Letters Of Rainer Maria Rilke 1892 1910:

Letters of Rainer Maria Rilke, 1892-1910 Rainer Maria Rilke, 1892-02-17 This representative selection from Rilke's large and extraordinary correspondence provides a kind of spiritual autobiography of the poet. The period here covered reflects all the great experiences of Rilke's early adult life: his difficult beginnings, his relationships with Lou Andreas Salome and with his wife Clara, his two journeys to Russia, his contact with the Worpswede artists, the influence of Paris, the revelation of Cezanne. Many of the letters are psychologically revealing, many touch upon characteristic themes or freshly transcribe experience that sooner or later passes into the poetry. THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the reader's notes. The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written, and well said and written too, on the art of fishing, but loch fishing has been rather looked upon as a second rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing lawfully practised in any form, but many pent up in our large towns will bear us out when we say that on the whole a day's loch fishing is the most convenient. One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water, and on a large loch it is very seldom that a dead calm prevails all day, and can make his arrangements for a day weeks beforehand, whereas the stream fisher is dependent for a

good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

The Letters of Maria Rilke, 1892-1910 Rainer Maria Rilke, 1945 *Letters of Rainer Maria Rilke, 1910-1926* Rainer Maria Rilke, 1969-02-17 This volume of Rilke s letters covers the years from the completion of The Notebooks of Malte Laurids Brigge to Rilke s death in December 1926 nearly five years after he had written the Duino Elegies and the Sonnets to Orpheus his last major works There are important letters here to Muzot Lou Andreas Salome to Princess Marie of Thurn and Taxis Hohenlohe and many others The most significant of the Wartime Letters 1914 1921 are also included An Introduction briefly traces the development of Rilke s work during these years the Notes provide the necessary framework of biographical details and point up significant references to the poetry

1892-1910 Rainer Maria Rilke, **In the Image of Orpheus - RILKE: A Soul History** Daniel Joseph Polikoff, The Riddle in the Poem Živilė Gimbutas, 2004 The Riddle in the Poem is a study of the ramifications of riddles and riddle elements in the context of selected twentieth century poetry It includes works by Francis Ponge Wallace Stevens Richard Wilbur Rainer M Rilke and Henrikas Radauskas This book enlarges the scope of riddles as a root of lyric by connecting it with the folkloristic concept of riddling essentially a question and answer series and by tracing the influence of the root in poetic methodology The Riddle in the Poem may be defined as an attempt to advance the notion which has been discussed in previous folkloristic and literary studies which riddle as the root of lyric manifests itself in various ways

Rilke in the Making: A Comprehensive Study of His Life and Work from 1897 to 1926, in Three Volumes John O'Meara, 2023-09-02 In part through critical biography in part through a close reading of almost all of the poems Rilke wrote including many poems from his Diaries this large book challenges new ideas about what went into the making of Rilke over twenty years of production from his early beginnings under the tutelage of Lou Salom right through to

his famous final works the Sonnets to Orpheus and the Duino Elegies Volume 1 focuses largely on The Book of Hours Volume 2 on The Book of Images the two parts of New Poems The Notebooks of Malte Laurids Brigge and the first Elegies written while at Duino Volume 3 on those all crucial self transforming ten years beyond Duino that lead up to the Sonnets to Orpheus and Rilke's eventual completion of the Elegies Two major theses are put forward in this book the first touching on Rilke's well known relationship to his former lover and mentor Lou Salom who is understood to have been a far more problematic influence on him than we had supposed the second touching on an equally crucial and at some point saving influence on Rilke from the literary sphere which is shown to be that of the great visionary poet who went by the name of Novalis Behind the grand story of Rilke's poetic emergence lies the fundamental and long standing reality of his repression by Lou and what that would sow paradoxically by way of a sublimated achievement as sublimely poignant as it is finally tragic JOHN O MEARA received his PhD from the University of East Anglia in 1986 He taught for many years at the University of Toronto and the University of Ottawa He is the author of The Way of Novalis and Remembering Shakespeare Visit the author's website at johnomeara.squarespace.com

A Thousand Thoughts in Flight Maria Gabriela Llansol, 2024-07-16 A remarkable collection of diary entries from cross genre Portuguese author Maria Gabriela Llansol which span dozens of diaries and 33 years She dedicated herself to this work regularly at the same time in the same place and in almost the same position The Book of Communities Over the course of her life Maria Gabriela Llansol wrote many thousands of pages She left behind 70 diaries in all which began in November 1974 and continued until 2007 Three of them were published during her lifetime Diary I begins the day she finishes The Book of Communities and ends the day she finishes The Remaining Life in 1977 Diary II picks up two years later when she is finishing In the House of July and August and beginning the second trilogy It follows her through the second trilogy and captures her first ideas for the Lisbonleipzig duology it is here where Bach and Pessoa begin their encounter in 1982 Diary III is less a diary than a mourning of the death of her friend the Portuguese writer Virgilio Ferreira one of the only contemporary writers with whom she felt any affinity a mapping of their relationship and a conversation between them

