Crafts, **Robert Trent Jones Golf Trail** Mark Fagan,2016-03-01 The Robert Trent Jones Golf Trail tells how a bold imaginative investment by a public employee pension fund turned into a world class tourist attraction that helped change the image and boost the economy of an entire state The pension fund was the Retirement Systems of Alabama and its alternative investment was in a string of golf courses and affiliated high end hotels and spas In business speak this was an economically targeted investment designed to diversify returns create jobs and increase tax revenue Twenty five years later the Robert Trent Jones Golf Trail is known worldwide for the quality and beauty of its courses and the hospitality and elegance of its resorts It has significantly increased Alabama s infrastructure for tourism and conventions provided millions upon millions in new tax revenues spurred construction of thousands of units of adjacent housing and helped persuade other businesses to locate in the state Making the Golf Trail a reality involved not only the initial vision of CEO David G Bronner and his associates at RSA but also the design genius and

reputation of Robert Trent Jones Sr and the hard work of many dedicated engineers and builders It also required the cooperation of scores of local and state elected officials and economic developers This book is the illustrated historical account of the financial legal political and economic impact details of RSA s investment in the RTJ Golf Trail Such a detailed history could not have been written without the years of economic analysis conducted by author Mark Fagan dating back to the earliest stages of the concept Fagan s ongoing involvement with Dr Bronner and those working to develop the Trail made possible the mammoth one of a kind history that is presented in this book Outing ,1900 Golf in America George B. Washington, D.C. Heliport Study ,1984 Golf and Philosophy Andy Wible,2010-09-24 Reflections on the game and getting through life s hazards and roughs In a game where players are expected to call their own penalties and scoring the least points leads to victory decorum takes precedence over showmanship and philosophical questions become par for the course Few other sports are as suited for ethical and metaphysical examination as golf It is a game defined by dichotomies relaxing yet frustrating social yet solitary and between these extremes there is room for much philosophical inquiry In Golf and Philosophy Lessons from the Links a clubhouse full of skilled contributors tee off on a range of philosophical topics within the framework of the fairway The book s chapters are arranged in the style of an eighteen hole golf course with the front nine exploring ethical matters of rationality and social civility in a world of moral hazards and roughs The back nine pries even deeper slicing into matters of the metaphysical including chapters on mysticism idealism identity and meaning

Taken together the collection examines the intellectual nature of this beloved pastime considering the many nuances of a sport that requires high levels of concentration patience and consistency as well as upstanding character Golf and Philosophy celebrates the joys and complexities of the game demonstrating that golf has much to teach both its spectators and participants about modern life Any volume built on the premise that if Aristotle and Plato were still here they d likely be ardent golfers is apt to tickle a few brain cells Golf Magazine

The Great Destroyer David Limbaugh, 2012-06-04 When it comes to our prosperity our freedom tradition and our constitutional government President Barack Obama has been the great destroyer knocking down the free market economy and principles of limited government that have made America the envy of the world As New York Times bestselling author David Limbaugh documents in chilling detail in his new book The Great Destroyer the Obama administration has waged a relentless nearly four year long war to transform our nation into a country where federal bureaucrats have more power over our lives than we do where leftist crony capitalism dependent on government subsidies is replacing the real thing where in an Orwellian inversion of meaning a savagely weakened national defense somehow makes us stronger and trillions in deficit spending on counterproductive government stimulus and welfare programs somehow makes us richer
