**Contemporary American Women Writers** Catherine Rainwater, William J. Scheick, 2021-05-11 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition

Textual Silence Jessica Lang, 2017-08-24 There are thousands of books that represent the Holocaust but can and should the act of reading these works convey the events of genocide to those who did not experience it In *Textual Silence* literary scholar Jessica Lang asserts that language itself is a barrier between the author and the reader in Holocaust texts and that this barrier is not a lack of substance but a defining characteristic of the genre Holocaust texts which encompass works as diverse as memoirs novels poems and diaries are traditionally characterized by silences the authors place throughout the text both deliberately and unconsciously While a reader may have the desire and will to comprehend the Holocaust the presence

of textual silence is a force that removes the experience of genocide from the reader's analysis and imaginative recourse. Lang defines silences as omissions that take many forms including the use of italics and quotation marks, ellipses, and blank pages in poetry, and the presence of unreliable narrators in fiction. While this limits the reader's ability to read in any conventional sense, these silences are not flaws. They are instead a critical presence that forces readers to acknowledge how words and meaning can diverge in the face of events as unimaginable as those of the Holocaust. **Greek Mind/Jewish**

**Soul** Victor H. Strandberg, 1994. Looks closely at fiction writer Ozick's intellectual moorings and with them in view renders an interpretive reading of her books and some poetry. Strandberg manages to write criticism in jargon-free language intelligible to sophisticated readers from various backgrounds. Paper edition, unseen, 1995. Annotation copyright by Book News Inc., Portland, OR. *Witness Through the Imagination* S. Lillian Kremer, Lillian Kremer, 2018-02-05. *Witness through the Imagination* presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude, progress, and aftermath of the Holocaust. Criticism of Holocaust literature is an emerging field of inquiry, and as might be expected, the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature. Now that American fiction has amassed an impressive and provocative Holocaust canon, the time is propitious for its evaluation. *Witness Through the Imagination* presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude, progress, and aftermath of the Holocaust. The unifying critical approach is the textual explication of themes and literary method, occasional comparative references to international Holocaust literature, and a discussion of extra-literary Holocaust sources that have influenced the creative writers' treatment of the Holocaust universe. **Belonging Too Well** Miriam Sivan, 2009-02-13. In *Belonging Too Well*, Miriam Sivan draws on contemporary literary theory as well as traditional Jewish texts and culture to explore the question of identity in Cynthia Ozick's fiction. Many critics have pointed to a split in Ozick's work between Judaic and secular culture and values. Sivan suggests, however, that Ozick never settles for a simple either/or dichotomy between traditional Judaism and secular American culture, but that her protagonists instead fashion new means of living genuinely Jewish lives within the American Diaspora. Often they struggle not with not belonging to either the Old or the New Worlds, but of belonging too well to both. Part of a recent trend toward analyzing Jewish American literature in the context of a deep encounter with and understanding of Judaism and traditional Jewish texts, Sivan's study enables readers of Ozick's fiction to penetrate the complex webs she creates among cultures, time periods, and characters, some quite sober, others fantastic, all unusual.

**Daughters of Valor** Jay L. Halio, Ben Siegel, 1997. The essays in this book focus on a wide and representative variety of Jewish American women writers, including Cynthia Ozick, Anne Roiphe, Erica Jong, Pauline Kael, Allegra Goodman, Norma Rosen, Adrienne Rich, Lynn Sharon Schwartz, and others. In every instance, the contributors have tried to deal not only with the Jewish content of their work but also with its literary quality and other major themes. **The Ritual of New Creation**

Norman Finkelstein, 1992-09-09 Finkelstein examines a wide range of recent Jewish writing including poetry fiction and literary criticism in order to determine the changes such writing has undergone in its exposure to modern and postmodern conditions of culture Featuring discussions of such figures as Gershom Scholem Harold Bloom George Steiner Cynthia Ozick and John Hollander *The Ritual of New Creation* explores certain themes that recur in modern Jewish literature the relation of the sacred to the secular in Jewish writing the role of loss and exile wandering meaning and textual transformation This is a book for all readers interested in modern Jewish literature but especially for readers concerned with literary theory the relations of text and commentary and the fate of literary traditions in the contemporary and postmodern cultural milieu
