The story follows Charles Marlow, a seaman who journeys inland to find the enigmatic ivory trader Kurtz, only to witness the brutal greed and violence masked as civilization. It opens aboard the *Nellie*, a yawl on the Thames, where Marlow reflects on the river's symbolic ties to history and empire. His voyage evolves into a philosophical quest, exposing the illusions of European colonialism and the darkness within the human soul. Through vivid imagery and moral ambiguity, Conrad reveals the savagery hidden beneath the surface of so-called progress. **Joseph Conrad** Joseph Conrad, 1995 Combining the most widely read and studied of Conrad's novels, *Heart of Darkness* and *The Secret Agent*, with *The Shadow Line*, this volume

middle and later writing With an extensive introduction explanatory notes a chronology of Conrad s life and a glossary of nautical terms this is an invaluable edition for students

*Chance* Joseph Conrad,2021-03-03 A remarkable book the story of Flora De Barral daughter of the Great De Barral a monumental swindler and her love for the sea captain who married her Marlow tells the story in his usual quiet manner which is so dramatic under the quiet and shows Chance the master hand directing and interfering at any moment Chance is a novel by Joseph Conrad published in 1913 following serial publication the previous year Although the novel was not one upon which Conrad s later critical reputation was to depend it was his greatest commercial success upon initial publication

*The Art of Failure* Suresh Raval,2020-04-21 Originally published in 1986 this is a powerful and original book It offers textual interpretation of Conrad s major work and articulates the subtlety and richness of his treatment of social political institutions and of the forces that complicate and distort private and public life Suresh Raval argues that the social personal relations in Conrad s fiction cannot be conceived apart from their existence in the political life of a community but at the same time they cannot be accommodated institutionally The author s concern is with the problematic status of the self under various perspectives experience and understanding Heart of Darkness an ethical ideal Lord Jim history Nostromo ideology The Secret Agent and Under Western Eyes scepticism Victory What the self is remains ambiguous and elusive Conrad s fiction is concerned with exhibiting the failure of language but always as a result of an immense effort of language itself As language undoes itself in the act of seeking utterance so Conrad s fictional mode romance turns into the opposite of itself as it unfolds Raval demonstrates that incompatible alternatives intention and action thought and experience the individual and the social the logical and the contingent are entangled with each other and how this entanglement works in the fiction Raval s exploration of Conrad s scepticism shows why Conrad cannot be characterized as a political conservative or radical without distorting the complexity and seriousness of his reflection on society For his scepticism is the product not just of intelligence but of intelligence conscious of its limitations and is thus able to make a devastating critique of the nihilism sometimes attributed to Conrad by critics Only those who think that morality has to have a secure single foundation if it is to be real are pushed into regarding Conrad s scepticism as a form of nihilism Professor Raval s important study brings philosophical and literary interests to bear on Conrad s major fiction and illuminates those aspects of his art which have puzzled and fascinated his readers It will be deservedly valued by those studying and teaching modern literature
