

'Victory in the desert took three years, many battles, and much sacrifice; of the formations engaged, the desert raiders of the LRDG and SAS formed numerically a minute part. But it is true to say that without their efforts victory would have come later, and at far greater cost. Their role in the history of warfare remains unique'.

Illustrated History Of World War Ii

Donald Sommerville

Illustrated History Of World War II:

The Oxford Illustrated History of World War Two Richard Overy, 2015-04-09 World War Two was the most devastating conflict in recorded human history. It was both global in extent and total in character. It has understandably left a long and dark shadow across the decades. Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few. And this growing distance in time has allowed historians to think differently about how to describe it, how to explain its course and what subjects to focus on when considering the wartime experience. For instance, as World War Two recedes ever further into the past, even a question as apparently basic as when it began and ended becomes less certain. Was it 1939 when the war in Europe began? Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union? Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941? And what of the long conflict in East Asia, beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949? In The Oxford Illustrated History of World War Two, a team of leading historians reassesses the conflict for a new generation, exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states. Under Richard Overy's expert editorial guidance, the contributions take us from the genesis of war through the action in the major theatres of conflict by land, sea and air, to assessments of fighting power and military and technical innovation, the economics of total war, the culture and propaganda of war, and the experience of war and genocide for both combatants and civilians, concluding with an account of the transition from World War to Cold War in the late 1940s. Together they provide a stimulating and thought-provoking new interpretation of one of the most terrible and fascinating episodes in world history. The Illustrated History of World War II, 1973 **The**

Second World War James Holland, 2023-05-25 Discover the story of the Second World War brought to life in full colour by renowned historian James Holland and award-winning artist Keith Burns. A fully immersive experience. A comprehensive yet fast-paced and gripping insight into the Second World War. Not just accessible but riveting. An absolute pleasure to read. GET HISTORY. A ground-breaking collaboration between bestselling historian James Holland and award-winning artist Keith Burns presents the war in full colour, bringing the text vividly to life. HISTORY OF WAR _____ From the great cities of Europe to the jungles of Burma and from the deserts of North Africa to the remote islands of the South Pacific and the freezing waters of the Arctic, the Second World War touched every continent and ocean on the planet. And from the Blitzkrieg to the atom bomb, the fighting fuelled new technological development on land, at sea and in the air at a ferocious pace. Our future was forged by war. Combining compelling personal stories with a clear and accessible appreciation of the strategic and operational battle for supremacy between the Allies and the Axis powers, bestselling historian James Holland weaves an irresistible narrative with over 250 illustrations by acclaimed artist Keith Burns, commissioned specially for this project. Together they bring events in The Second World War: An Illustrated History to life with stunning drama and dynamism. Over
