Letters To Alice On First Reading Jane Austen:

Letters to Alice Fay WELDON, 1985 *Letters to Alice* Fay Weldon, 2011-03-31 Alice is an eighteen year old student and aspiring novelist with green spiky hair a child of the modern age who recoils at the idea of reading Jane Austen In a sequence of letters reminiscent of Jane Austen s to her own neice aunt Fay examines the rewards of such study Not only is her correspondence a revealing tribute to a great writer it is also an original and rewarding exploration of the craft of fiction itself

Fay Weldon's Fiction Finuala Dowling, 1998 This study raises several issues of general relevance to contemporary writing and criticism The role of the media in presenting both author and oeuvre the position of the woman writer vis a vis feminism the confrontation of feminism and postmodernism the question of popular versus high art forms and the emergence of the author as public oracle are considered in relation to Weldon s considerable literary output

Fay Weldon, Feminism, and British Culture Mara E. Reisman, 2018-10-15 Fay Weldon *Feminism and British Culture* Challenging Cultural and Literary Conventions offers a critical analysis of British author Fay Weldon s major novels from 1967 to the present and addresses how Weldon s fiction engages with controversial moral social and political issues This book provides an in depth examination of the relationship between Weldon s fiction and the contemporary feminist cultural and literary movements in Britain Representative works from each decade speak to the multiple controversies and challenges to convention in which Weldon and her books played key roles Drawing on Weldon s personal history fiction and nonfiction as well as on historical sociological and literary documents this book builds a cultural framework in which to understand Weldon s work and the critical response to it It shows that although Weldon s battleground may change with the times her ability and desire to provoke controversy remain constant as she continues to question and upset social literary and cultural conventions

Estranging the Familiar George Douglas Atkins,1992 In Estranging the Familiar G Douglas Atkins addresses the often lamented state of scholarly and critical writing as he argues for a criticism that is at once theoretically informed and personal The revitalized critical writing he advocates may entail but is not limited to a return to the essay the form critical writing once took and the form that is now enjoying a resurgence of popularity and excellence Atkins contends that to reach a general audience criticism must move away from the impersonality of modern criticism and contemporary theory without embracing the old fashioned essay The venerable familiar essay may remain the basis Atkins writes but its conventional openness receptivity and capaciousness must extend to theory philosophy and the candor that seems to mark the tail end of the twentieth century In noting the timeliness if not the necessity of a return to the essay Atkins also considers our culture s parallel return to the personal When the essay combines good writing with the concerns of the personal Atkins says it becomes a form of criticism that is readable vital and potentially attractive to a large readership Atkins hopes critics will tap into the revitalized interest the essay now enjoys without ignoring the considerable insights and advances of contemporary theory He argues that despite claims to the contrary there is no inherent incompatibility between the essay and modern theory As Atkins considers various experiments in critical writing from Plato to the present notably feminist interest in the personal and autobiographical he contends that these attempts although undeniably important fall short of the desired goal when they emphasize the merely expressive and neglect the artful quality good writing can bring to personal criticism The final third of the book consists of a series of experiments in critical writing that represent the author s own attempts to bridge the gap between theory and popular criticism between an academic and a general audience In essays that illustrate the rhetorical power of the form Atkins describes the reciprocal relationship between his life experience and a reading of The Odyssey explains the role that theory has played in his personal development and chronicles his attempts to find a voice as a writer
