strap yourself in because you are in for one heck of a ride **It Finally Happened** Craig Glatky,2015-07-28 This science fiction book took me over twenty years to do This book never had a beginning and it really had no purpose It was a dream that I had and I just wrote it down It was years later when I went on Facebook and being very outspoken said a few things that were on my mind and I should have kept my big mouth shut And for that I hurt a girl who I believed I kiss in first grade When I went to my class reunion I saw a person and she said she was nobody and she looked straight in my face Maybe she wasnt or maybe she was the one It was in the next class reunion when I asked a classmate if this person was there I only gave the first name because I did not know the last name She gave the name and I was in tears I did my research and I found the one I made an apology to her and she might have said it was worth two cents and a crinkle piece of paper So I made my story science fiction non fiction romance fantasy and humor I included all when I talked about this girl in the beginning I made a promise to her that I will not say or make any words to reflect her name on my Facebook page nor will I do it here I dont want to put a strain on her marriage The second book it might not talk about the girl but the third or the last book I dont know yet if it will be about her I hope I can change the ending Either way with the ending it wont be what you expect but I gave a little clue in the end of this book The second book does not say **Why I Wore Lipstick to My Mastectomy**

Geralyn Lucas,2014-04-01 A bold memoir of one young woman s courageous battle with breast cancer the basis for the Emmy nominated Lifetime movie starring Sarah Chalke People Having recently graduated from Columbia Journalism School and landed her dream job at 20 20 the last thing twenty seven year old Geralyn expects to hear is a breast cancer diagnosis And there is one part of the diagnosis that no one will discuss with her what it means to be a young woman with cancer in a beauty obsessed culture Trying to find herself while losing her vibrancy and her looks Geralyn embarks on a road of self acceptance that will inspire all women Although her story is explicitly about a period of time when she was driven by fear and uncertainty Geralyn managed a transformation that will encourage all women under siege to discover their own courage and beauty The important and outrageous lessons of Why I Wore Lipstick come fast and furious with the same gusto that Geralyn has learned to bring to every aspect of her life
