It's no secret that more than two-thirds of the shots a golfer makes are short ones: putts, chips, and pitches. Long drives may garner applause, but whether a golfer wants to win the Masters or just five pounds from his mates on Saturday morning, it's the little shots that make the difference. In *The Unstoppable Golfer*, Dr. Rotella, who has worked with stars like Rory McIlroy, Darren Clarke, and Graeme McDowell, will teach readers how to use their minds to master the short game by achieving a calm state of mind in which the focus is only one thing: the hole. In addition to preparing players mentally, Rotella will also explain the science of memory and how knowledge of the brain's

workings in particular how it masters physical tasks can improve a golf game particularly the short game The path to greatness isn't an easy one and a player needs inspiration which will come from great stories about the golfers and other sports professionals that Rotella has worked with Mastering chips pitches bunker shots and putts provides one of the ultimate pleasures of the game and this is a pleasure readers will come to know by training their minds to become unstoppable golfers
