Lewis Agonistes:

Lewis Agonistes Louis Markos, 2003-09-01 The written legacy of C S Lewis continues to be a rich mine of Christian thought and perspective And each work continues to be as relevant today as it was at its original publishing And now Lewis scholar Louis Markos has done the community of faith a great service by organizing Lewis s thoughts on a wide scope of subjects pertaining to modernity and postmodernity on science and the natural world the new age movement philosophy evil and suffering the arts and heaven and hell Lewis Agonistes will make readers work in the same way that Lewis s writings made them work forcing them to rethink and examine ideas to become participants in the agon or wrestling match of the twenty first century *C. S. Lewis: Anti-Darwinist* Jerry Bergman, 2016-11-11 It is commonly believed that C S Lewis was a theistic evolutionist a conclusion based on a few statements that he made in *The Problem of Pain* and *Mere Christianity* A careful study of his writings reveals not only that for most of his life he was not a theistic evolutionist but strongly opposed Darwinism especially towards the end of his life *Apologetics for the Twenty-First Century* Louis Markos, 2010-10-06 The vibrant and persuasive arguments of C S Lewis brought about a shift in the discipline of apologetics moving the conversation from the ivory tower to the public square The resulting strain of popular apologetics which weaves through Lewis into twentieth century writers like Francis Schaeffer and modern apologists like William Lane Craig Josh McDowell and Lee Strobel has equipped countless believers to defend their faith against its detractors *Apologetics for the Twenty first Century* uses Lewis s work as the starting point for an absorbing survey of the key apologists and major arguments that inform apologetics today Like apologists before him Markos writes to engage Christians of all denominations as well as seekers and skeptics His narrative man of letters style and short chapters make *Apologetics for the Twenty first Century* easily accessible for the general reader But an extensive and heavily annotated bibliography detailed timeline list of prominent apologists and glossary of common terms will satisfy the curiosity of the seasoned academic as the book prepares all readers to meet the particular challenges of defending the faith today **When the Eternal Can Be Met** Corey Latta, 2014-08-28 *When the Eternal Can Be Met* excavates the philosophy behind the theology of the twentieth century s most prominent Christian writers C S Lewis T S Eliot and W H Auden These three literary giants converted to Christianity within little more than a decade of one another and interestingly all three theological authors turned to the theme of time All three authors also came to remarkably similar conclusions about time positing that the temporal present moment allowed one to meet the eternal The prominent philosopher Henri Bergson wrote about time s power to transform an individual s emotional and spiritual state decades before Lewis Eliot and Auden sought to creatively construct a fictive or poetic theology of time *When the Eternal Can Be Met* argues that one cannot fully understand Lewis Eliot and Auden s theology of time without understanding Bergson s theories From the secular philosophy of Bergson dawned the most important works of literary theology and treatments of time of the twentieth century and in the Bergson influenced literary constructs of Lewis Eliot and Auden a

common theological articulation sounds out time present is where humans meet God *C. S. Lewis's List* David Werther, Susan Werther, 2015-04-09 In 1962 The Christian Century published C S Lewis s answer to the question What books did most to shape your vocational attitude and your philosophy of life Lewis responded with ten titles ranging from Virgil s Aeneid to James Boswell s The Life of Samuel Johnson and from George Herbert s The Temple to Boethius s The Consolation of Philosophy C S Lewis s List brings together experts on each of the ten books to discuss their significance for Lewis s life and work illuminating his own writing through those he most admired **Science Fiction and The Abolition of Man** Mark J. Boone, Kevin C. Neece, 2016-12-13 The Abolition of Man C S Lewis s masterpiece in ethics and the philosophy of science warns of the danger of combining modern moral skepticism with the technological pursuit of human desires The end result is the final destruction of human nature From Brave New World to Star Trek from steampunk to starships science fiction film has considered from nearly every conceivable angle the same nexus of morality technology and humanity of which C S Lewis wrote As a result science fiction film has unintentionally given us stunning depictions of Lewis s terrifying vision of the future In Science Fiction Film and the Abolition of Man scholars of religion philosophy literature and film explore the connections between sci fi film and the three parts of Lewis s book how sci fi portrays Men without Chests incapable of responding properly to moral good how it teaches the Tao or The Way and how it portrays The Abolition of Man

Restoring Beauty Louis Markos, 2012-01-05 An analysis of Lewis s eleven novels and many non fiction works critically looking at the twin concepts of beauty and truth as Divine in source **C.S. Lewis** James Como, 2019 The writings of C S Lewis have a universal appeal His Chronicles of Narnia are by far the best known but he was also a prolific literary scholar essayist broadcaster novelist poet and Christian apologist Following the chronology of Lewis s life James Como draws out the core themes of his writings showing how his ideas evolved On the Shoulders of Hobbits Louis Markos, 2012-09-14 Professor and author Louis Markos helps us rediscover the virtue of great storytelling and see that fantasy worlds like Tolkien s land of hobbits and wizards have the power to transform our reality **Atheism on Trial** Louis Markos, 2018-04-03 Answers You Need for the Tough Questions About Your Faith Atheists are launching a new wave of attacks against Christianity and faith in God It s hard to know how to handle their claims that they have a more enlightened scientific and sophisticated worldview How can you respond with precision to arguments against your faith With instructive clarity Dr Louis Markos confronts the modern day atheists claims that new evidence disproves the existence of God In fact you will find that the proof they peddle is not new at all Rather they recycle claims that have already been disproven by Christian thinkers of the past claims that you can silence today with the same solid logic Equip yourself to defend your beliefs from a deep well of knowledge and conviction Stand in confidence that the trial of public opinion versus universal truth has already been held and God is the victor Into the Wardrobe David C. Downing, 2007-06-15 Published in the early 1950s C S Lewis s seven Chronicles of Narnia were proclaimed instant children s classics and have been hailed in The Oxford

