**Letters to Kate** Carl H. Klaus, 2006-04 Sorrow is not a state but a process that needs not a map but a history There is something new to be chronicled every day writes C S Lewis in *A Grief Observed* When Carl Klaus's wife of thirty five years died suddenly from a cerebral hemorrhage right before Thanksgiving in 2002 he took the only road toward recovery that made sense to him he started writing letters to her producing a unique history of grief solace and love His vivid and thoughtful letters will resonate with everyone whose loss confronts them with emotional psychological and philosophical questions for which there are no easy answers During his first year without Kate Carl writes himself into the life that comes after the life he loved From days of grief in the darkness of a midwestern winter to springtime with a return to life in the garden and a memorial service for Kate on a sunny afternoon to fall with a pilgrimage to their favorite vacation spot in Hawaii Carl documents his year long experience of remembering meditating and evolving a new life Individually his letters provide the insights of a master diarist collectively they have the arc of a master essayist Recording the full range of mourning from intense shock to moments of exceptional affirmation Klaus's stories and reflections on loss bear witness to universal truths about the first and most significant year of mourning

**Life After Life** Kate Atkinson, 2013-04-02 What if you could live again and again until you got it right On a cold and snowy night in 1910 Ursula Todd is born to an English banker and his wife She dies before she can draw her first breath On that same cold and snowy night Ursula Todd is born lets out a lusty wail and embarks upon a life that will be to say the least unusual For as she grows she also dies repeatedly in a variety of ways while the young century marches on towards its second cataclysmic world war Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny And if she can will she Darkly comic startlingly poignant and utterly original this is Kate Atkinson at her absolute best *The life [after sir T.N. **In the Memory of the Map** Christopher Norment, 2012-03-15 Throughout his life maps have been a source of imagination and wonder for Christopher Norment Mesmerized by them since the age of eight or

nine he found himself courted and seduced by maps which served functional and allegorical roles in showing him worlds that he might come to know and helping him understand worlds that he had already explored Maps may have been the stuff of his dreams but they sometimes drew him away from places where he should have remained firmly rooted In the Memory of the Map explores the complex relationship among maps memory and experience what might be called a cartographical psychology or cartographical history Interweaving a personal narrative structured around a variety of maps with stories about maps as told by scholars poets and fiction writers this book provides a dazzlingly rich personal and intellectual account of what many of us take for granted A dialog between desire and the maps of his life an exploration of the pleasures utilitarian purposes benefits and character of maps this rich and powerful personal narrative is the matrix in which Norment embeds an exploration of how maps function in all our lives Page by page readers will confront the aesthetics mystery function power and shortcomings of maps causing them to reconsider the role that maps play in their lives

Klaus,2010-04-15 The human presence that animates the personal essay is surely one of the most beguiling of literary phenomena for it comes

across in so familiar a voice that it's easy to believe we are listening to the author rather than a textual stand in. But the person in a personal essay is always a written construct, a fabricated character, its confessions and reminiscences as rehearsed as those of any novelist. In this first book-length study of the personal essay, Carl Klaus unpacks this made-up self and the manifold ways in which a wide range of essayists and essays have brought it to life. By reconceiving the most fundamental aspect of the personal essay, the I of the essayist, Klaus demonstrates that this seemingly uncontrived form of writing is inherently problematic, not willfully devious but bordering upon the world of fiction. He develops this key idea by explaining how structure, style, and voice determine the nature of a persona and our perception of it in the works of such essayists as Michel de Montaigne, Charles Lamb, E. B. White, and Virginia Woolf. Realizing that this persona is shaped by the force of culture and the impress of personal experience, he explores the effects of both upon the point of view, content, and voice of such essayists as George Orwell, Nancy Mairs, Richard Rodriguez, and Alice Walker. Throughout, in full command of the history of the essay, he calls up numerous passages in which essayists themselves acknowledge the element of impersonation in their work, drawing upon the perspectives of Joan Didion, Edward Hoagland, Joyce Carol Oates, Leslie Marmon Silko, Scott Russell Sanders, Annie Dillard, Vivian Gornick, Loren Eiseley, James Baldwin, and a host of other literary guides. Finally, adding yet another layer to the made-up self, Klaus succumbs to his addiction to the personal essay by placing some of the different selves that various essayists have called forth in him within the essays that he has crafted so carefully for this book. Making his way from one essay to the next with a persona variously learned, whimsical, and poignant, he enacts the palimpsest of ways in which the made-up self comes to life in the work of a single essayist. Thus, over the course of this highly original, beautifully structured study, the personal essay is revealed to be more complex than many readers have supposed. With its lively analyses and illuminating examples, *The Made Up Self* will speak to anyone who wishes to understand or to write personal essays.

