Letters From The Corsican:

Letters from the Corsican Napoleon I (Emperor of the French),1940 *The Seal's Lair* J.A. Gasperetti,2019-03-14 The Seal s Lair is a fast paced historical fiction tale that is set in motion when a corpse is discovered on a beautiful La Jolla California beach The body is the link that binds together disparate characters who come from multiple locations to include far off Australia Occurring primarily in 1969 it has relevance for today with its themes of terrorism weapons of mass destruction hate crime identity theft flawed law enforcement and fake news Nothing really is actually what it appears to be This is evident when Margaret Starmont a widow of distinction is called from her Manhattan home to identify the body supposedly her son Jordan No Jordan is still alive living a counterculture life in Haight Ashbury in San Francisco After this startling fact Margaret becomes beholden to a cerebral San Diego Police homicide detective Damon Broadbent who is out to solve the case of a lifetime This is more than a misidentified body because it is compounded by a lurking Nazi fugitive in possession of the unthinkable Friedrich Vogel was one of four Nazi scientists on board German U Boat 234 when it surrendered at a US Navy base on May 8 1945 He escapes with a satchel full of American dollars and a diabolical weapon a canister of uranium Fast forward to twenty four years later living with impunity under the alias of David Percival he is a successful avocado grower among the rolling hills of Fallbrook in northwest San Diego County It is time to strike To achieve his goal of extending Nazi hatred he recruits a paramilitary force composed of disenchanted US Marines and Navy servicemen one of whom is a navy seal The latter s on base quarters will be the operational den of iniquity The Seal s Lair Percival is now the object of a manhunt by both the FBI and Broadbent s police force who are at odds to nab him Two other central characters of the story are found in Perth Australia Josh Hannigan and Sela Danby Hannigan is also a fugitive who comes to the Land Down Under with a stolen identity Rex Murtaugh He has a chance encounter with Danby who is the lynchpin that connects her to Jordan Starmont who is secretly working for the FBI and to the evil machinations of David Percival To explode the uranium Percival needs a detonator This device brings Hannigan Danby and Ian Bright Percival s looney love child to southern California for the climatic conclusion on San Diego Bay Filled with twists turns unforeseen events and incredible coincidences The Seal s Lair will keep the reader guessing and glued to its pages with a thrilling flow accented by romantic sparks that fly between four of the book s principals **Countervocalities: Shifting Language**

Hierarchies on Corsica Alexander Mendes,2023-08-15 The Mediterranean island of Corsica a French territory experiences mobility in the form of locals mass exodus to the Continent the arrival of immigrants at rates similar to Paris and a booming tourist industry with millions of visitors each year What then are the multilingual dynamics on the island languages emerging from above French a middle ground Corsican and sideways languages of immigrants and tourists What multilingual subjectivities are articulated Mendes analyzes competing conceptualizations of linguistic multiplicity what he calls countervocalities in which languages are constantly rearranging in variously imagined hierarchies Countervocalities explores

different dimensions of institutional multilingualism namely those related to policies practices and ideologies within and extending from education settings The chapters address reclamation imposition and erasure of different languages on Corsica moving from inside the school to artefacts from the schoolscape to discourses about language teaching The study fruitfully analyzes an array of interactional and artefactual data types This productive alternation offers a cross section of attitudes toward and representations of multilingual dynamics while foregrounding the role of mobility and language in understandings of place and what counts as local

Ideologies in Action Alexandra Jaffe, 2013-07-31 In Corsica spelling contests road signs bilingual education bills and Corsican language newscasts leave language planners and ordinary speakers deeply divided over how to define what counts as Corsican and how it is connected with cultural identity In Ideologies in Action Alexandra Jaffe explores the complex interrelationship between linguistic ideologies and practices on the French island of Corsica This detailed exploration of the ideological and political underpinnings of three decades of language planning raises fundamental questions about what it means to save a minority language and the way in which specific cultural political and ideological contexts shape the successes and failures of linguistic engineering efforts Jaffe s ethnography focuses both on the way dominant language ideologies are inscribed in the everyday experience of ordinary people as well as how they shape the evolving strategies of language planners trying to revitalize the Corsican language While Jaffe s analysis demonstrates the pervasive influence of dominant language ideologies on minority language speakers and language planners she also draws on case studies from everyday discourse educational practice and public and mediatized debates over language issues to develop an ethnographically grounded perspective on levels of resistance In the final part of the book she explores the emergence and the limits of radical genres of resistance found in forms of Corsican language activism and in examples of codeswitching and language mixing in bilingual radio practice This book contributes to a growing literature on language ideology and will be of interest to anthropologists political scientists and linguists interested in the practical and theoretical dimensions of language contact minority language literacy bilingual education and language shift

A Selection from the Letters and Despatches of the First Napoleon. With Explanatory Notes Napoleon I (Emperor of the French),1884 The Corsican's Downfall, the Rise, Name, Reign, and Final Downfall of Napoleon, Alias Nicolais Bonaparte; Shown Most Clearly to Have Been Predicted by the Prophet Daniel 2,400 Years Ago, and by St. John the Evangelist ... In a Series of Letters from One Free Mason to Another ... By a Royal Arch Mason, Etc Napoleon I (Emperor of the French),1814 *Selected Cases on the Law of Sales of Personal Property* Francis Marion Burdick,1897 *The Dispatches And Letters* Horatio Nelson,1845 Boswell and the Press Donald J. Newman,2021-03-12 For two centuries scholars have considered the ephemeral writing of James Boswell his periodical writing his pamphlets and his broadsides unworthy of serious critical attention because it is too topical too superficial or too trivial to advance our study of Boswell or his literary career Boswell and the Press challenges that assessment The essays collected in this volume demonstrate that a study of his ephemeral writing enhances our comprehension of his interests capabilities and proclivities as an author and refines our understanding of how the print environment in which he worked influenced what he wrote and how he wrote it This collection both contextualizes Boswell s ephemeral writing in terms of the publishing industry of his day and considers individual works that have received little critical attention or as in works like The Hypochondriack that have received inadequate attention The essays gathered here demonstrate that a study of Boswell s ephemeral writing can provide a fuller more nuanced understanding of Boswell the author and his literary career This collection will also be of interest to scholars studying eighteenth century British print culture and historians of periodical publishing
