haunting women within the socialist project The book shows how two generations of women writers have struggled consciously and systematically in their letters aesthetic writings and literary production to create a new language to express their own sense of self within a restrictive socialist and patriarchal system *Rifts in Time and in the Self* offers an unprecedented look at the reconceptualizations of the female subject during several phases of GDR history and women writers persistent attempt to carve out spaces of identity and community 'Wende' und 'Einheit' im Spiegel der deutschsprachigen Literatur Frank Thomas Grub, 2008-08-22 Das zweibändige Handbuch ist die erste umfassende Gesamtdarstellung der literarischen Verarbeitung von Wende und deutscher Einheit Band I informiert zunächst ausführlich über den sich nach 1989 rapide verändernden Literaturbetrieb sprachliche Aspekte der Wende und wesentliche Feuilletondebatten Im Zentrum stehen exemplarische Analysen wichtiger Essays Tagebücher und Autobiografien Protokolle Erzählungen Romane Gedichte und Dramen u.a. von Christa Wolf Volker Braun Brigitte Burmeister Christoph Hein Weitere Kapitel setzen sich mit dem Phänomen der Ostalgie Figuren wie IM Ossi und Wessi häufig wiederkehrenden Metaphern und Motiven sowie intertextuellen Beziehungen auseinander Band II enthält die bisher umfangreichste thematisch ausgerichtete Bibliografie von Primär und Sekundärtexten Durch die systematische Betrachtung von Texten aller Gattungen wird das bisherige Bild der sogenannten Wendliteratur in vielerlei Hinsicht korrigiert und erweitert **GDR Bulletin**, 1998

Women Writers in German-Speaking Countries Elke P. Frederiksen, Elizabeth G. Ametsbichler, 1998-02-28 Women have contributed to the literature of German speaking countries since the Middle Ages and they continue to write important works at the close of the 20th century While research on texts by women writers in German speaking countries has increased substantially most of these authors remain virtually unknown to English speaking scholars and students The first work of its kind in English this reference book contains alphabetically arranged entries for 54 Austrian German and Swiss women writers such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti from the tenth century to the present day Each entry includes a biography a discussion of major themes a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and an extensive bibliography concludes the volume Women have actively shaped literature in German speaking countries from the Middle Ages to the present day These authors continue to enrich the world of letters and an increasing amount of scholarly attention is given to their writings In spite of their contributions however most of these writers are virtually unknown to English speaking scholars and students And though one of the explicit goals of feminist literary and cultural studies has been to provide a voice to a multitude of diverse authors feminist research still seems to focus heavily on texts by authors such as Christa Wolf Ingeborg Bachmann and Bettina von Arnim or on certain periods in 19th and 20th century German literature and culture As a result many other women authors have faded into obscurity Through entries written by expert contributors this reference book provides insights into the life and writings of 54 women authors from German

speaking countries Entries are arranged alphabetically to facilitate use while an appendix lists the writers chronologically Included are profiles of authors from the tenth century to the present day such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti Each entry includes a biography a discussion of major themes and stylistic features a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and provides a theoretical context for the work and an extensive bibliography of secondary sources concludes the volume