**Running to the Fire** Tim Bascom, 2015-04-01 In the streets of Addis Ababa in 1977, shop front posters illustrate Uncle Sam being strangled by an Ethiopian revolutionary; parliamentary leaders are executed; student protesters are gunned down; and Christian mission converts are targeted as imperialistic sympathizers. Into this world arrives sixteen-year-old Tim Bascom, whose missionary parents have brought their family from a small town in Kansas straight into Colonel Mengistu's Marxist Red Terror. Here they plan to work alongside a tiny remnant of western missionaries who trust that God will somehow keep them safe. *Running to the Fire* focuses on the turbulent year the Bascom family experienced upon traveling into revolutionary Ethiopia. The teenage Bascom finds a paradoxical exhilaration in living so close to constant danger. At boarding school in Addis Ababa, where dorm parents demand morning devotions and forbid dancing, Bascom bonds with other youth due to a shared sense of threat. He falls in love for the first time, but the young couple is soon separated by the politics that affect all their lives. Across the country, missionaries are being held under house arrest while communist cadres seize their hospitals and schools. A friend's father is imprisoned as a suspected CIA agent.

another is killed by raiding Somalis Throughout the teenaged Bascom struggles with his faith and his role within the conflict as a white American Christian missionary's child Reflecting back as an adult he explores the historical cultural and religious contexts that led to this conflict even though in doing so he is forced to ask himself questions that are easier left alone Why he wonders did he find such strange fulfillment in being young and idealistic in the middle of what was essentially a kind of holy war

*Happenstance* Robert Root, 2013-11-01 Reflecting on how a student's parents met because of a fly ball to center field in a summer softball game author Robert Root wondered how the lives of that student's parents and of the student himself would have changed had the batter bunted or struck out Haunted by this pure example of happenstance he began to ponder his own existence dependent in part on geology the Niagara Escarpment and history the Erie Canal He wondered how happenstance had influenced the course of his parents' lives in particular their marriages they married and divorced each other twice and consequently the shaping of his identity *Happenstance* investigates the effects of that phenomenon and choice on one man's life Root explores this theme in interwoven strands of narrative interpretation and reflection One strand *The Hundred Days* follows his attempt to write one hundred journal entries each about a different day in his life to recover memories of specific moments or collections of moments In the strand headed *Album* he examines and interprets old family photographs in light of the way he reads them in the present as someone now privy to a family secret that directed his and his siblings' lives without their knowledge Interspersed among these brief interpretations and narratives are reflections on happenstance and choice a sequence contemplating their effect on his life and perhaps on all our lives Through juxtaposition and accumulation the book's incremental unraveling of meaning imitates the process of unexpected epiphanies and gradual self discovery in anyone's life By revisiting individual days giving voice to photographs that mutely preserve family moments and reflecting on the way happenstance and choice determine the directions lives take Robert Root generates a meditation on identity anchored in an album in words and images of a mid twentieth century life

*On the Shoreline of Knowledge* Chris Arthur, 2012-08-15 The carefully crafted meditative essays in *On the Shoreline of Knowledge* sometimes start from unlikely objects or thoughts a pencil or some fragments of commonplace conversation but they soon lead the reader to consider fundamental themes in human experience The unexpected circumnavigation of the ordinary unerringly gets to the heart of the matter Bringing a diverse range of material into play from fifteenth century Japanese Zen Buddhism to how we look at paintings and from the nature of a briefcase to the ancient nest sites of gyrfalcons Chris Arthur reveals the extraordinary dimensions woven invisibly into the ordinary things around us Compared to Loren Eiseley George Eliot Seamus Heaney Aldo Leopold V S Naipaul W G Sebald W B Yeats and other literary luminaries he is a master essayist whose work has quietly been gathering an impressive

cargo of critical acclaim Arthur speaks with an Irish accent rooting the book in his own unique vision of the world but he addresses elemental issues of life and death love and loss that circle the world and entwine us all      **Life and Letters of Sir Joseph Prestwich** Lady Grace Anne Prestwich, Archibald Geikie, 1899      **Life and Letters of Mary Putnam Jacobi** Mary Putnam Jacobi, 1925      **Life and Letters of Laura Askew Haygood** Laura Askew Haygood, 1904      *The life and letters of the reverend Adam Sedgwick Fellow of Trinity College, Cambridge, Prebendary of Norwich, Woodwardian Professor of Geology, 1818 - 1873* John Willis Clark, 1890      *The Life and Letters of Washington Irving* Pierre Munroe Irving, 1873      **The life and Selections from the Correspondence of William Whewell, D.
