The Parade's Gone By Kevin Brownlow, 1968 Well illustrated book on history of silent movies Role-play and the World as Stage in the Comedia Jonathan Thacker, 2002-01-01 The theatrum mundi metaphor was well known in the Golden Age and was often employed notably by Calder n in his religious theatre However little account has been given of the everyday exploitation of the idea of the world as stage in the mainstream drama of the Golden Age This study examines how and why playwrights of the period time and again created characters who dramatize themselves who re invent themselves by performing new roles and inventing new plots within the larger frame of the play The prevalence of metatheatrical techniques among Golden Age dramatists including Lope de Vega Tirso de Molina Calder n de la Barca and Guill n de Castro reveals a fascination with role playing and its implications Thacker argues that in comedy these playwrights saw role playing as a means by which they could comment on and criticize the society in which they lived and he reveals a drama far less

supportive of the social status quo in Golden Age Spain than has been traditionally thought to be the case **The Dramatic Index**, 1923 **King of the Half Hour** David Everitt, 2015-02-01 Regarded by his contemporaries as one of television's premier comedy creators Nat Hiken was the driving creative force behind the classic 1950s and 1960s series *Sgt Bilko* and the hilarious *Car 54 Where Are You* *King of the Half Hour* the first biography of Hiken draws extensively on exclusive first hand interviews with some of the well known TV personalities who worked with him such as Carol Burnett Fred Gwynne Alan King Al Lewis and Herbert Ross The book focuses on Hiken's immense talent and remarkable career from his early days in radio as Fred Allen's head writer to his multiple Emmy winning years as writer producer director on television In addition to re establishing Hiken's place in broadcast history biographer David Everitt places him in the larger story of early New York broadcasting Hiken's career paralleled the rise and fall of television's Golden Age He embodied the era's best qualities craftsmanship a commitment to excellence and a distinctive uproariously funny and quirky sense of humor At the same time his uncompromising independence prevented him from surviving the changes in the industry that brought the Golden Age to an end in the 1960s His experiences bring a fresh and until now unknown perspective to the medium's most extraordinary period The Dramatic Index for ... Frederick Winthrop Faxon, Mary Estella Bates, Anne C. Sutherland, 1923 Issues for 1912 16 1919 accompanied by an appendix The Dramatic books and plays in English title varies slightly This bibliography was incorporated into the main list in 1917 18 Drama of a Nation Walter Cohen, 2019-06-30 During the sixteenth and seventeenth centuries in the midst of an international florescence of drama the English and Spanish theaters displayed striking and unique similarities Although these two national theaters developed in relative isolation from each other in both countries the plays synthesized native popular traditions and neoclassical learned conventions a synthesis found neither in the more elite Italian and French drama of the time nor in any other European drama before or since In *Drama of a Nation* Walter Cohen illuminates the causes of this significant parallel development Working from a Marxist perspective Cohen seeks to establish correlations among individual plays dramatic genres theatrical institutions cultural milieus and political and economic systems He argues that the drama owed its distinctiveness to the public theaters especially of London and Madrid which opened in the 1570s and closed under government order seventy years later Both drama and theater in turn depended on a relative cultural homogeneity perpetuated by a state that primarily served the aristocracy Absolutism he maintains first fostered and then undermined the public theater **Gaspar Melchor de Jovellanos** John Herman Richard Polt, 1971 **Cambridge University Extension** Richard Green Moulton, 1879 *Refiguring the Hero* Dian Fox, 2010-11-01 *Anthropology of the Performing Arts* Anya Peterson Royce, 2004-05-05 Anya Peterson Royce turns the anthropological gaze on the performing arts attempting to find broad commonalities in performance art and artists across space time and culture She asks general questions as to the nature of artistic interpretation the differences between virtuosity and artistry and how artists interplay with audience aesthetics and style To support her case she examines artists as diverse as Fokine

and the Ballets Russes Tewa Indian dancers 17th century commedia dell'arte Japanese kabuki and butoh Zapotec shamans and the mime of Marcel Marceau adding her own observations as a professional dancer in the classical ballet tradition Royce also points to the recent move toward collaboration across artistic genres as evidence of the universality of aesthetics Her analysis leads to a better understanding of artistic interpretation artist audience relationships and the artistic imagination as cross cultural phenomena Over 29 black and white photographs and drawings illustrate the wide range of Royce's cross cultural approach Her well crafted volume will be of great interest to anthropologists arts researchers and students of cultural studies and performing arts

Pedro Calderón de la Barca José María Ruano de la Haza, 1988-05-01 This is a definitive critical edition of the holograph manuscript 1639 of Calderón's comedy This volume traces the textual history of the play and lists variants from all known editions printed in or immediately after Calderón's lifetime it also gives a brief account of editions printed up to the end of the eighteenth century Two sets of notes are provided one listing and discussing all the emendations additions and deletions made by Calderón in the course of the composition of the play and the other offering clarification of words and allusions in the text which might cause difficulty for the modern reader

Visitors from beyond the Grave Dámaris Romero-González, Israel Muñoz-Gallarte, Gabriel Laguna-Mariscal, 2019 The monograph deals with the topic of ghosts in universal literature from a polyhedral perspective making use of different perspectives all of which highlight the resilience of these figures from the very beginning of literature up to the present day Therefore the aim of this volume is to focus on how ghosts have been translated and transformed over the years within literature written in the following languages Classical Greek and Latin Spanish Italian and English

The Secular Scripture and Other Writings on Critical Theory, 1976-1991 Northrop Frye, 2006-12-15 Northrop Frye's *The Secular Scripture* was first published in 1976 and was soon recognized as one of his most influential works reflecting an extensive development of Frye's thoughts about romance as a literary form This new edition in the *Collected Works of Northrop Frye* series brings *The Secular Scripture* together with thirty shorter pieces pertaining to literary theory and criticism from the last fifteen years of Frye's life Frye's study illuminates the enduring attraction and deep human significance of the romance genre in all its forms He provides a unique perspective on popular fiction and culture and shows how romance forms have by their very structural and conventional features an ability to address both specific social concerns and deep and fundamental human concerns that span time and place In distinguishing popular from elite culture Frye insists that they are both ultimately two aspects of the same human compulsion to create in the face of chaos The additional late writings reflect Frye's sense at the time that he was working toward some kind of final statement which eventually saw the light of day only months before his death as *Words with Power* 1990
