## **Josiah Tucker A Selection From His Economic And Political Writings:**

**Josiah Tucker** Josiah Tucker,1931 Josiah Tucker. A Selection from His Economic and Political Writings. With an Introduction by Robert Livingston Schuyler. [With a Portrait.]. Josiah TUCKER (Dean of Gloucester.),Robert Livingston SCHUYLER,1931 **Josiah Tucker; a Selection from His Economic and Political Writings. With an Introd. by Robert Livingston Schuyler** Josiah Tucker,Robert Livingston Schuyler,1931

**Bulletin of the British Library of Political and Economic Science** British Library of Political and Economic Science,1926 Edmund Burke: Volume I, 1730-1784 F. P Lock,1998 This is a full scholarly biography of Burke in two volumes The first volume covers the years between 1730 1784 and describes his Irish upbringing and education early writing and his parliamentary career throughout the momentous years of the American War of Independence This second volume covers 1784 97 its leading themes are India and the French Revolution Burke was largely responsible for the impeachment of Warren Hastings former Governor General of Bengal **The New Palgrave Dictionary of Economics** ,2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product **The Minister and his Peace** Rory T. Cornish,2024-11-08 The British press in the eighteenth century significantly influenced politics often making or breaking careers The career of Lord Shelburne the first Irish born British Prime Minister exemplifies this yet he has remained something of an enigma His brief administration July 1782 to March 1783 was nonetheless notable for recognizing the independence of the United States This investigation into the contemporary pamphlet press illustrates why he was so distrusted as well as the long term influences shaping the 1783 Peace of Paris and challenges the view that Shelburne was an idealist out of step with his times On the contrary it concludes many of his ideas were mainstream and pragmatic Both the general and academic reader interested in eighteenth century biography British history Atlantic colonial history media studies and peace studies will find this book valuable **Anti-Jacobin Novels, Part II, Volume 6** W M Verhoeven,Claudia L Johnson,Philip Cox,Adriana Craciun,Richard Cronin,2017-09-29 A selection of Anti Jacobin novels reprinted in full with annotations The set includes works by male and female writers holding a range of political positions within the Anti Jacobin camp and represents the French Revolution American Revolution Irish Rebellion and political unrest in Scotland **Beyond the Farm** J. M. Opal,2011-03-23 During the first half century of American independence a fundamental change in the meaning and morality of ambition emerged in American culture Long stigmatized as a dangerous passion that led people to pursue fame at the expense of duty ambition also raised concerns among American Revolutionaries who espoused self sacrifice After the ratification of the U S Constitution and the creation of the federal republic in 1789 however a new ethos of nation making took hold in which ambition properly cultivated could rescue talent and virtue from the parochial needs of the

family farm Rather than an apology for an emerging market culture of material desire and commercial dealing ambition became a civic project a concerted reply to the localism of provincial life By thus attaching itself to the national self image during the early years of the Republic before the wrenching upheavals of the Industrial Revolution ambitious striving achieved a cultural dominance that future generations took for granted Beyond the Farm not only describes this transformation as a national effort but also explores it as a personal journey Centered on the lives of six aspiring men from the New England countryside the book follows them from youthful days full of hope and unrest to eventual careers marked by surprising success and crushing failure Along the way J M Opal recovers such intimate dramas as a young man s abandonment by his self made parents a village printer s dreams of small town fame and a headstrong boy s efforts to both surpass and honor his family By relating the vast abstractions of nation and ambition to the everyday milieus of home work and school Beyond the Farm reconsiders the roots of American individualism in vivid detail and moral complexity A Critical History of the Economy Ryan Walter,2013-03 This book provides a detailed intellectual and critical history of the economy explaining how the economy came to be analytically separated from its social and political moorings in the 19th century It offers a historical perspective on current IPE concerns and links IPE with the growing field of contextualist intellectual history Adam Smith G. Kennedy,2016-01-18 This book presents the authentic Adam Smith and explores his underlying approach and radical thinking aiming to re establish his original intentions The book provides a crucial reminder of how relevant Adam Smith was in his own time and how relevant he remains as we experience the worldwide spread of opulence today **A Struggle for Power** Theodore Draper,1997-03-25 From one of the great political journalists of our time comes a boldly argued reinterpretation of the central event in our collective past a book that portrays the American Revolution not as a clash of ideologies but as a Machiavellian struggle for power **Routledge Revivals: History Workshop Series** Various Authors,2022-07-30 First published between 1975 and 1991 this set reissues 13 volumes that originally appeared as part of the History Workshop Series This series of books which grew out of the journal of the same name advocated history from below and examined numerous often social issues from the perspectives of ordinary people In the words of founder Raphael Samuel the aim was to turn historical research and writing into a collaborative enterprise via public gatherings outside of a traditional academic setting that could be used to support activism and social justice as well as informing politics Some of the topics examined in the set include mineral workers rural radicalism and the lives and occupations of villagers in the nineteenth century working class association the development of left wing workers theatre and the changing attitudes to mass culture across the twentieth century the changing fortunes of the East End at the turn of the century the position of women from the nineteenth century to the present the miners strike of 1984 5 the social and political images of late twentieth century London and a three volume analysis of the myriad facets of English patriotism This set will be of interest to students of history sociology gender and politics English Literature, Volume 1 Louis A. Landa,2015-12-08

This is the first of two volumes which will make available in convenient form the annual bibliographies of 18th century scholarship published for the past 25 years in the *Philological Quarterly* Volume 1 includes the years 1926-1938 By means of lithography the original issues are exactly reproduced with retention of all critical annotations Originally published in 1950 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Foundations of International Economics** Johan Deprez, John T.

