Hitler's Asian Adventure Horst H. Geerken, 2025-05-07 From 1963 to 1981 Horst H Geerken lived in the new born Republic of Indonesia at a time of upheaval after the end of almost 350 years of colonial rule and exploitation by the Netherlands In both his professional and private activities he constantly came across German Japanese and Indonesian eyewitnesses who had lived through the Japanese occupation and the presence of the German navy in Indonesia The relations between the German Reich and what was then the Dutch East Indies were obviously closer and more varied than had been previously assumed Hardly anyone was aware that Hitler was extremely interested in this distant archipelago and that thousands of German officers and seamen were in action in East and South East Asia Who knows that German U boats and auxiliary cruisers penetrated deep into the Pacific and that the German Navy used the Kerguelen Islands in the South Polar Sea as a secret base Or that Hitler gave massive support to the independence movements in Indonesia and India Many of the German naval personnel chose to make Indonesia their home after the war and joined the Indonesian freedom fighters The Second World War heralded the end of the colonial era in Asia especially in

South East Asia The role played in this process by the Third Reich should not be underestimated The collaboration between the Axis powers especially that between German and Japan with all its problems is also investigated There was a lively exchange of new weapons technology There was even the re creation of a German Radar system in Japan under the management of a German engineer Documents from the Third Reich s Foreign Ministry published here for the first time show how brutally and inhumanely the German men women and children in the Dutch internment camps in the East Indies were treated by their captors These documents are supported by evidence from contemporary witnesses The author has encapsulated his many years of research in the two volumes of Hitler s Asian Adventure It is a fascinating documentation of the German Navy s involvement in a theatre of war that has until now been neglected by historians [Learn Indonesian - Level 5: Advanced](#) Innovative Language Learning, IndonesianPod101.com, Interactive Effective And FUN Start speaking Indonesian in minutes and learn key vocabulary phrases and grammar in just minutes more with Learn Indonesian Level 5 Advanced a completely new way to learn Indonesian with ease Learn Indonesian Level 5 Advanced will arm you with Indonesian and cultural insight to utterly shock and amaze your Indonesian friends and family teachers and colleagues What you get in Learn Indonesian Level 5 Advanced 25 Audio Lesson Tracks in Indonesian 25 Indonesian Lesson Notes monologue transcripts with translation vocabulary and sample sentences This book is the most powerful way to learn Indonesian Guaranteed You get the two most powerful components of our language learning system the audio lessons and lesson notes Why are the audio lessons so effective powerful and to the point repeat after the professional teacher to practice proper pronunciation cultural insight and insider only tips from our teachers in each lesson fun and relaxed approach to learning effortlessly learn from bi lingual and bi cultural hosts as they guide you through the pitfalls and pleasures of Indonesia and Indonesian Why are the lesson notes so effective improve listening comprehension and reading comprehension by reading the dialog transcript while listening to the conversation grasp the exact meaning of phrases and expressions with natural translations expand your word and phrase usage with the expansion section Discover or rediscover how fun learning a language can be with the future of language learning and start speaking Indonesian instantly [Indonesia Tuttle Travel Pack](#) Linda Hoffman, 1995-06-15 The only guide you ll need for getting around Indonesia Everything you need is in this one convenient Indonesia travel guide including a large pull out map Are you looking for the adventure of a lifetime a trip down the road less traveled If so then Indonesia is the place to go Indonesia has so much to offer visitors that choosing what to do and where to go can be difficult The Indonesia Tuttle Travel Pack takes you to the top 15 places to visit and details the amazing array of things you can do in each location including the old and modern worlds of Jakarta the ancient temple of Borobudur the beaches famous for surfing and sea sport and so much more Well thought out easy to use easy to carry and packed with historical information handy lists 31 detailed maps a large pull out map photographs and useful notes for planning your journey this guidebook ensures you ll spend your time actually enjoying your visit Indonesia Tuttle Travel Pack

Racial Science and Human Diversity in Colonial Indonesia Fenneke Sysling, 2016-07-15 Indonesia is home to diverse peoples who differ from one another in terms of physical appearance as well as social and cultural practices The way such matters are understood is partly rooted in ideas developed by racial scientists working in the Netherlands Indies beginning in the late nineteenth century who tried to develop systematic ways to define and identify distinctive races Their work helped spread the idea that race had a scientific basis in anthropometry and craniology and was central to people's identity but their encounters in the archipelago also challenged their ideas about race In this new monograph Fenneke Sysling draws on published works and private papers to describe the way Dutch racial scientists tried to make sense of the human diversity in the Indonesian archipelago The making of racial knowledge it contends cannot be explained solely in terms of internal European intellectual developments It was on the ground that ideas about race were made and unmade with a set of knowledge strategies that did not always combine well Sysling describes how skulls were assembled through the colonial infrastructure how measuring sessions were resisted what role photography and plaster casting played in racial science and shows how these aspects of science in practice were entangled with the Dutch colonial Empire
