critique en Occident *Lettres persanes* Montesquieu, 1777 Gender and Utopia in the Eighteenth Century Brenda Tooley, 2016-04-15 Focusing on eighteenth century constructions of symbolic femininity and eighteenth century women's writing in relation to contemporary utopian discourse this volume adjusts our understanding of the utopia of the Enlightenment placing a unique emphasis on colonial utopias These essays reflect on issues related to specific configurations of utopias and utopianism by considering in detail English and French texts by both women Sarah Scott Sarah Fielding Isabelle de Charrière and men Paltock and Montesquieu The contributors ask the following questions In the influential discourses of eighteenth century utopian writing is there a place for woman and if so what or where is it How do women disrupt confirm or ground the utopian projects within which these constructs occur By posing questions about the inscription of gender in the context of eighteenth century utopian writing the contributors shed new light on the eighteenth century legacies that continue to shape contemporary views of social and political progress **Montesquieu, Lettres Persanes** C. J. Betts, 1994 The *Lettres persanes* are many faceted without any one central unifying theme In his short selective and he rather underplays the question of so many critics simply following those who fictional side of the work The overall view of life both East and West is seen to be pessimistic though there is little description of the somewhat austere lifestyle of the harem and possible political parallels between Usbek and Louis XIV are not highlighted That is not to say that there is no attempt to stress unifying principles especially social ones Though there is no discussion of civic virtue as such the main theme running throughout is that of social utility seen to govern even the use of allegory and satire except when it comes to the subject of women The text is well situated with the reader being made aware of what dates from 1754 rather than 1721 Betts also underscores the changes both in manner and in subject matter in letters dealing with the Regency rather than the end of the reign of Louis XIV From <https://www.jstor.org> Dec 27 2017 **Lettres persanes - Montesquieu**, *Lettres Persanes/Persian Letters (French-English Bilingual Text)* Charles-Louis de Secondat Montesquieu, 2013-09 *Lettres persanes* Persian Letters is a literary work by Charles de Secondat baron de Montesquieu recounting the experiences of two Persian noblemen Usbek and Rica who are traveling through France In 1711 Usbek leaves his seraglio in Isfahan to take the long journey to France accompanied by his young friend Rica He leaves behind five wives in the care of a number of black eunuchs one of whom is the head or first eunuch During the trip and their long stay in Paris 1712 1720 they comment in letters exchanged with friends and mullahs on numerous aspects of Western Christian society particularly French politics and Moors ending with a biting satire of the System of John Law Over time various disorders surface back in the seraglio and beginning with Letter 139 the situation there rapidly unravels **Lettres persanes**, Charles de Secondat baron de Montesquieu, 1760
