends periodical reading reading spaces and their lighting and the use of reading as therapy The book should appeal both to Conrad scholars and to historians of reading
