Twayne's United States Authors Series, 1972 Kurt Vonnegut's Slaughterhouse-five Kurt Vonnegut, Jr., 2009 Presents a collection of critical essays about Kurt Vonnegut's *Slaughterhouse five* Twayne's United States Authors Series James Jones, Joseph Heller Robert Merrill, 1987 In this book Merrill discusses the structure and theme of every Heller novel and play and offers a number of original interpretations of Heller's writing Merrill argues that too much has been made of the Jewishness of the two more recent novels *Good as Gold* and *God Knows* He adds that they are better understood as humanistic rather than sectarian novels Merrill sees Heller as an isolated artist who has been influenced by few earlier writers and who has in turn exercised little influence on his contemporaries Heller is portrayed by Merrill as writing in a vein of black humor that recalls Dostoevsky and Kafka rather than any more recent writers ISBN 0 8057 7492 0 17 95 *Pop Goes the Decade* Martin Kich, Aaron Barlow, 2020-01-07 Analyzing complex social and political issues through their manifestations in popular culture this book provides readers a strong foundational knowledge of the 1960s as a decade 1969 went out in a way that could never have been imagined in 1960 While the president at the end of the decade had been vice president at the start the intervening years permanently changed American culture *Pop Goes the Decade* The Sixties explores the cultural and social framework of the 1960s addressing film television sports technology media advertising fashion art and more Entries are presented in encyclopedic fashion organized into such categories as controversies in pop culture game changers technology and the decade's legacy A timeline highlights significant cultural moments while an introduction and a conclusion place those moments within the contexts of preceding and subsequent decades Attention to the decade's most prominent influencers allows readers to understand the movements with which these figures are associated and discussion of controversies and social change enables readers to gain a stronger understanding of evolving American social values
