From Puvis De Chavannes To Matibe And Picabo Toward Modern Art:

Toward Modern Art Palazzo Grassi, 2002 This catalogue of the major exhibition at the Palazzo Grassi in Venice presents a groundbreaking interpretation of the birth of modern art Serge Lemoine curator of the exhibition and director of the Musée d'Orsay proposes that modern art does not descend as is commonly thought from Manet and Impressionism but from the French painter Pierre Puvis de Chavannes 1824 1898 The author of monumental mural decorations in such civic buildings as the museums of Amiens Lyons Rouen the Pantheon and the Sorbonne Puvis de Chavannes had a remarkable influence on his contemporaries in France and abroad including Seurat Gauguin and Cezanne as well as on later generations of artists Equally indebted to Puvis de Chavannes are the great European symbolist painters from Munch to Hodler However perhaps his most prestigious modern acolytes were Picasso and Matisse who remained loyal to him all their lives This volume features detailed scholarly contributions analyzing Puvis de Chavannes's work and all his affiliations as well as offering rich critical and documentary data on his numerous and notable disciples Accompanied by over five hundred illustrations this volume is a superb evocation of a period of great artistic ferment and outstanding creativity A landmark study **Toward Modern Art** makes the bold argument that modern art does not descend as is commonly described from Manet and Impressionism but rather from the unlikely figure of French painter Pierre Puvis de Chavannes 1824 1898 This gorgeously illustrated volume with over 500 full color illustrations was organized by Serge Lemoine director of Musée d'Orsay in Paris and includes over 15 essays by distinguished writers Lemoine's side by side comparisons and expert commentary bear witness to his groundbreaking thesis *From Puvis de Chavannes to Matisse and Picasso* Serge Lemoine, 2002 **From Puvis de Chavannes to Matisse and Picasso** Marianne Le Pommeré, Domitille d'Orgeval, 2002 **From Puvis de Chavannes to Matisse and Picasso** Serge Lemoine, 2002 Avec un buste en bronze de Auguste de Niederhausen Rodo The Wave Bulle Musée Gruen p 444 **Pierre Puvis de Chavannes** Aimée Brown Price, 2010 An artist of pivotal importance to the generation of post Impressionists from Seurat and Gauguin to Matisse and Picasso Pierre Puvis de Chavannes 1824 1898 played a crucial role in the history of late 19th century French art and the development of modernism He was an artist of great range originality and idiosyncratic invention who executed mural complexes compelling easel paintings and numerous works on paper These two companion volumes a critical study of the artist's life and art and a catalogue raisonné of his paintings introduce many of Puvis's works for the first time assess his contribution and restore him to the pantheon of modern masters Volume I situates Puvis and his work in his time With a wealth of new documentation it addresses the theories forces and events that impinged on his art Volume II is a complete compendium of Puvis's easel paintings and mural cycles for civic buildings throughout France as well as for the Boston Public Library **Dream States** Jennifer Laurie Shaw, 2002-01-01 This illustrated book is the first full length examination of Puvis's murals and their critical reception during the artist's lifetime Jennifer L Shaw explains that Puvis's paintings were imagined to embody a vision of France Although his

regional images allegories of the French heritage and evocations of the nation as an embracing motherland were all part of a grand tradition of public art Puvis's painting style was more closely aligned with the avant garde Rather than providing a specific narrative or allegory of France Puvis's murals provoked viewers to experience their own fantasies of Frenchness rather than using the close brushwork favored by most of his contemporaries Puvis used large flat areas of color to render his subjects Shaw persuasively argues that Puvis was the only painter of the period to unite the traditions of public art and modernist form Her original analysis of Puvis's art underlines his importance to the history of modernism her examination of the public response to his art illuminates debates about art subjectivity and national identity in fin de siècle France
