of historically important topics that are no less relevant now than they were six decades ago the book examines how countries as diverse as France the United States Turkey Britain and Ireland viewed the partition of Palestine in 1947 and the subsequent establishment of Israel in 1948 It also looks at the involvement of the UN Zionist and Arab leaders in the events immediately preceding Israel's birth While controversial issues such as the role of the Holocaust in the creation of Israel and the attitude of the Zionist movement to Palestinian Arabs from its onset to the 1948 war are examined in order to set the record straight after decades of mistaken and misleading research This book was previously published as a special issue of Israel Affairs

**Scare Tactics**

Michael P. Colaresi,2005-12-29 Why do international situations spiral out of control and into war Why do conflicts finally wind down after years if not decades of tension Various faults in conventional thinking ranging from relying on indeterminate predictions to ignoring the interaction between domestic and international events have impeded adequate explanations for the continuation escalation and dampening of rivalry conflict In *Scare Tactics The Politics of International Rivalry* Michael P Colaresi explains how domestic institutions and interactions among nations converge to create incentives for either war or peace Specifically domestic pressure to continue a rivalry and resist capitulating to the enemy can be exacerbated in situations where elites benefit from fear mongering a process Colaresi refers to as rivalry outbidding When rivalry outbidding becomes fused with pressure to change the status quo even a risky escalation may be preferable to cooperation or rivalry maintenance The eventual outcomes of such dynamic two level pressures if unchecked are increased conflict destruction and death Colaresi contends however that if leaders can resist pressures to escalate threats and step up rivalries a deteriorating status quo can instead spur cooperation and peace

**Shared Land/Conflicting Identity** Robert C. Rowland,David A.

Frank,2002-12-31 *Shared Land Conflicting Identity Trajectories of Israeli and Palestinian Symbol Use* argues that rhetoric ideology and myth have played key roles in influencing the development of the 100 year conflict between first the Zionist settlers and the current Israeli people and the Palestinian residents in what is now Israel The Israeli Palestinian conflict is usually treated as an issue of land and water While these elements are the core of the conflict they are heavily influenced by the symbols used by both peoples to describe understand and persuade each other The authors argue that symbolic practices deeply influenced the Oslo Accords and that the breakthrough in the peace process that led to Oslo could not have occurred without a breakthrough in communication styles Rowland and Frank develop four crucial ideas on social development the roles of rhetoric ideology and myth the influence of symbolic factors specific symbolic factors that played a key role in peace negotiations and the identification and value of criteria for evaluating symbolic practices in any society

*From New Zion to Old Zion* Joseph B. Glass,2018-02-05 *From New Zion to Old Zion* analyzes the migration of American Jews to Palestine between the two World Wars and explores the contribution of these settlers to the building of Palestine American Aliyah immigration to Palestine began in the mid nineteenth century fueled by the desire of American Jews to study Torah and by their wish to live and be

buried in the Holy Land His movement of people men and women increased between World War I and II in direct contrast to European Jewry s desire to immigrate to the United States Why would American Jews want to leave America and what characterized their resettlement From New Zion to Old Zion analyzes the migration of American Jews to Palestine between the two world wars and explores the contribution of these settlers to the building of Palestine From New Zion to Old Zion draws upon international archival correspondence newspapers maps photographs interviews and fieldwork to provide students and scholars of immigration and settlement processes the Yishuv Jewish community in Palestine and America Holy Land studies a well researched portrait of Aliyah *Painless Public Speaking* Abne M. Eisenberg, Teri Kwal Gamble, 1991 The theory and practice of public speaking is simplified and made available to all in this introductory text designed for those with little or no experience in public speaking It presents basic communication theory delineates the importance of credibility in persuasive speech and outlines the role of nonverbal communication and paralanguage A whole chapter is devoted to stage fright and suggestions are offered to reduce this anxiety A wide assortment of exercises are provided to test critical skills Originally published by Macmillan in 1982 *Reimagining the Promised Land* Rodney Wallis, 2020-09-17 While Israel has seemingly been a minor presence in Hollywood cinema Reimagining the Promised Land argues that there is a long history of Hollywood deploying images of Israel as a means of articulating an idealized notion of American national identity This argument is developed through readings of The Ten Commandments Cecil B DeMille 1956 Ben Hur A Tale of the Christ William Wyler 1959 Exodus Otto Preminger 1960 Cast a Giant Shadow Melville Shavelson 1966 Black Sunday John Frankenheimer 1977 The Delta Force Menahem Golan 1986 and Munich Steven Spielberg 2005 The mobilization of Israel that pervades this eclectic group of films effectively demonstrates one of the more surreptitious ways in which Hollywood has historically constructed and circulated dominant notions of American national identity Moreover in examining the most notable Hollywood representations of the Jewish state the book offers an informed historical overview of the cultural forces that have contributed to popular understandings within the United States of the state of Israel Israel s Arab neighbours and also the Arab Israeli conflict **Zionism: The Real Enemy of the Jews, Volume 1** Alan Hart, 2010-08-13 The False Messiah is Volume I of a monumental history of the Israel Palestine conflict Zionism The Real Enemy of the Jews by a seasoned reporter with a vast first hand knowledge of the Middle East It is the first book to put the struggle for Palestine into its global context to show how all the pieces of a complicated jigsaw puzzle fit together It s also the first ever account of events to address the motives needs and dilemmas faced by all sides diaspora Jews real fear of Holocaust II the Palestinian right to justice and self determination the legitimate anger of the Arab masses at American support for Zionism right or wrong and the inevitable corruption and repression of the regimes of the existing Arab Order who fearing harsher Israeli assaults have tried to contain them From the beginning the conflict pitted a well financed First World nation of European colonialists who held the upper hand in terms of military hardware air power and capability against an essentially feudal

Third World Arab nation The False Messiah sheds new light on The early Zionist relations with UK German and US governments Zionism s contribution to bringing the US into World War I Zionism s role and that of domestic non Zionist Jews in the diversion of Jewish refugees first from Russia then from Germany to Palestine rather than to the US UK or elsewhere sabotaging inter alia Truman s efforts to provide visas to the US for 100 000 Jewish immigrants Truman s belabored decision making processes leading to his recognition of the State of Israel against the advice of 3 US Secretaries of State and his Secretary of Defense who all asserted the US best interest was alignment with the Arab world The expansion of the Israeli state beyond its UN recognized borders immediately upon its creation and how it was made possible by Israel s military superiority even from its pre creation At no point throughout its history Hart contends has Israel ever faced an existential threat to its existence As a former BBC Panorama and ITN Middle East correspondent Alan Hart knew and interviewed most of the main players in the Israel Palestine conflict Golda Meir Moshe Dayan Shimon Peres Yasser Arafat and other PLO leaders George Habash Nasser King Hussein of Jordan King Feisal of Saudi Arabia and many others He also exhibits a wealth of research into a full spectrum of viewpoints
