Talking Acadian John Chetro-Szivos, 2006-08. One of the most fascinating of the many subcultures of North America is that of the French-speaking Acadians. **TALKING ACADIAN: Communication, Work and Culture** by John Chetro-Szivos looks into the lives of the French-speaking American Acadians, particularly those who left eastern Canada to settle in Massachusetts in the 1960s. This book captures their feelings about family life and their values, mores, and morals. It traces the ways they use communication to develop and maintain their culture. What the reader learns is that to talk about Acadians, you must talk about work. This group gives us new insights into the world of work, a central feature of living for the Acadians and crucial to their self-definition. There are few sources about this culture and their experiences in the United States. This book makes contributions to communication studies, more specifically the Coordinated Management Meaning, by analyzing the situated interactions of this community, demonstrating the capacity of communication to transmit the rules and grammar of a culture, and highlighting Cronen's consequentiality of communication.
