Im Schatten Der Geschichte:

, *Democracy's Guardians* Justin Collings, 2015-09-17 In its six decade history the German Federal Constitutional Court has become one of the most powerful and influential constitutional tribunals in the world It has played a central role in the establishment of liberalism democracy and the rule of law in post war West Germany and it has been a model for constitutional tribunals in many other nations The Court stands virtually unchallenged as the most trusted institution of the German state Written as a complete history of the German Federal Constitutional Court from its founding in 1951 up into the twenty first century this book explores how the court became so powerful and why so few can resist its strength Founded in 1951 the Court took root in a pre democratic political culture The Court s earliest contributions were to help establish liberal values and fundamental rights protection in the young Federal Republic The early Court also helped democratize West German politics by reinforcing rights of speech and information affirming the legitimacy of parliamentary opposition and checking executive power In time as democratic values took hold in the country at large the Court s early role in nurturing liberalism and democracy led many West Germans to view the Court not as a constraint on democracy but as a bulwark of democracy s preconditions In later decades the Court played a stabilizing role mediating political conflicts and integrating societal forces Citizens disenchanted with partisan politics looked to the Court as a guardian of enduring values and a source of moral legitimacy Through a comprehensive narrative of the Court s remarkable rise and careful analysis of its periodic crises the work carefully dissects the success of the Court presenting not only a traditional work of legal history but a public history both political and societal as well as a doctrinal and jurisprudential account Structured around the Court s major decisions from 1951 to 2001 the book examines popular and political reactions to those decisions drawing heavily on newspaper accounts of major judgments and material from the archives of individual politicians and judges The result is an impressive case study of the global phenomenon of constitutional justice **Das 20. Jahrhundert verfügbar [The Holocaust and the West German Historians](#) Nicolas Berg, 2015-01-13 This landmark book Nicholas Berg addresses the work of German and German Jewish historians in the first three decades of post World War II Germany He examines how they perceived and failed to perceive the Holocaust and how they interpreted and misinterpreted that historical fact using an arsenal of terms and concepts arguments and explanations **Beyond Style and Genre** Christofer Jost, 2023 Popular culture today manifests itself in a dense network of styles and genres while the aesthetic preferences of the audience are highly differentiated Besides popular culture also implies a diversity of aesthetic strategies discourses and value systems that traverse the symbolic demarcations between styles and genres and are effective across different artistic fields and individual media Aesthetic concepts such as camp retro or trash are expressions of a transgressive mode of production that facilitates a multitude of cross connections between aesthetic spaces of experience The volume brings together authors from different

disciplines who approach aesthetic concepts in popular culture on a historical theoretical and methodological level analyze them on the basis of various aesthetic phenomena or discuss aspects relevant to their theoretical contextualization such as the emergence and establishment of artistic practices and aesthetic value systems **Deutsche Geschichte im**

Generationswechsel neue Bilder von diesem Krieg Im Rückblick auf den Zeitraum seit 1945 lässt sich ein Zyklus von Erinnern

Verstummen und erneutem Erinnern ausmachen der bereits dreifach durchlaufen worden ist Insofern ist der Umgang mit

dem Thema in den deutschen Medien gleich nach Kriegsende auch für die Gegenwart aufschlussreich Deutungen und Formen

des Gedenkens die heute praktiziert werden haben selber inzwischen eine Geschichte Mehrfach glaubte man bereits in

beiden Teilen Deutschlands da die Schuldfrage gelöst sei und die Kriegserfahrung bewältigt Jedesmal stellte sich heraus da

die Deutschen noch immer in der Schuld sind nicht nur aus der Perspektive ihrer europäischen Nachbarn Die Beiträge in

diesem Band gehen auf den Anfang eines unabgeschlossenen Prozesses zurück Die Befragung gilt nicht den Menschen

sondern den Medien Gefragt wird wie in der Literatur in der Presse im Fernsehen und Film in den 40er und 50er Jahren mit

dem Krieg umgegangen worden ist welche Bilder davon die Literatur die Presse Fernsehen Film und Hörspiel anzubieten

hatten und welche Tendenzen sich dabei in den beiden deutschen Staaten in Österreich Polen und Frankreich nachweisen

