Golden Age Of Comic Fandom:

The Golden Age of Comic Fandom Bill Schelly,1995

The Golden Age of Comic Fandom Bill Schelly,1999-01-01

Multidisciplinary Perspectives on Media Fandom Dunn, Robert Andrew,2020-05-08 Leisure time today is driven by fandom Once viewed as a social pariah the fan and associated fandom as a whole has transformed into a popularized social construct researchers are still attempting to understand Popular culture in the modern era is defined and dominated by the fan and the basis of fandom has established its own identity across several platforms of media As some forms of fandom have remained constant including sports and cinema other structures of fandom are emerging as the mass following of video games and cosplay are becoming increasingly prominent Fandom has been established as an important facet in today s society and necessary research is required for understanding how fandom is shaping society as a whole Multidisciplinary Perspectives on Media Fandom is a pivotal reference source that provides vital research that reviews some of the most exigent facets of today s fandom and highlights understudied cultures of fandom as well as emerging intricacies of established fandom While promoting topics such as esports influencer culture and marketing trends this publication explores both qualitative and quantitative approaches as well as the methods of social science and critical perspectives This book is ideally designed for marketers media strategists brand managers consumer behavior analysts researchers academics and students

Only at Comic-Con Erin Hanna,2020 Only at Comic Con examines the relationship between exclusivity and the proliferation of media industry promotion at the San Diego Comic Con from the convention s founding in 1970 to its current status as a destination for hundreds of thousands of pop culture fans and a hub of Hollywood hype and buzz **Otto Binder** Bill Schelly,2016-06-07 Otto Binder The Life and Work of a Comic Book and Science Fiction Visionary chronicles the career of Otto Binder from pulp magazine author to writer of Supergirl Captain Marvel and Superman comics As the originator of the first sentient robot in literature I Robot published in Amazing Stories in 1939 and predating Isaac Asimov s collection of the same name Binder s effect on science fiction was profound Within the world of comic books he created or co created much of the Superman universe including Smallville Krypto Superboy s dog Supergirl and the villain Braniac Binder is also credited with writing many of the first Bizarro storylines for DC Comics as well as for being the main writer for the Captain Marvel comics In later years Binder expanded from comic books into pure science writing publishing dozens of books and articles on the subject of satellites and space travel as well as UFOs and extraterrestrial life Comic book historian Bill Schelly tells the tale of Otto Binder through comic panels personal letters and interviews with Binder s own family and friends Schelly weaves together Binder s professional successes and personal tragedies including the death of Binder s only daughter and his wife s struggle with mental illness A touching and human story Otto Binder The Life and Work of a Comic Book and Science Fiction Visionary is a biography that is both meticulously researched and beautifully told keeping alive Binder s spirit of scientific curiosity and whimsy Inside the World of Comic Books Jeffery Klaehn,2007 From gutter

business to art form an engaging provocative look at all things comic book [Sense of Wonder](#) Bill Schelly, 2018-04-17 A fascinating story of growing up as a gay fan of comic books in the 1960s building a fifty year career as an award winning writer and interacting with acclaimed comic book legends Award winning writer Bill Schelly relates how comics and fandom saved his life in this engrossing story that begins in the burgeoning comic fandom movement of the 1960s and follows the twists and turns of a career that spanned fifty years Schelly recounts his struggle to come out at a time when homosexuality was considered a mental illness how the egalitarian nature of fandom offered a safe haven for those who were different and how his need for creative expression eventually overcame all obstacles He describes living through the AIDS epidemic finding the love of his life and his unorthodox route to becoming a father He also details his personal encounters with major talents of 1960s comics such as Steve Ditko co creator of Spider Man Jim Shooter writer for DC and later editor in chief of Marvel Comics and Julius Schwartz legendary architect of the Silver Age of comics

The Power of Comics and Graphic Novels Randy Duncan, Matthew J. Smith, Paul Levitz, 2023-09-21 After the successful and innovative first two editions now in a new restructured 3rd edition this remains the most authoritative introduction for studying comic books and graphic novels covering their place in contemporary culture the manifestations and techniques of the art form the evolution of the medium and how to analyze and write about them The new edition includes A completely reworked introduction explores the comics community in the US and globally its history and the role of different communities in advancing the medium and its study Chapters reframed to get students thinking about themselves as consumers and makers of comics Reorganized chapters on form help to unpack encapsulation composition and layout Completely new chapters on comics and how they can be used to report document and persuade as well as a new Preface by Karen Green Illustrated throughout with discussion questions and activities for every chapter and an extensive glossary of key terms The Power of Comics and Graphic Novels also includes further updated resources available online including additional essays weblinks and sample syllabi

