From The Eye Of The Storm The Experiences Of A Child Welfare Worker:

From the Eye of the Storm Cynthia Crosson-Tower, 2015-06-09 Crosson Tower's first person narrative interwoven with glimpses of over 20 social welfare system cases is a combination of engaging storytelling and stark reality. It recounts the early days of her career that spanned more than three decades. After landing a position in the Division of Child Guardianship in Boston, Crosson Tower is quickly indoctrinated by department manuals, a heavy caseload, and the challenge of dealing with the unexpected. This exceptional window to the role of a social worker reveals unique and turbulent circumstances in which resiliency and sensitivity play a large part. Incisive and discussion generating Questions for Thought instigate readers to pause and consider the practices they would use in each case. **From the Eye of the Storm** Cynthia

Updated to include new insights and challenges, this exceptional journey into the life and role of a social worker realistically portrays the unique and turbulent circumstances in which resiliency and sensitivity play a large part. Another Mother Sarah Gerstenzang, 2007 One night after midnight social workers brought a baby girl to the author s home and her life as a foster mother began A social worker herself Gerstenzang discovered that raising Cecilia despite all the personal joys would be a complex and frustrating process of co parenting with the foster care system in New York City Foster parents are in great demand but they are not necessarily treated well We follow the author through the home visits the Early Intervention evaluation the WIC program that with much bureaucratic hassle provides free formula and cereal and the mandatory parenting training sessions She comments When Michael and I became foster parents we learned how stigmatizing demoralizing and just plain inconvenient and time consuming being part of the unentitled population can be With the exception of Early Intervention we often felt that the programs were more concerned with regulating our behavior than with providing services Regular meetings with the birth family were also part of the process Not only were they awkward for all concerned but each visit involved a commute of several hours One social worker admitted that she preferred a foster parent who didn t work because that person could more easily comply with the time consuming regulations Sarah and her husband Michael also agonize over complying with special regulations about hiring babysitters or traveling anytime we left New York State we needed to ask the agency s permission which in turn had to get the signed consent from the birth mother Central to *Another Mother* is the issue of transracial placement Sarah remembers That first day the contrast between my pale skin and Cecilia s brown skin seemed glaring Not only did I feel that I had someone else s child I felt that I had a child from another culture Would I owe someone an explanation Gerstenzang is recalling the 1972 opposition of the National Association of Black Social Workers Her account is full of anecdotes and reflections about race acceptance and prejudice from others the feelings of her two children about having a sibling of a different race and culture keeping beginning with skin and hair care
