## **Letters To Daddy:**

Dear Liam and Noah Sean Martin,2020-10-20 It has become common for people to look back and write letters to their younger selves based on their life experiences Well instead of writing a letter to his teenage self this 55 year old dad married at 42 and a first time father at 50 created a book of letters to his four year old twin boys describing his life experiences My life has had a series of ups and downs many of the downs self inflicted but many of the ups resulting from learning and growing from my mistakes Along the journey that featured loneliness and sadness for the majority of my first three decades of life I met the person affectionately known as Mama when I was 40 just months after I decided to finally change my outlook on the world and change the behaviors the had held me back from fulfilling my potential both personally and professionally Our journey to becoming parents took us down a whole new path one of dealing with years of fertility issues and set the bar high on the topics of determination perseverance education and the importance of never ever giving up I set out to create a project that taps into the most common aspects of life in our society and how my experiences related to everyday circumstances in hopes that if Liam and Noah are ever in a similar situation they have either a good lesson to learn from their Daddy s successes or can gain knowledge from one of my failures      **My Letter to My Father** Deidre

Reigel,2017-01-31 Who was your father Was he your best friend a stranger or not in your life at all In this book you will read heartfelt letters from sons and daughters to their Fathers whether deceased or still living The thread that runs through this book is beautiful honesty Vivid glimpses into people s lives appear in this book All with a message How we have been shaped has been largely the doing of Life who we are and how we have responded is our decision I invite you to journey with our many contributing writers from around the world      **Dear Liam & Noah** Sean Martin,2022-11-10 If lucky enough to have children of my own one day my goal was to be the father to them that I never had growing up to be the very best father I could be Directionless and lacking confidence that hope took me longer to realize than most Years spent feeling lonely and full of sorrow delayed me from realizing my dreams until I finally took control of my direction as I entered my forties This happened to be just months before I met the person my soulmate who would make my dream of becoming a father come true Though the journey of expanding our family took us eight long years it all worked out eventually and our twin boys Liam and Noah were born Being a father is the greatest joy I have ever experienced and I will never take it for granted This book is comprised of a series of letters to Liam and Noah in which I share some of my many life experiences some good and some not so good how I have handled things and what I could have done better My hope is that by being open and honest with my sons they can learn from my mistakes and more easily achieve their own goals in life I hope you too can take something away from the advice I share and that you are inspired to pass along some wisdom from your own experiences to your loved ones
