Images Of Chartism:

Images of Chartism Stephen Roberts, Dorothy Thompson, 1998 This is a pictorial record of the Chartist Movement Photography was in its infancy in those years and the only photographic record of a Chartist gathering is of the last of the great meetings in April 1848 Pictures of the Chartists themselves as they appeared in those years are all from wood or metal engravings mostly published by Chartist newspapers An introduction provides a background to the pictures and their captions *The Dignity of Chartism* Dorothy Thompson, 2015-06-09 This is the first collection of essays on Chartism by leading social historian Dorothy Thompson whose work radically transformed the way in which Chartism is understood Reclaiming Chartism as a fully blown working class movement Thompson intertwines her penetrating analyses of class with ground breaking research uncovering the role played by women in the movement Throughout her essays Thompson strikes a delicate balance between down to the ground accounts of local uprisings snappy portraits of high profile Chartist figures as well as rank and file men and women and more theoretical polemical interventions Of particular historical and political significance is the previously unpublished substantial essay co authored by Dorothy and Edward Thompson a superb piece of local historical research by two social historians then on the brink of notable careers *The Poetry of Chartism* Mike Sanders, 2009-03-05 This book explores the contribution made by Chartist poetry to the struggle for fundamental democratic rights **The Chartist Prisoners** Stephen Roberts, 2008 This book recovers the stories of two remarkable Victorian working men Thomas Cooper and Arthur O Neill were both imprisoned for seditious offences in 1843 The friendship they formed in Stafford Gaol lasted for fifty years These two men wanted to be remembered as Chartist prisoners but talented and energetic they also made their marks in other areas Cooper was the author of a famous poem *The Purgatory of Suicides* and of novels he knew well Thomas Carlyle and Charles Kingsley and came into contact with Benjamin Disraeli and Charles Dickens Later in life he became a lecturer in defence of Christianity O Neill worked with Joseph Sturge and Henry Richard for peace and international arbitration attending a number of international peace conferences An important contribution to Chartist studies this book also examines in detail artisan literary activity pacifism and Christian apologetics in Victorian Britain *Chartism, Commemoration and the Cult of the Radical Hero* Matthew Roberts, 2019-08-15 Chartism the British mass movement for democratic and social rights in the 1830s and 1840s was profoundly shaped by the radical tradition from which it emerged Yet little attention has been paid to how Chartists saw themselves in relation to this diverse radical tradition or to the ways in which they invented their own tradition Paine Cobbett and other founding fathers dead and alive were used and in some cases abused by Chartists in their own attempts to invent a radical tradition By drawing on new and exciting work in the fields of visual and material culture cultures of heroism memory and commemoration critical heritage studies and the history of political thought this book explores the complex cultural work that radical heroes were made to perform **Chartism** Malcolm Chase, 2013-07-19 Chartism the mass movement for democratic rights dominated British

domestic politics in the late 1830s and 1840s It mobilised over three million supporters at its height Few modern European social movements certainly in Britain have captured the attention of posterity to quite the extent it has done Encompassing moments of great drama it is one of the very rare points in British history where it is legitimate to speculate how close the country came to revolution It is also pivotal to debates around continuity and change in Victorian Britain gender language and identity Chartism A New History is the only book to offer in depth coverage of the entire chronological spread 1838-58 of this pivotal movement and to consider its rich and varied history in full Based throughout on original research including newly discovered material this is a vivid and compelling narrative of a movement which mobilised three million people at its height The author deftly intertwines analysis and narrative interspersing his chapters with short Chartist Lives relating the intimate and personal to the realm of the social and political This book will become essential reading for anyone with an interest in early Victorian Britain specialists students and general readers alike *Chartist Fiction* Ian Haywood, 2018-04-17