Harvey, 2002-01-04 This unique collection presents a Post Keynesian perspective on international economics and trade All the major areas in international economics are covered with the Post Keynesian approach giving a welcome fresh perspective The book is divided into five main sections foreign trade open economy international payments systems exchange rate determination development Unavailable elsewhere the readings present original state of the art research by leading Post Keynesian scholars Contributors include Philip Arestis Robert Blecker Paul Davidson Sheila Dow Bruce Elmslie Ilene Grabel John McCombie Eleni Paliginis A P Thirlwall L Randall Wray Johan Deprez John T Harvey

**Virginia's Western Visions** Leslie Scott Philyaw, 2004 Once all the world was Virginia an exaggerated truism to be sure but in the early eighteenth century there seemed no limit on the Old Dominion's possibility for growth particularly in the eyes of the state's Tidewater elite Wealthy tobacco barons monopolized thousands of acres along Virginia's frontier and early leadership including William Byrd Thomas Jefferson and George Washington saw the generous possibilities in the expanse of lands to their west In 1705 Virginia planter and historian Robert Beverly confidently foresaw the day when Virginia's settlements would reach the California Sea In *Virginia's Western Visions* L Scott Philyaw examines the often tumultuous history of Virginia's westward expansion Land the foundation to tobacco cultivation and slavery obsessed early Virginians Land acquisition was also a necessary step in dispossessing Virginia's native inhabitants replacing them with Europeans and Africans The relationship between Virginia's Tidewater elite and the hinterland was never simple however The backcountry's economic potential was undeniable as was the possibility for colonization but elites feared the threat of Native American nations and the western border was consistently a source of unrest For many English colonists the inland wilderness was terrifying and Philyaw argues that attitudes toward the different peoples of the frontier Native Americans French Catholic villagers and German and Ulster Scot immigrants shed light on the cultural and ethnic assumptions of the architects of the American republic By the early nineteenth century the optimism of the Revolutionary generation had faded New western states competed with Virginia for markets settlers and investments and wealthy planters began abandoning the Old Dominion taking their portable slave wealth with them As the War of Independence came to an end an independent Virginia

actually began losing territory the war weary and impoverished state could no longer control the western lands its leadership had worked so tirelessly to acquire Leaders now turned to the new national government to accomplish their aims of creating a series of western states that would share Virginia s interests They failed and in the antebellum era Virginia s elite more often allied with states to the south rather than those that were once part of the Old Dominion From the earliest settlement of the area Virginians wrestled with both the political and cultural meaning of Virginia By examining the changing attitudes toward the early West Virginia s *Western Visions* offers a fascinating glimpse into the dreams of the Old Dominion s early leaders the challenges that faced them and their vision for Virginia s future L Scott Philyaw is associate professor of history at Western Carolina University He is a contributor to *After the Backcountry Rural Life in the Great Valley of Virginia 1800-1900* and his articles and reviews have appeared in the *Virginia Magazine of History and Biography* the *Journal of the Early Republic* and others

**The Invention of Capitalism** Michael Perelman,2000-05-03 Rethinks the history of classical political economy by assessing the Marxian idea of primitive accumulation the process by which a propertyless working class is created

**English Whiggism and the American Revolution** George Herbert Guttridge,1963 Study of the conflicting loyalties and relationships that developed between the English Whigs King George 3d England s imperial policies and the American Revolutionaries

**The Secrets of Hegemony** Tai-Yoo Kim,Daeryoon Kim,2017-03-29 This book revisits the historically different paths to economic development that Spain the Netherlands Great Britain and the United States followed at different time periods since the early modern period Addressing the questions of how economic growth came about in these four countries and why sustained economic growth was achieved only by the two latter economic powers Great Britain and the United States it clearly highlights the long term economic impact of the individual economic systems each country had developed This discussion draws on two important variables in economic systems whether its primary activity is agriculture commerce or manufacturing and whether its productive system expands or simply reproduces From this interpretive framework the book suggests that the existing literature has not yet paid sufficient attention to the enduring impact on a nation s long term economic performance of their differing economic systems simple agricultural reproduction system Spain expansive commercial reinvestment system the Netherlands and expansive industrial reproduction system Great Britain and the United States The book also demonstrates why sustained economic growth was viable only within an expansive industrial reproduction system and what conditions Great Britain and the United States had to fulfill to create such an economic system in their specific historical contexts It concludes by reflecting on the policy implications of the findings on current discussions concerning economic development within the global economy

Gilbert Imlay Wil Verhoeven,2015-09-30 A biography of the American Gilbert Imlay c 1754 c 1828 revolutionary war veteran and infamous lover of Mary Wollstonecraft It also highlights how Imlay unwittingly acted as an intermediary between figures of greater significance whose ideas ambitions and schemes he frequently borrowed and disseminated across the Atlantic and continents