Rilke's Sonnets to Orpheus Hannah Vandegrift Eldridge, Luke Fischer, 2019-05-10 Written in three weeks of creative inspiration Rainer Maria Rilke's Sonnets to Orpheus 1923 is well known for its enigmatic power and lyrical intensity The essays in this volume forge a new path in illuminating the philosophical significance of this late masterpiece Contributions illustrate the unique character and importance of the Sonnets their philosophical import as well as their significant connections to the Duino Elegies completed in the same period The volume features eight essays by philosophers literary critics and Rilke scholars which approach a number of the central themes and motifs of the Sonnets as well as the significance of their formal and technical qualities An introductory essay co authored by the editors situates the book in the context of philosophical poetics the reception of Rilke as a philosophical poet and the place of the Sonnets in Rilke's oeuvre Above all this volume's premise is that an interdisciplinary approach to poetry and more specifically to Rilke's

Sonnets can facilitate crucial insights with the potential to expand the horizons of philosophy and criticism Essays elucidate the relevance of the Sonnets to such wide ranging topics as phenomenology and existentialism hermeneutics and philosophy of language philosophy of mythology metaphysics Modernist aesthetics feminism ecocriticism animal ethics and the philosophy of technology

Objects in Air Margareta Ingrid Christian,2021-06-07 Margareta Ingrid Christian unpacks the ways in which around 1900 art scholars critics and choreographers wrote about the artwork as an actual object in real time and space surrounded and fluently connected to the viewer through the very air we breathe Theorists such as Aby Warburg Alois Riegl Rainer Maria Rilke and the choreographer Rudolf Laban drew on the science of their time to examine air as the material space surrounding an artwork establishing its milieu atmosphere or environment Christian explores how the artwork's external space was seen to work as an aesthetic category in its own right beginning with Rainer Maria Rilke's observation that Rodin's sculpture exhales an atmosphere and that Cezanne's colors create a calm silken air that pervades the empty rooms where the paintings are exhibited Writers created an early theory of unbounded form that described what Christian calls an artwork's ecstasis or its ability to stray outside its limits and engender its own space Objects viewed in this perspective complicate the now fashionable discourse of empathy aesthetics the attention to self-projecting subjects and the idea of the modernist self-contained artwork For example Christian invites us to historicize the immersive spatial installations and environments that have arisen since the 1960s and to consider their origins in turn of the twentieth century aesthetics Throughout this beautifully written work Christian offers ways for us to rethink entrenched narratives of aesthetics and modernism and to revisit alternatives

Mediating Modernity Stefanie Harris,2010-11 An interdisciplinary examination of the responses of literary authors in Germany from 1895-1930 to the emerging media of image and sound recording Provided by publisher

Alone Time Stephanie Rosenbloom,2019-06-04 A wise passionate account of the pleasures of traveling solo In our hectic hyperconnected lives many people are uncomfortable with the prospect of solitude Yet a little time to ourselves can be an opportunity to slow down savor and try new things especially when traveling Through on the ground reporting insights from social science and recounting the experiences of artists writers and innovators who cherished solitude Stephanie Rosenbloom considers how traveling alone deepens appreciation for everyday beauty bringing into sharp relief the sights sounds and smells that one isn't necessarily attuned to in the presence of company Walking through four cities Paris Florence Istanbul and New York and four seasons *Alone Time* gives us permission to pause to relish the sensual details of the world rather than hurtling through museums and uploading photos to Instagram In chapters about dining out visiting museums and pursuing knowledge we begin to see how the moments we have to ourselves on the road or at home can be used to enrich our lives Rosenbloom's engaging and elegant prose makes *Alone Time* as warmly intimate an account as the details of a trip shared by a beloved friend and will have its many readers eager to set off on their own solo adventures

History of a Shiver Jed Rasula,2016-02-26 An abrupt break in the prevailing modes of artistic expression for many

marks the advent of modernism in the early twentieth century but revisionary attempts to pin down a precise moment of its emergence remain disputed History of a Shiver proffers a different approach tracing the first inkling of modernism instead to the nineteenth century's fascination with music As Jed Rasula deftly shows melomania the passion for music gave rise to concepts like Richard Wagner's endless melody and the Gesamtkunstwerk or total work of art which in turn infused the arts of the fin de siècle with an aura of expectancy challenging them to induce musical effects by their own means With each art aspiring to produce the effects of another artistic medium a synesthetic yearning ran like a shiver through the body of art that would emerge over the next half century Rasula traces this pan arts polyphony from German Romantic theory to early experiments in visual music encompassing such diverse phenomena as American fixation on Arcadia early film theory and the lure of the fourth dimension All the while he keeps focus on the paramount historical consequence in elevating music to a new universal aesthetic standard arguing that Wagnerism was first among modernisms In surveying this momentous interplay among arts History of a Shiver ranges from literature music and painting to theatre cinema dance photography and civic pageantry It retells the story of modernism by recovering not an idea but a feeling the hair raising potential for each painting literary text or musical composition to herald an unprecedented domain of human enterprise