Of Comics and Men Jean-Paul Gabilliet, 2013-03-25 Originally published in France and long sought in English translation Jean Paul Gabilliet's *Of Comics and Men: A Cultural History of American Comic Books* documents the rise and development of the American comic book industry from the 1930s to the present The book intertwines aesthetic issues and critical biographies with the concerns of production distribution and audience reception making it one of the few interdisciplinary studies of the art form A thorough introduction by translators and comics scholars Bart Beaty and Nick Nguyen brings the book up to date with explorations of the latest innovations particularly the graphic novel The book is organized into three sections a concise history of the evolution of the comic book form in America an overview of the distribution and consumption of American comic books detailing specific controversies such as the creation of the Comics Code in the mid 1950s and the problematic legitimization of the form that has occurred recently within the academy and in popular discourse Viewing comic books from a variety of theoretical lenses Gabilliet shows how seemingly disparate issues creation production and reception are in fact

connected in ways that are not necessarily true of other art forms Analyzing examples from a variety of genres this book provides a thorough landmark overview of American comic books that sheds new light on this versatile art form

Dreaming the Graphic Novel Paul Williams, 2020-01-17 Winner of the Best Book Award in Comics History from the Grand Comics Database Honorable Mention 2019 2020 Research Society for American Periodicals Book Prize The term graphic novel was first coined in 1964 but it wouldn't be broadly used until the 1980s when graphic novels such as *Watchmen* and *Maus* achieved commercial success and critical acclaim What happened in the intervening years after the graphic novel was conceptualized yet before it was widely recognized *Dreaming the Graphic Novel* examines how notions of the graphic novel began to coalesce in the 1970s a time of great change for American comics with declining sales of mainstream periodicals the arrival of specialty comics stores and at least initially a thriving underground comix scene Surveying the eclectic array of long comics narratives that emerged from this fertile period Paul Williams investigates many texts that have fallen out of graphic novel history As he demonstrates the question of what makes a text a graphic novel was the subject of fierce debate among fans creators and publishers inspiring arguments about the literariness of comics that are still taking place among scholars today Unearthing a treasure trove of fanzines adverts and unpublished letters *Dreaming the Graphic Novel* gives readers an exciting inside look at a pivotal moment in the art form's development

Research Anthology on Fandoms, Online Social Communities, and Pop Culture Management Association, Information Resources, 2022-01-28 The internet has grown to become one of the largest communication hubs in history With its ability to share content and create community bonds it has seen many fandoms and online social communities develop within the past decades While there are some detriments to these communities there are also many benefits and potential uses for the betterment of society The *Research Anthology on Fandoms Online Social Communities and Pop Culture* explores the ways in which the internet has presented itself as a platform for communities to gather This essential reference source discusses the engagement of these communities social media use and the uses of these communities for education Covering topics such as digital communities transmedia language learning and digital humanities this book is a vital tool for educators of K 12 and higher education digital folklorists sociologists communications researchers online administrators community leaders and academicians

The Power of Comics Randy Duncan, Matthew J. Smith, 2009-07-01 A comprehensive introduction to the comic arts From the introduction by Paul Levitz If ever there was a medium characterized by its unexamined self expression it's comics For decades after the medium's birth it was free of organized critical analysis its creators generally disinclined to self analysis or formal documentation The average reader didn't know who created the comics how or why and except for a uniquely destructive period during America's witch hunting of the 1950s didn't seem to care As the medium has matured however and the creativity of comics began to touch the mainstream of popular culture in many ways curiosity followed leading to journalism and eventually scholarship and so here we are *The Power of Comics* is the first introductory textbook

for comic art studies courses Lending a broader understanding of the medium and its communication potential it provides students with a coherent and comprehensive explanation of comic books and graphic novels including coverage of their history and their communication techniques research into their meanings and effects and an overview of industry practices and fan culture Co authors randy Duncan and Matthew J Smith draw on their own years of experience teaching comics studies courses and the scholarly literature across several disciplines to create a text with the following features Discussion questions for each chapter Activities to engage readers Recommended reading suggestions Over 150 illustrations Bibliography Glossary The Power of Comics deals exclusively with comic books and graphic novels One reason for this focus is that no one text can hope to do justice to both strips and books there is simply too much to cover Preference is given to comic books because in their longer form the graphic novel they have the greatest potential for depth and complexity of expression As comic strips shrink in size and become more inane in content comic books are becoming a serious art form

Captain America and the Struggle of the Superhero Robert G. Weiner, 2009-06-08 For more than 60 years Captain America was one of Marvel Comics flagship characters representing truth strength liberty and justice The assassination of his alter ego Steve Rogers rocked the comic world leaving numerous questions about his life and death This book discusses topics including the representation of Nazi Germany in Captain America Comics from the 1940s to the 1960s the creation of Captain America in light of the Jewish American experience the relationship between Captain America and UK Marvel s Captain Britain the groundbreaking partnership between Captain America and African American superhero the Falcon and the attempts made to kill the character before his real death

