**William Howard Taft** Jonathan Lurie,2011-11-14 In this biographical study of the only American ever to have been both President and Chief Justice of the United States Jonathan Lurie reassesses William Howard Taft s multiple careers which

culminated in Taft's election to the presidency in 1908 as the chosen successor to Theodore Roosevelt. By 1912, however, the relationship between Taft and Roosevelt had ruptured. Lurie re-examines the Taft-Roosevelt friendship and concludes that it rested on flimsy ground. He also places Taft in a progressive context, taking Taft's own self-description as a believer in progressive conservatism as the starting point. At the end of his biography, Lurie concludes that this label is accurate when applied to Taft. *School Document*, 1931

**The Chicago Board of Trade Battery in the Civil War** Dennis W. Belcher, 2022-03-10. In July 1862, the directors of the Chicago Board of Trade used their significant influence to organize perhaps the most prominent Union artillery unit in the Western Theater. Enlistees were Chicagoans, mainly clerks. During the Civil War, the battery was involved in 11 major battles, 26 minor battles, and 42 skirmishes. They held the center at Stones River, repulsing a furious Confederate attack. A few days later, they joined 50 other Union guns in stopping one of the most dramatic offensives in the Western Theater. With Colonel Robert Minty's cavalry, they resisted an overwhelming assault along Chickamauga Creek. This history chronicles the actions of the Chicago Board of Trade Independent Light Artillery at the battles of Farmington, Dallas, Noonday Creek, Atlanta, in Kilpatrick's Raid, and at Nashville and Selma. [The Papers of Thomas Jefferson: Retirement Series, Volume 15](#) Thomas Jefferson, 2004. The Retirement Series documents Jefferson's written legacy between his return to private life on 4 March 1809 and his death on 4 July 1826. During this period, Jefferson founded the University of Virginia and sold his extraordinary library to the nation, but his greatest legacy from these years is the astonishing depth and breadth of his correspondence with statesmen, inventors, scientists, philosophers, and ordinary citizens on topics spanning virtually every field of human endeavor.
