Figurally Colored Narration Wolf Schmid,2022-04-04 Figurally colored narration FCN is narrator s discourse whether in the first or third person that adopts salient features of character s text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character s text There are two main modes of FCN contagion of the narrator s discourse with a character s text and the more or less ironical reproduction of a character s text in narrative discourse In the latter case the narrator s criticism may refer to either the content of the character s text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the perception of FCN as a phenomenon of interference between narrator s and character s text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian **A Study Guide for Anton Chekhov's "Darling"** Gale, Cengage Learning,2016-07-14 A Study Guide for Anton Chekhov s Darling excerpted from Gale s acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs

Micro Middle Ages Paul Edward Dutton,2023-10-30 Micro Middle Ages brings together five microhistorical case studies focusing on small or seemingly inconsequential evidence that leads to broader conclusions about medieval history and the way we do and understand history in general Paul Dutton provides an overview of microhistorical approaches and theorizes about its use in pre modern history As opposed to studying history from above or history from below Dutton shows the advantages for historians of doing history from the inside out starting from some single overlooked but potentially knowable thing delving deep inside and then reattaching it to its time and place Such an approach has one abiding advantage its insistence on being grounded in the particularity of the evidence The book highlights what the microhistorical is its

conceptual and practical challenges Dutton argues that the attention to the micro has always been with us and is a constitutive cognitive part of who we are as human beings *The Image of the Doctor in Čexov's Works* Leonard A. Polakiewicz, 1978 The Oxford Chekhov: Stories, 1892-1893 Anton Pavlovich Chekhov, 1965 **Effective Academic Writing 2nd Edition: Student Book 3** Alice Savage, Masoud Shafiei, 2020-02-07 Effective Academic Writing teaches the complete academic writing process from sentence level to researched essay *Encyclopedia of Literary Translation Into English: A-L* O. Meister, 1985 University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **Forty Stories** Anton Chekhov, 2011-03-09 If any writer can be said to have invented the modern short story it is Anton Chekhov It is not just that Chekhov democratized this art form more than that he changed the thrust of short fiction from relating to revealing And what marvelous and unbearable things are revealed in these Forty Stories The abashed happiness of a woman in the presence of the husband who abandoned her years before The obsequious terror of the official who accidentally sneezes on a general The poignant astonishment of an aging Don Juan overtaken by love Spanning the entirety of Chekhov's career and including such masterpieces as Surgery The Huntsman Anyuta Sleepyhead The Lady With the Pet Dog and The Bishop this collection manages to be amusing dazzling and supremely moving often within a single page

Anton Chekhov Ronald L. Johnson, 1993 Though long recognized as one of the founding fathers of the short story it is perhaps the combined longevity and scope of Anton Chekhov's influence that is most astounding The list of authors many of them contemporary who routinely cite Chekhov as a major influence in their own writing could almost read as a who's who in 20th century English and American literature Indeed the seemingly casual story of an ordinary life told with articulate delicacy and heightened mood and detail populates not only Chekhov's canon but also that of the modern short story His ability to provide for the reader a truly intimate feel for what is most telling a vista the weather a conversation has become the cornerstone of the form Prevalent in the works of Katherine Mansfield Ernest Hemingway Raymond Carver and Nadine Gordimer among others this distinctive style of writing is a testament to Chekhov's international influence As with all the greats of literature though it is more than just style and structure that lives on the motif of individual freedom so prevalent in Chekhov's writing is especially poignant today In *Anton Chekhov A Study of the Short Fiction* Ronald L Johnson follows the

Russian master as he matures from a newspaper and magazine writer to becoming the father of the modern short story In a chronological study of an astoundingly prolific career Johnson examines a number of Chekhov stories in great detail echoing the thorough attention to detail for which his subject was well known In this comprehensive study Johnson follows the development of what was to become the benchmark form of the short story while also tracing the vitality and importance of the content of those stories Johnson s study shows that Chekhov was more than just the father of a style but was profoundly concerned with human rights and the search for a meaningful life *A Bibliography of Anton Chekhov in English* Lauren G. Leighton, 2005 It is not possible to provide a comprehensive selection of an estimated 350 000 reviews of Chekhov plays 1994 2003 but an attempt has been made to provide a representative sampling of reviews in major newspapers and current periodicals Citations throughout this Bibliography are full and unabbreviated the intent being to provide access to each work in every appropriate category without complicating the search process with confusing cross listings Entries for collections are accompanied by listings of contents in the order given in tables of contents or alphabetically Entries for collections provide a base for subsequent listings of individual major works for addition of subsequent editions reprints and re publications Translations of plays are categorized by their most commonly known English titles and cited within categories by the English title given for a particular translation **The Oxford Chekhov** Anton Pavlovich Chekhov, 1965
