Game Show Confidential Boze Hadleigh,2023-05-01 Game and quiz shows first started appearing on radio broadcasts in the 1930s led by the CBS network s Professor Quiz hosted by a man who was neither a professor nor even a college graduate the first of several frauds that seemed to be endemic to the genre Professor Quiz was followed by other such game shows as Uncle Jim s Question Bee and Ask It Basket which in turn spawned successful box games for at home play The show Truth or Consequences made the transition from radio to television in the late 1940s and was so popular that a town in New Mexico was named for the show Television proved to be the perfect platform for game shows since they were very popular and cheap to produce Even in reruns today the older shows still draw huge audiences This book describes the evolution of the game show its larger than life producers and hosts as well as the scandals that have rocked it from time to time including bloopers from such adult oriented shows as The Dating Game The Newlywed Game and Hollywood Squares This is an entertaining and lively look at an American phenomenon whose popularity doesn t seem to be going away

Politics and the American Television Comedy Doyle Greene,2015-01-28 This work examines the unique and ever changing relationship between politics and comedy through an analysis of several popular American television programs Focusing on close readings of the work of Ernie Kovacs Soupy Sales and Andy Kaufman as well as Green Acres and The Gong Show the author provides a unique glimpse at the often subversive nature of avant garde television comedy The crisis in American television during the political unrest of the late 1960s is also studied as represented by individual analyses of The Monkees The Smothers Brothers Comedy Hour Rowan and Martin s Laugh In and All in the Family The author also focuses on more contemporary American television drawing a comparative analysis between the referential postmodernism of The Simpsons and the confrontational absurdity of South Park

I Want to Change My Life Barrie Gunter,2014-07-24 Competition talent shows have been among the most popular on television in the 21st century The producers of these shows claim to give ordinary people extraordinary opportunities to change their lives by showcasing a specific skill leading to a new career trajectory Most participants will claim that they entered to get a big break and to develop a career they have always dreamed of To what extent do these shows deliver on such promises Following through what happens to leading contestants in singing entertainment modelling cooking and business entrepreneur competitions this book shows that few go on to achieve lasting success in their chosen career Many return to obscurity or to their previous lives Some enjoy a low level career in the new direction delivered by the competition they entered Just a few become truly successful The pop and entertainment themed contests have discovered just a handful of major pop stars and entertainers out of many hundreds who have taken part after the initial auditions Turning to the cookery or business franchises there are few who go on to achieve lasting success in their chosen career In these it is equally likely that the winners go on to enjoy success with media careers rather than as chefs or entrepreneurs The most successful franchise of all is the fashion model competition Next Top Model which has yielded a high hit rate in terms of career success What the analysis here also reveals is that it isn t only the winners who ultimately benefit the most from their appearances in these shows Moreover television picks its own stars by recruiting contestants because they are telegenic or have a good backstory as much as for their relevant talents In this way a talent hungry medium has co opted these franchises to replenish its own needs