Comic Books and Comic Strips in the United States through 2005 John Lent, 2006-04-30 This final work in John Lent s series of bibliographies on comic art gathers together an astounding array of citations on American comic books and comic strips Included in this volume are citations regarding anthologies and reprints criticism and reviews exhibitions festivals and awards scholarship and theory and the business artistic cultural legal technical and technological aspects of American comics Author John Lent has used all manner of methods to gather the citations searching library and online databases contacting scholars and other professionals attending conferences and festivals and scanning hundreds of periodicals He has gone to great length to categorize the citations in an easy to use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research The ten volumes in this series covering all regions of the world constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation comics and cartooning They are the definitive works on comic art research and are exhaustive in their inclusiveness covering all types of publications academic trade popular fan etc from all over the world Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines press articles and fugitive materials conference papers unpublished documents etc attesting to Lent s belief that all pieces of information are vital in a

new field of study such as comic art *Cartoonists, Works, and Characters in the United States through 2005* John Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy-to-use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series covering all regions of the world constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc. from all over the world. Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines, press articles, and fugitive materials: conference papers, unpublished documents, etc. attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.

Concise Dictionary of Comics Nancy Pedri, 2022-03-08 Written in straightforward jargon-free language, *A Concise Dictionary of Comics* guides students, researchers, readers, and educators of all ages and at all levels of comics expertise. It provides them with a dictionary that doubles as a compendium of comics scholarship. *A Concise Dictionary of Comics* provides clear and informative definitions for each term. It includes twenty-five witty illustrations and pairs most defined terms with references to books, articles, book chapters, and other relevant critical sources. All references are dated and listed in an extensive up-to-date bibliography of comics scholarship. Each term is also categorized according to type in an index of thematic groupings. This organization serves as a pedagogical aid for teachers and students learning about a specific facet of comics studies and as a research tool for scholars who are unfamiliar with a particular term but know what category it falls into. These features make *A Concise Dictionary of Comics* especially useful for critics, students, teachers, and researchers and a vital reference to anyone else who wants to learn more about comics.

Superman Ian Gordon, 2017-02-13 After debuting in 1938, Superman soon became an American icon. But why has he maintained his iconic status for nearly 80 years? And how can he still be an American icon when the country itself has undergone so much change? *Superman: Persistence of an American Icon* examines the many iterations of the character in comic books, comic strips, radio series, movie serials, feature films, television shows, animation, toys, and collectibles over the past eight decades. Demonstrating how Superman's iconic popularity cannot be attributed to any single creator or text, comics expert Ian Gordon embarks on a deeper consideration of cultural mythmaking as a collective and dynamic process. He also outlines the often contentious relationships between the various parties who have contributed to the Superman mythos, including corporate executives, comics writers, artists, nostalgic commentators, and collectors. Armed with an encyclopedic knowledge of Superman's

appearances in comics and other media Gordon also digs into comics archives to reveal the prominent role that fans have played in remembering interpreting and reimagining Superman s iconography Gordon considers how comics film and TV producers have taken advantage of fan engagement and nostalgia when selling Superman products Investigating a character who is equally an icon of American culture fan culture and consumer culture Superman thus offers a provocative analysis of mythmaking in the modern era

Alternative Comics Charles Hatfield,2009-11-12 In the 1980s a sea change occurred in comics Fueled by Art Spiegel man and Fran oise Mouly s avant garde anthology Raw and the launch of the Love Rockets series by Gilbert Jaime and Mario Hernandez the decade saw a deluge of comics that were more autobiographical emotionally realistic and experimental than anything seen before These alternative comics were not the scatological satires of the 1960s underground nor were they brightly colored newspaper strips or superhero comic books In Alternative Comics An Emerging Literature Charles Hatfield establishes the parameters of alternative comics by closely examining long form comics in particular the graphic novel He argues that these are fundamentally a literary form and offers an extensive critical study of them both as a literary genre and as a cultural phenomenon Combining sharp eyed readings and illustrations from particular texts with a larger understanding of the comics as an art form this book discusses the development of specific genres such as autobiography and history Alternative Comics analyzes such seminal works as Spiegelman s Maus Gilbert Hernandez s Palomar The Heartbreak Soup Stories and Justin Green s Binky Brown Meets the Holy Virgin Mary Hatfield explores how issues outside of cartooning the marketplace production demands work schedules can affect the final work Using Hernandez s Palomar as an example he shows how serialization may determine the way a cartoonist structures a narrative In a close look at Maus Binky Brown and Harvey Pekar s American Splendor Hatfield teases out the complications of creating biography and autobiography in a substantially visual medium and shows how creators approach these issues in radically different ways

Fandom Francesca Davis DiPiazza,2018-01-01 Have you ever finished a book or TV series and wished for more Created stories art or videos based on a game Dressed up as your favorite character If so you ve entered fandom Fan writers expand and mix up stories like sending the Star Trek crew to Hogwarts Cosplayers sew Star Wars and Sailor Moon costumes and fan filmmakers make music video tributes Fans also enrich invented worlds with greater diversity creating female and multiracial avatars for games peopled only with white male characters Tour fandom s history and meet fan writers video makers artists costumers and gamers who celebrate the things they love and shape fan communities online and in real life
