Holographic Golf Larry Miller, 2000-09-30 A PGA player and golf teacher shows how to improve your game dramatically with visualization and the holographic interaction of mind and body Inspired by Michael Murphy s classic *Golf in the Kingdom* and the remarkable new reality theory explained by Michael Talbot in *The Holographic Universe* *Holographic Golf* shows readers how to use both mind and body to improve their games dramatically As any experienced and frustrated golfer will tell you real improvement is a rarity eighty percent of all amateurs can t break 100 This sorry statistic reflects a faulty system of instruction and Larry Miller knows why From day one students are traditionally taught to piece together their swing from countless fragments In contrast Miller believes there are only three static positions vital to the swing the address at the top and the finish What goes on in between is unimportant he says because if you land at each point correctly you will have done everything right along the way He also considers what others don t the Holographic Principle of Interconnectedness by which one can conceptually fuse the golf swing with the ball the terrain and the atmospheric conditions for maximum performance In *Holographic Golf* Miller also offers positive reinforcement and visualization techniques for improving balance and accuracy He presents unique and creative exercises like practicing with mirrors using your own shadow and the sounds of the course to help flow your swing and ball flinging where the golfer imagines the ball is a magnet By blending the physical with the mental Miller has created a uniquely holistic approach that is certain to appeal to

all players who seek an effective alternative method for a better and more pleasurable golf game Praise for Holographic Golf Finally a unique and effective new method of golf instruction Lee Eisenberg Time Magazine **The Golfing Brain** James H. Grubbs,2024-05-31 Getting a Grip on the Yips is the third book in The Golfing Brain series by James H Grubbs There is no dearth of books articles online posts and podcasts about the affliction known as the yips You d think that by now we d know their cause But no Theories abound but a definitive explanation has up to now been lacking The author a psychiatrist and lifelong competitive golfer has been personally acquainted with the yips several times He s known many other golfers plagued by the yips including one of the most famous yippers professional golf instructor Hank Haney Over the years Dr Grubbs has read extensively on the subject talked to countless fellow golfers and several golf gurus about the yips and has even helped golfers overcome them Yet after all that a clear understanding of the cause of the yips eluded him and the entire golfing world Determined to discover the cause of the yips Dr Grubbs reviewed existing theories about the malady and the evidence supporting them He examined myths and misconceptions about the yips He also delved into current neurological research about how the brain plans and executes movement This book is the result of his quest In it he defines the yips and describes a definitive cause of them not only as they appear in golf but also in any activity that depends on repetitive movement such as baseball darts cricket and playing musical instruments He explains why some remedies for the yips have been at least partially effective and suggests new and more effective ways of curing the yips He even confirms his theory by causing the yips in a few brave subjects Golf Course Design Robert Muir Graves,Geoffrey S.