This title was first published in 2001 When the Chartist leader Ernest Jones emerged from prison in 1850 he was determined to capture the public's attention with a controversial and topical novel The result of his endeavours was the remarkable *Woman's Wrongs* a series of five tales exploring women's oppression at every level of society from the working class to the aristocracy Each story presents a graphic often harrowing account of the social economic and emotional victimisation of women and taken together the tales comprise a devastating indictment of Victorian patriarchal attitudes and sexual inequalities But Jones also shows women's refusal to accept this subjugated role and he creates some of Victorian literature's most subversive and unruly heroines He draws on sensationalism reportage melodrama and political analysis in order to expose the wrongs done by and to women **The Rise of Victorian Caricature** Ian Haywood, 2020-03-17 This book serves as a retrieval and reevaluation of a rich haul of comic caricatures from the turbulent years between the Reform Bill crisis of the early 1830s and the rise and fall of Chartism in the 1840s With a telling selection of illustrations this book deploys the techniques of close reading and political contextualization to demonstrate the aesthetic and ideological clout of a neglected tranche of satirical prints and periodicals dismissed as ineffectual by historians or distasteful by contemporaries The prime exhibits are the work of Robert Seymour and C J Grant giving acerbic comic edge to the case for reform against class and state oppression and the excesses of the monarchical regime under the young Queen Victoria *Britain's Industrial Revolution in 100 Objects* John Broom, 2023-02-22 The period of Britain's Industrial Revolution was perhaps the most transformative era in the nation's history Between about 1750 and 1914 life and work home and school church and community changed irreversibly for Britain's rapidly expanding population Lives were transformed some for the better but many endured abysmal domestic and workplace conditions Eventually improvements were made to Britain's social fabric which led to the prospect of richer and more fulfilled lives for working men women and even children Focusing on 100 objects that either directly influenced or arose from these changes John Broom offers a distinctive insight into this

fascinating age With plentiful illustrations and suggestions for visits to hundreds of places of historical interest this book makes an ideal companion for a journey into Britain's industrial past *Chartism After 1848* Keith Flett, 2006 The development of independent working class radical education and politics in England from the year of revolutions 1848 to the passage of the 1870 Education Act is examined in this chronological analysis of the Chartist movement *Women in the Chartist Movement* J. Schwarzkopf, 1991-10-31 Towards the end of the 1830s large numbers of British working men and women rallied round the People's Charter in order to improve their living conditions through universal suffrage Women's wide ranging support of Chartism encompassed everything from extensive lecturing tours to domestic servicing of politically active menfolk In this first full length study of women's involvement in Chartism the author demonstrates that in their struggle which lasted for more than a decade Chartist men and women enforced in their own ranks standards of respectable man and womanhood that were to shape working class gender relations well into this century *Chartist Experience* James Epstein, Dorothy Thompson, 1982-11-04 *Chartism and the Chartists in Manchester and Salford* P. Pickering, 1995-09-27 In 1845 Frederick Engels wrote that Manchester is the seat of the most powerful unions the central point of Chartism the place which numbers the most Socialists There have been many local studies of the Chartist struggle for democratic political reform but there is no major study of the movement in the Manchester Salford conurbation its most important provincial centre This book brings an innovative approach to an exploration of aspects of the Chartist experience in the shock city of the industrial revolution *Chartism* Edward Royle, Roger Lockyer, 2014-09-19 This text has established itself as the best short account of the Chartist movement available It considers its origins and development placing the movement within its broad social and economic context Dr Royle also provides clear analysis of its strategy and leadership and assesses the conflicting interpretations for the failure of Chartism *Chartism* Thomas Carlyle, 1858 *Celebrities, heroes and champions* Simon James Morgan, 2021-06-29 *Celebrities heroes and champions* explores the role of the popular politician in British and Irish society from the Napoleonic Wars to the Second Reform Act of 1867 Covering movements for parliamentary reform up to and including Chartism Catholic Emancipation transatlantic Anti Slavery and the Anti Corn Law League as well as the receptions of international celebrities such as Lajos Kossuth and Giuseppe Garibaldi it offers a unique perspective on the connections between politics and historical cultures of fame and celebrity This book will interest students and scholars of Britain Ireland continental Europe and North America in the nineteenth century as well as general readers with an interest in the history of popular politics Its exploration of the relationship between politics and celebrity and the methods through which public reputations have been promoted and manipulated for political ends have clear contemporary relevance *Past and Present and Chartism* Thomas Carlyle, 1848 **Dirty Politics - Hard Times - A Trilogy of Chartism** Malc Cowle, 2011-09-26 When Cotton was King labour was cheap Less than three men in a hundred had the vote and the few women who'd enjoyed that right had the franchise taken off them Toil trouble and degradation for the many produced vast riches and leisure for a few

Ordinary and sometimes extraordinary people refused to accept their servile position in society They defied Church and State to fight against corruption for universal suffrage and the basic rights we take for granted in a Parliamentary democracy These are the tales of just a few The author skilfully weaves his work of fiction into the historical tapestry of the Industrial Revolution bringing his characters to life in the world s first industrial city Manchester the town of Long Chimneys
