Conservative Modernists Christos Hadjiyiannis,2018-03-29 Despite sustained scholarly interest in the politics of modernism astonishingly little attention has been paid to its relationship to Conservatism Yet modernist writing was imbricated with Tory rhetoric and ideology from when it emerged in the Edwardian era By investigating the many intersections between Anglophone modernism and Tory politics *Conservative Modernists* offers new ways to read major figures such as T S Eliot Ezra Pound T E Hulme and Ford Madox Ford It also highlights the contribution to modernism of lesser known writers including Edward Storer J M Kennedy and A M Ludovici These are the figures to whom it most frequently returns but cutting through disciplinary delineations the book simultaneously reveals the inputs to modernism of a broad range of political writers philosophers art historians and crowd psychologists from Pascal Burke and Disraeli to Nietzsche Le Bon Wallas Worringer Ribot Bergson and Scheler **Joseph Conrad** Zdzisław Najder,2007 Up to date and extensive revision of Najder s much acclaimed scholarly biography of Conrad employing newly accessible sources Joseph Conrad is not only one of the world s great writers of English and world literature but was a writer who lived a particularly full and interesting life For the biographer this is a double edged sword however there are many periods for which documentation is uncommonly difficult Zdzislaw Najder s meticulously documented biography first appeared in English in 1983 garnering high praise as the best most complete biography of Conrad Najder s command of English French Polish and Russian allowed him access to a greater variety of sources than any other biographer and his Polish background and his own experience as an exile have afforded him a unique affinity for Conrad and his milieu All this has come into play once again in the present extensively revised edition much of its extensive new material was unearthed in newly opened former east bloc archives There is new material on Conrad s father s genealogy and his role in Polish politics Conrad s service in the French and British merchant marines his early English reading and correspondence his experiences in the Congo the circumstances of writing his memoirs and much more In addition several aspects of Conrad s life and works are more thoroughly analyzed his problems with the English language his borrowings from French writers his attitude toward socialism his reaction to the reception of his books Zdzislaw Najder teaches at the European Academy Cracow Portraits from Life Jerome Boyd Maunsell,2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies *Portraits from Life* examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end

of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences Portraits from Life investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France **Joseph Conrad, Life and Letters** Joseph Conrad, Georges Jean-Aubry, 1927 *Modernist Informatics* James Purdon, 2016 *Modernist Informatics* traces the effects of an information culture in the early twentieth century where experimental approaches to narrative and to subjectivity began to compete with government archives for the right to represent the citizens of the modern security state It argues that information and literary narrative have a history of entanglement as well as antagonism and that this double relation was central to the cultural shaping of modernity
