

Janvier.

Le grand-duc Michel, frère de l'empereur de Russie, a en ce moment une quarantaine d'années. C'est un assez aimable homme, simple et gracieux dans le monde, passant ses soirées fort volontiers au foyer intérieur du théâtre et vivant mêlé aux comédiens français que l'empereur fait venir de Paris.

Il est très aimé dans le monde et très haï des soldats. Ceci est de la politique russe. Le frère de l'empereur doit être haï de l'armée. Le grand-duc Michel a pour fonction de tourmenter le soldat russe. Il faut, sous peine de déplaire en haut, qu'il soit haï en bas. Aussi, il prodigue à l'armée les corvées, les parades, les exercices de grand matin, les fatigues en pure perte, les minuties, les châtiments. A cela près, c'est un bon homme.

Il est gai et fait des calembours. A une revue, le fils du prince Eugène, le duc de Leuchtenberg, piaffait sur un beau cheval. Michel le regardait. « — Monseigneur, dit le duc, vous admirez ce cheval ? — Non, répondit Michel, j'admire le Beauharnais. »

26 février.

Hier, Mme la duchesse d'Orléans me disait : « — Mon fils n'est pas ce qu'on peut appeler un enfant aimable. Il n'est pas de ces jolis petits prodiges qui font honneur à leur mère, et dont on dit : — Que d'à-propos ! que d'esprit ! que de grâce ! Il a du cœur, je le sais, il a de l'esprit, je le crois ; mais personne ne sait et ne croit cela que moi. Il est timide, farouche, silencieux, effaré aisément. Que sera-t-il ? je l'ignore. Souvent à son âge un enfant dans sa position comprend qu'il faut plaire, et se met, tout petit qu'il est, à jouer son rôle. Le mien se cache dans la jupe de sa mère et baisse les yeux. Tel qu'il est, je l'aime ainsi. Je le préfère même. J'aime mieux un sauvage qu'un comédien. »

Pour le duc d'Orléans mourant ¹, on jeta en hâte quelques matelas à terre et on fit le chevet d'une vieille chaise-fauteuil de paille qu'on renversa.

Un poêle délabré était derrière la tête du prince. Des casseroles

Evariste Galois short life was lived against the turbulent background of the restoration of the Bourbons to the throne of France the 1830 revolution in Paris and the accession of Louis Phillipe This new and scrupulously researched biography of the founder of modern algebra sheds much light on a life led with great intensity and a death met tragically under dark circumstances Sorting speculation from documented fact it offers the fullest and most exacting account ever written of Galois life and work It took more than seventy years to fully understand the French mathematician s first m moire published in 1846 which formulated the famous Galois theory concerning the solvability of algebraic equations by radicals from which group theory would follow Obscurities in his other writings m moires and numerous fragments of extant papers persist and his ideas challenge mathematicians to this day Thus scholars will welcome those chapters devoted specifically to explicating all aspects of Galois work A comprehensive bibliography enumerates studies by and also those about the mathematician **A Compendium of World Sovereigns: Volume III Early Modern** Timothy Venning,2023-06-30 The Compendium of World Sovereigns series contains three volumes Ancient Medieval and Early Modern These volumes provide students with easy to access who s who with details on the identities and dates ages and wives where known of heads of government in any given state at any time within the framework of reference The relevant original and secondary sources are also listed in a comprehensive bibliography Providing a clear reference guide for students to who was who and when they ruled in the dynasties and other ruler lists for the Ancient Medieval and Early Modern worlds primarily European and Middle Eastern but including available information on Africa and Asia and the pre Columbian Americas The trilogy accesses and interprets the original data plus any modern controversies and disputes over names and dating reflecting on the shifts and widening of focus in student and academic studies Each volume contains league tables of rulers records and an extensive bibliographical guide to the relevant personnel and dynasties plus any controversies so readers can consult these for extra details and know exactly where to go for which information All relevant information is collected and provided as a one stop shop for students wishing to check the known information about a world Sovereign The Early Modern volume begins with Eastern and Western Europe and moves through the Ottoman Empire South and East Asia Africa and ends in Central and South America Compendium of World Sovereigns Volume III Early Modern provides students and scholars with the perfect reference guide to support their studies and to fact check dates people and places *A Bibliography of Virginia ...: Titles of the printed official documents of the Commonwealth, 1776-1916* Virginia State Library,Earl Gregg Swem,1917 Contents pt 1 Titles of

Fighting for a Free Missouri Sydney J. Norton, 2023-10-20 Missouri is well known for its German American heritage but the story of nineteenth century German immigrant abolitionists is often neglected in discussions of the state's history This collection of ten original essays with a foreword by renowned Missouri historian Gary Kremer relates what unfolded when idealistic Germans many of whom were highly educated and devoted to the ideals of freedom and democracy left their homeland and settled in a pre Civil War slave state Fleeing political persecution during the 1830s and 1840s immigrants such as Friedrich Münch Eduard Mühl Heinrich Boernstein and Arnold Krekel arrived in the area now known as the Missouri German Heritage Corridor in hopes of finding a land more congenial to their democratic ideals When they witnessed the state of enslaved Blacks many of them became abolitionist activists and fervent supporters of Abraham Lincoln and the Union in the emerging Civil War Editor Sydney Norton and the other contributing authors to **Fighting for a Free Missouri** explore the Germans abolitionist mission their relationships with African Americans and their activity in the radical wing of the Republican Party *The Granite Cutters' Journal*, 1920 **The Journals of William E. Republicanism in Nineteenth-Century France, 1814-1871 Pamela Pilbeam, 1995-02-27 This book is a fascinating survey of nineteenth century republicanism the first of its kind this century It investigates why it was that although France was one of the first countries in modern Europe to become a republic in 1792 it was nearly a hundred years before a republic was acceptable to the majority Pamela Pilbeam suggests that republicanism was a witch s brew of Enlightenment rationality bloody memories and conflicting socialist expectations The book concludes that the successful republic of 1871 used the rhetoric of democracy to conceal persistent elitism

Gazetteer of the State of New York John Homer French, 1995 French s unsurpassed Gazetteer of the State of New York is a complete history description of every county city town village locality in New York But more than that it is a record of the founders early settlers of practically every locality in the state an astonishing achievement the reason that the book has remained among the top genealogical reference works for New York State Of course no single person could have generated all this information on his own so under the supervision of J H French surveyors agents were instructed to visit every city town village to search records examine documents consult the best living printed manuscript authorities to make returns to the general office of all the reliable matter information obtained Thus was created an accurate comprehensive gazetteer with descriptions of each county city town village arranged according to a uniform plan of more value today to the genealogist than ever before Information provided for each locality includes founding founders early settlements settlers historical sketch to the time of writing leading institutions schools churches prominent representative citizens stories of general local interest statistics from state censuses names of every natural man made topographical feature Preceding this core part of the Gazetteer is a full 150 page survey of the government topography institutions of the state of New York Outstanding as the Gazetteer is its usefulness as a research tool is severely limited by the lack of an index to the thousands of names that appear in the text footnotes But this reprint edition puts an end to this unfortunate situation as it incorporates Frank Place s Index of Names a 16000 name index first published in 1962 by the Cortland County Historical Society In 1969 the Society issued a second printing of the Index incorporating a Supplement of additions corrections a third printing in 1983 included a Supplementary Index to Place Names With the Society s permission we have incorporated the final index edition of 1983 with our reprint of the Gazetteer making it the most complete the most useful edition ever published
