From Prophecy To Preaching:

From Prophecy to Preaching A. Stewart-Sykes, 2015-12-22 This book seeks to determine the origins of preaching in Christianity and to trace its history before Origen On the basis of a examination of the external evidence for Christian preaching before Origen and of cognate activities in the ancient world which might have influenced Christian practice and on the basis of a narrative hypothesis on the nature of the development of Christianity a history is traced by which prophecy gives way to Scripture as the primitive Christian oikos becomes the oikos theou The homily is seen to emerge from the practice of submitting prophecy to judgement and application which comes to employ Scripture and in time is employed on Scripture itself This is the first attempt to answer the questions of how when and why preaching entered Christian worship

The Practice of Prophecy Li Ming Dennis Lum, 2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement Within the movement prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community Despite its prevalence academic research has mostly focused on the biblical theological aspect neglecting the actual contemporary practice This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore The book investigates the nature purpose and significance of the phenomenon It also identifies theological variables that are correlated with its practice and explicates these relationships The investigation employs the empirical theological method of Johannes van der Ven utilizing both a qualitative and a quantitative study The results provide a rich description of the actual reception delivery and judging of prophecy Significant findings include relationships between prophecy and courage love personality types prayer types and evangelism

Preaching as the Word of God Sam Chan, 2016-07-12 According to the Reformers preaching is the word of God As the word of God preaching is a foundation for the church It is also vital for the personal growth of a Christian But Christians are poorly equipped to understand how preaching is the word of God Some Christians look for preaching that closely reproduces the text in the Bible Other Christians look for preaching that creates maximal emotional and existential impact And there is a lot of name calling with Christians accusing preachers of not preaching the word But what type of preaching is the word of God The purpose of this book is to equip Christians to understand how preaching can be God speaking It accomplishes this with a survey of the problem in the history of the church a detailed overview of key biblical texts and finally the application of the contemporary philosophical tool of speech act theory

Patterns of Ministry among the First Christians Kevin Giles, 2017-07-14 This new edition of *Patterns of Ministry Among the First Christians* tells the story of how the first Christian leaders emerged and with the passing of time developed The book includes sections on Jesus and Paul and their understanding of Christian leadership on bishops deacons elders apostles prophets and teachers and on ordination The focus is primarily on the first century but historical development is noted The author also discusses the ways the New Testament may speak to the present

The Oxford Handbook of Early Christian Studies Susan Ashbrook Harvey, David G.

Hunter,2008-09-04 Provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description **Now Concerning Spiritual Things** Fitzroy John Willis,2019-11-13 In a pluralistic world of competing truth claims how can one discern what is truly representative of God How can we live and communicate what is authentically spiritual How do we bridge the religious impasse between believers and a post Christendom and pluralistic context where individuals may consider themselves to be spiritual yet are offended by the person of Jesus Can relativism be an effective means of evaluating truth from falsehood What role should race gender and socioeconomic background play in society and the church These are just a few of the questions this study addresses in presenting a more balanced dialogical and biblical criterion for authentic spirituality The insights on how to discern live and communicate what is authentically spiritual are significant for interreligious and ecumenical dialogue across denominations These insights contribute a way to more effectively communicate divine truths to all for it is conversant with various sources of knowledge about God and is accountable to feedback from these sources of truth For example tacit knowledge such as that derived from faith and spiritual gifts as well as rational or philosophical claims to truth along with Western Eastern and Southern modes of thinking are all incorporated

Preaching and Popular Christianity James Daniel Cook,2018-12-13 The vast homiletic corpus of John Chrysostom has received renewed attention in recent years as a source for the wider cultural and historical context within which his sermons were preached Scholars have demonstrated the exciting potential his sermons have to shed light on aspects of daily life popular attitudes and practices of lay piety In short Chrysostom s sermons have been recognised as a valuable source for the study of popular Christianity at the end of the fourth century This study however questions the validity of some recent conclusions James Daniel Cook illustrates that Chrysostom is often seen as at odds with the congregations to whom he preached On this view the Christianity of lites such as Chrysostom had made little inroads into popular thought beyond the fairly superficial and congregations were still living with older more culturally traditional views about religious beliefs which preachers were doing their utmost to overcome Cook argues that such a portrayal is based on a misreading of Chrysostom s sermons and fails to explain satisfactorily the apparent popularity that Chrysostom enjoyed as a preacher **Preaching and Popular Christianity** Reading the Sermons of John Chrysostom reassesses how we read Chrysostom s sermons with a particular focus on the stern language which permeated his preaching and on which the image of the contrary congregation is largely based In doing this Cook recovers a neglected portrayal of Chrysostom as a pastor and of preaching as a pastoral and liturgical activity and it becomes clear that his use of critical language says more about how he understood his role as preacher than about the nature of popular Christianity in late antique society Thus a very different picture of late antique Christianity emerges in which Chrysostom s congregations are more willing to listen and learn from their preacher than is often assumed **The Preacher's Manual: a course of lectures on preaching, in which Claude's principles, as laid**

