The Report United States. Commission on Obscenity and Pornography,1970 The Report of the Commission on Obscenity and Pornography United States. Commission on Obscenity and Pornography,1970 **What Do We Know About the Effects of Pornography After Fifty Years of Academic Research?** Alan McKee,Katerina Litsou,Paul Byron,Roger Ingham,2022-06-16 This book presents an innovative cross disciplinary report on research across the humanities and social sciences about the relationship between pornography and its consumers For policy makers and the wider public it can be difficult to obtain a clear understanding of the current state of knowledge on pornography and its relationships with audiences due to the often contradictory nature of research spanning the various and politically diverse academic disciplines The cross disciplinary expertise of the author team has engaged in an extensive examination of the findings of academic research in the area in order to explain in a clear and accessible style the most important conclusions about the relationship of pornography to Healthy Sexual Development This short and accessible overview is suitable for students and scholars in Psychology Sexual Health Film Studies Sex Education Queer Theory Gender Studies Sexuality Studies Sociology Media Studies and Cultural Studies Pornography Dolf Zillmann,Jennings Bryant,2012-10-12 provides good coverage of the empirical literature Journal of Communication well written and presents a wide diversity of approaches to pornography CHOICE *Pornography* Daniel Linz,Neil Malamuth,1993-03-02 Does pornography have harmful effects on individuals What are these effects and how should society deal with them The authors of this volume attempt to answer these and other important questions by placing pornography within the broader context of theories of fundamental human nature Their approach reveals a systematic interweaving of social science morality and the law from three different perspectives conservative moralistic liberal and feminist The book will be an invaluable contribution to current research on pornography and obscenity *Freedom, Rights And Pornography* Bruce Russell,2012-12-06 In the essays that follow Fred Berger argues for freedom of expression civil disobedience affirmative action and what he calls liberal judicial activism and against sex role stereotyping paternalism and the censorship of pornography Underlying his liberalism is a unified theory That theory consists of a conception of rights a theory of value and a theory of government The conception of a right that Berger defends derives from John Stuart Mill and is captured by what he calls the rights formula to have a right is to have important interests that society ought to protect as a matter of general rule pp 2 7 17 18 19 95 Since rights are to be protected by general rule case by case consideration of consequences is ruled out pp 3 18 96 and neither modest increases in the general welfare nor majority opinion can justify the violation of a right pp 14 15 17 18 Berger combines this view of the nature of a right with an objective theory of value according to which the important interests that ought to be protected are ones that people have whether they know them or not whether they desire that in which they have an interest or not p Pornography and Sexual Aggression Neil M. Malamuth,2014-06-28 Pornography and Sexual Aggression **Bad Girls and Dirty Pictures** Alison

Assiter, Avedon Carol, 1993 For well over a decade half baked analysis and phony science have been used by some feminists to side track the women s movement into puritanical campaigns against sexual material and imaginative sexual exploration Many feminists would say that this widely publicised version of feminism is itself sexist and that the increasingly vocal anti pornography campaigns are founded on theoretical dead ends that have allowed feminists to deviate drastically from the basic goals of women s liberation *Bad Girls Dirty Pictures* puts these anti sex anti porn arguments under the microscope of a more thorough and considered feminist analysis It examines the flaws in the research that purports to prove the harm of pornography and warns against the continuing use of censorship by politicians and the moral right as well as exposing the dangers of anti porn feminist arguments Contributions from a wide range of women including sex workers and academics remind us that pornography does not have a special place in our oppression and that censorship must still be seen as dangerous enemy of women *Bad Girls Dirty Pictures* is a much needed antidote to falsehoods shabby thinking and patronising sexism that have fuelled anti pornography campaigns and misled the women s movement

Mighty Lewd Books J. Peakman, 2003-06-24 *Mighty Lewd Books* describes the emergence of a new home grown English pornography Through the examination of over 500 pieces of British erotica this book looks at sex as seen in erotic culture religion and medicine throughout the long eighteenth century and provides a radical new approach to the study of sexuality *The Female Fear* Margaret T. Gordon, Stephanie Riger, 1991 The authors examine the female fear of rape probe the myths and realities of rape and society s response and explore strategies women have developed to protect themselves from its horrifying occurrence *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* , 1904

Publishers' Circular and Booksellers' Record of British and Foreign Literature , 1898 **Rape** Joanna Bourke, 2009-06-30 Joanna Bourke takes the issue of rape out from the academic ghettos and distills the truth so often exploited to sell newspapers Neither prurient nor overly sympathetic she investigates rape from a historical standpoint examining the history of sexual aggression the idea of rape as a social construct and the often ignored idea of embodiment and analyzes the physical response of rapists as well as the often cited rape is about power theories Indebted to a growing body of sophisticated feminist analyses about rape victims Bourke here shifts the emphasis from the victims to the perpetrators in order to place rapists in their historical context An invaluable study this book delivers the hard truth that if we are to imagine a world free of unwanted sexual violence then we must consider the issue of rape from every angle
