*Golden Temple and the Punjab Historiography* Dr. Nazer Singh, 2021-09-15 This book deals with the British discovery of Sikhs their literature and history Further it reminds us of the Sikh political success after the occupation of Lahore by Ranjit Singh in 1799 True that the British enquiry was diplomatic and military during the 18th century However the Anglo Sikh relations after the fall of Delhi and Hansi into the hands of the Company in 1803 and more so the Anglo Sikh Treaties of January 1806 and April 1809 widened the scope of the enquiry With Malcolm s work published in 1810 the Punjabi and Sikh writings especially the Bani of the Gurus or its elaborations by the Bhai s such as Gurdass and Mani Singh entered the field under investigation Sikh History and Religion emerged as a common genre by the middle of the 19th century J D Cunningham gave a firm basis to this genre though H H Wilson had acted differently in 1848 because he was a Sanskritist The use of Bani Sakhi and Rahit by the British the Christian Missions the early Sikh reformers like the Nirankaris and the Namdharis necessitated the further use of Sikh Scriptures Hukamnama and Ardasan carrying letters of Baba Ram Singh 1872 1885 In fact by 1857 the idea of having the Sikh holy granths translated into English was conceived by the British The first attempt in this regard took twenty years i e 1857 1877 The attempt was official and made through Trumpp These twenty years also saw the printing of the Adi Granth in the Damdama Bir twice i e in 1864 and 1868 in Lahore A Janam Sakhi Bhai Bala version was also printed The book reveals how and why the political patronage and use of the Golden Temple Amritsar continued under the British despite the Sikh awakening and protest against it by the Namdhari Movement and the Singh Sabha Lehar between 1863 and 1919 In addition to Golden Temple Sikh Literature and History had drawn colonial attention through Griffin and M A Macauliffe 1868 1909 for political purposes In fact the Gadhar and the Babbar Akalis between 1914 and 1923 gave a close relationship to the Militant Khalsa tradition and the anti British Nationalism in Punjab How Sikh militancy and communalism proved harmful to the cause of the Freedom Movement in and for Punjab is an important but different theme This book is silent about the Great Divide of 1947 or the poetry of Iqbal during the 1920 s and 1930 s Riots and the bitter communal strife was the sin to be told by the short stories of Manto The sin needs further exploring by the political thinkers and writers of South Asia *Vegetarian Times* ,1985-10 To do what no other magazine does Deliver simple

delicious food plus expert health and lifestyle information that's exclusively vegetarian but wrapped in a fresh stylish mainstream package that's inviting to all. **History of Science and Technology in the Ming Dynasty** Li Shi, The book is the volume of History of Science and Technology in the Ming Dynasty among a series of books of Deep into China Histories. The earliest known written records of the history of China date from as early as 1250 BC from the Shang dynasty c. 1600-1046 BC and the Bamboo Annals 296 BC describe a Xia dynasty c. 2070-1600 BC before the Shang but no writing is known from the period. The Shang ruled in the Yellow River valley which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations and is regarded as one of the cradles of civilization. The Zhou dynasty 1046-256 BC supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature, and philosophy first developed during those troubled times. In 221 BC, Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or emperor of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death and was supplanted by the longer-lived Han dynasty 206 BC-220 AD. Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men well-versed in calligraphy, history, literature, and philosophy were carefully selected through difficult government examinations. China's last dynasty was the Qing 1644-1912, which was replaced by the Republic of China in 1912 and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood, the most recent being the Chinese Civil War 1927-1949. China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China; in some eras, control stretched as far as Xinjiang and Tibet as at present. Traditional culture and influences from other parts of Asia and the Western world, carried by waves of immigration, cultural assimilation, expansion, and foreign contact, form the basis of the modern culture of China.