The Betrayal of the Humanities Bernard M. Levinson, Robert P. Ericksen, 2022-09-06 How did the academy react to the rise dominance and ultimate fall of Germany's Third Reich Did German professors of the humanities have to tell themselves lies about their regime's activities or its victims to sleep at night Did they endorse the regime Or did they look the other way whether out of deliberate denial or out of fear for their own personal safety The Betrayal of the Humanities The University during the Third Reich is a collection of groundbreaking essays that shed light on this previously overlooked piece of history The Betrayal of the Humanities accepts the regrettable news that academics and intellectuals in Nazi Germany betrayed the humanities and explores what went wrong what occurred at the universities and what happened to the major disciplines of the humanities under National Socialism The Betrayal of the Humanities details not only how individual scholars particular departments and even entire universities collaborated with the Nazi regime but also examines the legacy of this era on higher education in Germany In particular it looks at the peculiar position of many German scholars in the post war world having to defend their own work or the work of their mentors while simultaneously not appearing to accept Nazism *Sämtliche Werke* Christoph Martin Wieland, 1856 *Zeitschrift des Vereins für Thüringische Geschichte und Altertumskunde*, 1903 **Lise Meitner** Ruth Lewin Sime, 1996-03-10 Lise Meitner 1878 1968 was a pioneer of nuclear physics and co discoverer with Otto Hahn and Fritz Strassmann of nuclear fission Braving the sexism of the scientific world she joined the prestigious Kaiser Wilhelm Institute for Chemistry and became a prominent member of the international physics community Of Jewish origin Meitner fled Nazi Germany for Stockholm in 1938 and later moved to Cambridge England Her career was shattered when she fled Germany and her scientific reputation was damaged when Hahn took full credit and the 1944 Nobel Prize for the work they had done together on nuclear fission Ruth Sime's absorbing book is the definitive biography of Lise Meitner the story of a brilliant woman whose extraordinary life illustrates not only the dramatic scientific progress but also the injustice and destruction that have marked the twentieth century *The Bloomsbury Companion to Anarchism* Ruth Kinna, 2012-06-28 The Bloomsbury Companion to Anarchism is a comprehensive reference work to support research in anarchism The book considers the different approaches to anarchism as an ideology and explains the development of anarchist studies from the early twentieth century to the present day It is unique in that it highlights the relationship between theory and practice pays special attention to methodology presents non English works key terms and concepts and discusses new directions for the field Focusing on the contemporary movement the work outlines significant shifts in the study of anarchist ideas and explores recent debates The Companion will appeal to scholars in this growing field whether they are interested in the general study of anarchism or in more specific areas Featuring the work of key scholars The Bloomsbury Companion to Anarchism will be an essential tool for both the scholar and the activist **Under**

Observation Manfred Rauchensteiner, 2018-11-12 Every time that something happened in Austria after 1918 the country was under observation as German Austria the First Republic the Corporative State the Alpine and Danubian Gaue of the Greater German Reich the Second Republic right up to the present day People looked heard and generally did not keep silent and this has not changed As though Austria were still the same testing ground for the end of the world that Karl Kraus described it as A gripping and varied overview of Austrian history over the last 100 years **History in the Plural** Niklas Olsen, 2012 Reinhart Koselleck 1923 2006 was one of most imposing and influential European intellectual historians in the twentieth century Constantly probing and transgressing the boundaries of mainstream historical writing he created numerous highly innovative approaches absorbing influences from other academic disciplines as represented in the work of philosophers and political thinkers like Hans Georg Gadamer and Carl Schmitt and that of internationally renowned scholars such as Hayden White Michel Foucault and Quentin Skinner An advocate of grand theory Koselleck was an inspiration to many scholars and helped move the discipline into new directions such as conceptual history theories of historical times and memory and across disciplinary and national boundaries He thus achieved a degree of international fame that was unusual for a German historian after 1945 This book not only presents the life and work of a great thinker and European intellectual it also contributes to our understanding of complex theoretical and methodological issues in the cultural sciences and to our knowledge of the history of political historical and cultural thought in Germany from the 1950s to the present
