Updating the Literary West , 1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West s literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children s literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West s literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister

Nocturnal America John Keeble, 2006-11-01 Winner of the Prairie Schooner Book Prize in Fiction this collection of loosely connected tales returns readers to the American Northwest so finely observed

and powerfully evoked in John Keeble's previous celebrated works *Nocturnal America* occupies a terrain at once familiar and strange where homecoming and dislocation can coincide and families can break apart or hone themselves on the hard edges of daily life. In these stories Keeble populates what journalist Joel Garreau once called the Empty Quarter of North America with complex humanity. Life ranges vibrantly through these airy spaces at times finding itself thrown up against the shifty terrors of political change and the antic scrim of culture. Keeble's stories hinge on love, its difficulty, its loss and pangs but also its discovery of good fortune and even illumination in steadiness through travail. As his characters come and go unexpectedly converging, vanishing or reappearing, their stories reach beyond the ordinariness of life and the particularities of place to create something akin to community.
