Golden Hoard:

Chasing the Golden Hoard: the Story of the Lydian Hoard Kurt M. V. Rich, 2012-12-03 The theft of the numerous archaeological artifacts which comprise the so called Lydian Hoard Karun Hazine or Karun Treasure in Turkish is legendary So too is its discovery the lawsuit which embroiled the Republic of Turkey and the all powerful Metropolitan Museum of Art for almost six years and the surprising problems encountered after the treasure had been repatriated to Turkey With the possible exception of the exploration of the tomb of Tutankhamon no other archaeological discovery can compete with the Lydian Hoard for its mystique and intrigue No other archaeological discovery has influenced and destroyed as many lives as the Lydian Hoard Chasing The Golden Hoard follows the lives of a Turkish family living on the outskirts of the modern town of Usak in southwestern Turkey as they accidentally discover an unlooted Sixth Century B C tomb dating from the reign of Lydian king Croesus Karun in Turkish

progresses to analyze the policies of major central banks and the resulting consequences of gold hoarding such as reduced investment and increased unemployment By examining the interconnectedness of the international monetary system World Gold Hoarding provides a comprehensive understanding of the economic landscape of the 1930s and offers valuable insights for contemporary monetary policy and financial stability [A Half-century of Greatness](#) Frederic Ewen, 2007-09 A Half Century of Greatness paints a vivid and dramatic picture of the creative thought of mid to late nineteenth century Europe and the influence of the unsuccessful Revolutions of 1848 It reveals often unexpected links between novelists poets and philosophers from England Germany Austria Hungary Russia and Ukraine especially Dickens Carlyle Mill the Bront s and George Eliot Hegel Strauss Feuerbach Marx Engels Wagner and several German poets the Hungarian poet Sndor Petfi Gogol Dostoevsky Bakunin and Herzen in Russia and the great Ukrainian poet Shevchenko The book was reconstructed and edited by Dr Jeffrey Wollock from Ewen s final manuscript It includes the author s own reference citations throughout a reconstructed bibliography and an updated further reading list This is Ewen s last work the long lost companion to his Heroic Imagination Together these books present a panorama of the social political and artistic aspects of European Romanticism especially foreshadowing and complementing recent work on the relation of Marxism to romanticism Anyone interested in what Lukacs called Romantic anticapitalism who appreciates such books as Marshall Berman s Adventures in Marxism 1999 Lwy Sayre s Romanticism against the Tide of Modernity 2001 or E P Thompson s The Romantics 1997 will find the Ewen volumes a welcome addition *Plays of Near & Far* Edward John Moreton Drax Plunkett Baron Dunsany, Lord Dunsany, 1922

Hedeager, 2011-04-29 *Iron Age Myth and Materiality an Archaeology of Scandinavia AD 400 1000* considers the relationship between myth and materiality in Scandinavia from the beginning of the post Roman era and the European Migrations up until the coming of Christianity It pursues an interdisciplinary interpretation of text and material culture and examines how the documentation of an oral past relates to its material embodiment While the material evidence is from the Iron Age most Old Norse texts were written down in the thirteenth century or even later With a time lag of 300 to 900 years from the archaeological evidence the textual material has until recently been ruled out as a usable source for any study of the pagan past However Hedeager argues that this is true regarding any study of a society's short term history but it should not be the crucial requirement for defining the sources relevant for studying long term structures of the *longue durée* or their potential contributions to a theoretical understanding of cultural changes and transformation In *Iron Age Scandinavia* we are dealing with persistent and slow changing structures of worldviews and ideologies over a wavelength of nearly a millennium Furthermore iconography can often date the arrival of new mythical themes anchoring written narratives in a much older archaeological context Old Norse myths are explored with particular attention to one of the central mythical narratives of the Old Norse canon the mythic cycle of Odin king of the Norse pantheon In addition contemporaneous historical sources from late Antiquity and the early European Middle Age the narratives of Jordanes Gregory of Tours and Paul the Deacon in particular will be explored No other study provides such a broad ranging and authoritative study of the relationship of myth to the archaeology of Scandinavia