down in "Letters and Conversations on Preaching," are fully developed, and illustrated by examples, etc S. T. STURTEVANT,1866 *The Preacher's Manual: Lectures on Preaching* S. T. Ansley,2022-01-15 God wants His people to know the gifts He has given them Gifts appear in Scripture primarily in three passages each with its own list with other gifts mentioned individually here and there in other parts of Scripture This three volumes study of New Testament gifts deals with the three lists separately to honor the uniqueness of each list You are invited to come along with the author in discovering what God has given to His people including you *The Preacher's Manual, Or, Lectures on Preaching* S. Dictionary of Literary Devices Bernard Marie Dupriez,1991-01-01 Comprising some 4000 terms defined and illustrated Gradus calls upon the resources of linguistics poetics semiotics socio criticism rhetoric pragmatics combining them in ways which enable readers quickly to comprehend the codes and conventions which together make up literarity Worshipping a Crucified Man Jeremy Hudson,2021-01-01 By the mid second century Christian writers were engaging in debates with educated audiences from non Jewish Graeco Roman cultural backgrounds A remarkable feature of some of these texts is how extensively they refer to the Jewish scriptures even though those scriptures were unfamiliar to non Jewish Graeco Romans In Worshipping a Crucified Man Jeremy Hudson explores for the first time why this should have been so As the basis for his argument Hudson examines three works by Christian converts originally educated in Graeco Roman traditions Justin Martyr s First Apology Tatian s Oratio and Theophilus of Antioch s Ad Autolycum He considers their literary strategies their use of quotations and allusions and how they present the Jewish scriptures all against the background of the Graeco Roman literary culture familiar to both authors and audiences The scriptures are presented as a critically defining feature of Christianity instrumental in shaping the way the new religion presented itself as it strove to engage with and challenge the cultural traditions of the Graeco Roman world This book will engage scholars interested in the very earliest centuries of Christianity and in the central role the Jewish scriptures played in the new religion s self presentation **Moving in the Prophetic** Gregory Haslam,2012-11-20 The gift of prophecy has always invited some degree of opposition and controversy It is one of the most vivid displays of God s presence and power among his people Many people struggle with the very concept of the validity of prophecy today They are troubled by the possibility that God may have direct access to our minds Greg Haslam argues that such concerns are misplaced Following St Paul s injunction that we should be eager to prophesy he considers how God speaks and how we should hear him how we can test and deliver a prophetic word and how we can grow in confidence as we learn to discern what the Spirit is saying to the church The Calling from God Dr. Lowell Hardy,2018-05-11 The Calling from God shares an in depth analysis of various callings to individuals to preach from a biblical standpoint It comes in unique ways for each individual So the exact nature of the calling from God is difficult at best to describe for it does not lend itself to any private interpretation especially to someone not privy to the calling Within the text the reader will learn about the struggles of various people with God and within themselves All experiences are coercing demanding and cajoling for sure However the one called has to determine within oneself what Gods will is for him herself The Calling from God will serve as a guide to those seeking answers about their possible destiny The book takes the approach that many are called but only a few answer because of uncertainty The book will help one decide what to do based on their life changing experiences with the power of the Lord Jesus Christ The ones called must make sure of their calling for there is much to do since the harvest is great This book shows in detail some of the preparation needed as one grows in service to the calling from God All Christians are called by God the Father to be witnesses of his resurrection power by grace through faith

in the Lord Jesus Christ For sure a call in any form lays a heavenly claim upon the one called This book helps one understand the calling from God and will help one reach a sound decision based on their life and experiences in comparison to selected biblical callings The Calling from God will serve a reference manual and a valuable source of information for anyone thinking about answering or has answered the call from God The decision to serve is very personal as you will learn from the book The Calling from God and many biblical examples If you are struggling with the decision to serve or not to serve this book is for you You will know after reading The Calling from God if you are one of the few chosen to serve and trust Gods wisdom in leading you to point others to the uplifted Christ Will you answer the call from God The alternative is to wrestle with the Spirit as conviction works slowly and agonizingly in the soul This book is a must read **Power from on High** Max Turner,2015-04-10 Power from on High offers the first critical survey of scholarship on the subject of Luke s view of the Spirit assessing the rival theories by means of three criteria continuity with Luke s background relationship to other aspects of Luke s theology and Luke s place in the development of more general New Testament thinking about the Spirit Turner provides fresh insight on specific Lukan concepts and favored terms including such phrases as full of the Holy Spirit and baptize with the Holy Spirit that have been of significance not merely for the discipline of New Testament studies but also for confessional theologies of major streams of Christianity today and seeks to advance a more coherent understanding of the general shape of Luke s pneumatology than has hitherto been offered *A Critical Realist's Theological Method* Douglas W. Kennard,2013-02-21 A Critical Realist s Theological Method explores a systematic theology method grounded in critical realism in the wake of Alister McGrath Imre Lakatos Nancey Murphy N T Wright and Dale Allison Kennard surveys philosophical and traditional theological approaches for contributions and limitations in order to set out a method for theology and science Kennard extends this method to a Thiselton Ricoeur hermeneutic that can fund insightful exegesis and Biblical theology in the wake of Ladd Dunn Vos and Goldingay This Biblical theology method is illustrated by wisdom literature the traditional reef of the discipline and then developed for the contributions toward systematic theology as Gabler had originally envisioned With contextualized Scripture sourcing most of the content for systematic theology the trajectory is shown in the subtitle Returning the Bible and Biblical Theology to be the Framer for Theology and Science The method is exemplified in exegesis of creation texts which frame possibilities for science Likewise Biblical theology frames a bio ethics integration of psychology and theology setting out a transactional model for psychological recovery with University of Chicago professor Paul Holmes A theology for peer review and work is also framed