A Beginner's Guide to Immortality Clifford A Pickover, 2009-04-13 A Beginner's Guide to Immortality is a celebration of unusual lives and creative thinkers who punched through ordinary cultural norms while becoming successful in their own niches In his latest and greatest work world renowned science writer Cliff Pickover studies such colorful characters as Truman Capote John Cage Stephen Wolfram Ray Kurzweil and Wilhelm Röntgen and their curious ideas Through these individuals we can better explore life's astonishing richness and glimpse the diversity of human imagination Part memoir and part surrealistic perspective on culture A Beginner's Guide to Immortality gives readers a glimpse of new ways of thinking and of other worlds as he reaches across cultures and peers beyond our ordinary reality He illuminates some of the most mysterious phenomena affecting our species What is creativity What are the religious implications of mosquito evolution simulated Matrix realities the brain's own marijuana and the mathematics of the apocalypse Could we be a mere software simulation living in a matrix Who is Elisabeth Koblér Ross and Emanuel Swedenborg Did church forefathers eat psychedelic snails How can we safely expand our minds to become more successful and reason beyond the limits of our own intuition How can we become immortal

The Love Lives of the Artists Daniel Bullen, 2011-11-01 As the oldest of institutions marriage seems outdated in modern times when each individual is encouraged to break with tradition in order to fulfill him or herself And so artists like Diego Rivera and Frida Kahlo seem to be paving the way toward a brave new kind of marriage where spouses would be allowed even encouraged to fulfill different aspects of themselves in outside relationships Shared creativity they believed would transcend their jealousies and compensate their sufferings through art they would rise above conventional marital fidelity and prove a higher fidelity to art and to themselves The Love Lives of the Artists tells the stories of Rainer Maria

Rilke and Lou Andreas Salom Alfred Stieglitz and Georgia O Keeffe Jean Paul Sartre and Simone de Beauvoir Diego and Frida and Henry Miller and Ana s Nin five couples who approached their relationships with the same rebellious creativity as they practiced in their art From their early artistic development and their first experiences in love to their artistic marriages and their affairs and then to their fights and reconciliations addictions nervous breakdowns and continued creativity *The Love Lives of the Artists* describes the promise and the price of freedom and creativity in love

The Occult in Modernist Art, Literature, and Cinema Tessel M. Bauduin, Henrik Johnsson, 2018-05-15 Many modernist and avant garde artists and authors were fascinated by the occult movements of their day This volume explores how Occultism came to shape modernist art literature and film Individual chapters examine the presence and role of Occultism in the work of such modernist luminaries as Rainer Maria Rilke August Strindberg W B Yeats Jos phin P ladan and the artist Jan vankmaier as well as in avant garde film post war Greek Surrealism and Scandinavian Retrogardism Combining the theoretical and methodological foundations of the field of Esotericism Studies with those of Literary Studies Art History and Cinema Studies this volume provides in depth and nuanced perspectives upon the relationship between Occultism and Modernism in the Western arts from the nineteenth century to the present day

Being Here Is Everything Marie Darrieussecq, 2017-10-27 The short obscure and prolific life of the German expressionist painter Paula Modersohn Becker 1876 1907 a significant figure in modernism First published in France in 2016 *Being Here Is So Much* traces the short obscure and prolific life of the German expressionist painter Paula Modersohn Becker 1876 1907 In a brief career cut short by her death from an embolism at the age of thirty one shortly after she gave birth to a child Modersohn Becker trained in Germany traveled often to Paris developed close friendships with the sculptor Clara Westhoff and the poet Rainer Maria Rilke and became one of her generation s preeminent artists helping introduce modernity to the twentieth century alongside such other painters as Picasso and Matisse Marie Darrieussecq s triumphant and illuminating biography at once revives Modersohn Becker s reputation as a significant figure in modernism and sheds light on the extreme difficulty women have faced in attaining recognition and establishing artistic careers

The Letters of John McGahern John McGahern, 2021-08-31 I am no good at letters John McGahern 1963 John McGahern is consistently hailed as one of the finest Irish writers since James Joyce and Samuel Beckett This volume collects some of the witty profound and unfailingly brilliant letters that he exchanged with family friends and literary luminaries such as Seamus Heaney Colm T ib n and Paul Muldoon over the course of a well travelled life It is one of the major contributions to the study of Irish and British literature of the past thirty years acting not just as a crucial insight into the life and works of a much revered writer but also a history of post war Irish literature and its close ties to British and American literary life One of the greatest writers of our era Hilary Mantel McGahern brings us that tonic gift of the best fiction the sense of truth the sense of transparency that permits us to see imaginary lives more clearly than we see our own John Updike