Companion to Children's Literature as the most sustained achievement in fantasy for children by a 20th century author But how could Lewis a formidable critic scholar and Christian apologist conjure up the kind of adventures in which generations of children and adults take such delight In this engaging and insightful book C S Lewis expert David C Downing invites readers to join his vivid exploration of the Chronicles of Narnia offering a detailed look at the enchanting stories themselves and also focusing on the extraordinary intellect and imagination of the man behind the Wardrobe Downing presents each Narnia book as its own little wardrobe each tale an opportunity to discover a visionary world of bustling vitality sparkling beauty and spiritual clarity And Downing's examination of C S Lewis's personal life shows how the content of these classic children's books reflects Lewis's love of wonder and story his affection for animals and homespun things his shrewd observations about human nature along with his vast reading robust humor theological speculations medieval scholarship and arcane linguistic jokes A fun glossary of odd and invented words will allow readers to speak with Narnian flair regaling friends and family with unusual words like cantrips poltooney hastilude and skirling A masterful work that will appeal to both new and seasoned fans of Narnia Into the Wardrobe offers a journey beyond Narnia's deceptively simple surface and into its richly textured and unexpected depths

Journey Towards Home S. Steve Park, 2017-03-14 Clives Staples Lewis 1898 1963 called his theological writings as that of a layman and an amateur who merely attempted to restate ancient and orthodox doctrines However S Steve Park argues that Lewis's theological reflections are well informed thoughtful and weighty For instance Lewis's notion of mere Christianity consistently shows his commitment to supernaturalism vs naturalism and eucatastrophic salvationism vs ethical developmentalism in sharp contrast to many prevailing theologians of his time In this book the author expounded Lewis's theological writings rather comprehensively and organized the results according to Lewis's signature literary motif of the journey towards home in four stages Away from Home Homeward Turning Home Away from Home and The Final Home Under these headings Lewis's major theological and literary themes find illuminating treatments with rich contents and penetrating analyses In so doing the author presents to the readers probably for the first time a systematic theology of C S Lewis It turns out that Lewis more than just a storyteller was a significant participant in the world of theological reflections demonstrating himself to be a rather formidable theological mind to be reckoned with

Heaven and Hell Louis Markos, 2013-05-17 For thousands of years philosophers theologians and poets have tried to pierce through the veil of death to gaze with wonder fear and awe on the final and eternal state of the soul Indeed the four great epic poets of the Western tradition Homer Virgil Dante and Milton structured their epics in part around a descent into the underworld that is both spiritual and physical both allegorical and geographical This book not only considers closely these epic journeys to the other side but explores the chain of influences that connects the poets to such writers as Plato Cicero St John St Paul Bunyan Blake and C S Lewis Written in a narrative man of letters style and complete with an annotated bibliography a timeline a who's who and an extensive glossary of Jewish Christian and mythological terms this user friendly book will help

readers understand how heaven and hell have been depicted for the last 3 000 years C. S. Lewis Bruce L.

Enjoying poetry and novels can seem irrelevant and out of touch in a world of texting tweeting and blogging But even in this technological age literature matters Seasoned professor Louis Markos invites us into the great literary conversation that has been taking place throughout the ages and illuminates the wisdom to be found therein He offers both a guide to studying and understanding literature especially poetry and an inspiring look at what it means to think like poets and view the world through literary eyes This book holds out a truth for all that the understanding and appreciation of literature draws us closer to God his Word and his work in the world *Every Square Inch* Bruce Riley Ashford,2015-03-10 Jesus is Lord over everything So his lordship should shape every aspect of life But what impact does faith really have on our day today existence And how should we as Christians interact with the culture In *Every Square Inch* Bruce Ashford skillfully navigates such questions Drawing on sources like Abraham Kuyper C S Lewis and Francis Schaeffer he shows how our faith is relevant to all dimensions of culture The gospel informs everything we do We cannot maintain the artificial distinction between sacred and secular We must proclaim Jesus with our lips and promote him with our lives no matter what cultural contexts we may find ourselves in **C.S. Lewis and Christian Postmodernism** Kyoko Yuasa,2017-05-25 Employing a postmodernist literary approach Kyoko Yuasa identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the Gospel to twentieth and twenty first century readers Lewis is popularly known as an able Christian apologist talented at

explaining Christian beliefs in simple logical terms His fictional works on the other hand feature expressions that erect ambiguous borders between non fiction and fiction an approach similar to those typical in postmodernist literature While postmodernist literature is full of micronarratives that deconstruct the Great Story Lewis s fictional world shows the reverse in his world micronarratives express the Story that transcends human understanding Lewis s approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernised Christianity Here Yuasa brings to the fore Lewis s focus on the history of interpretation and seeks a new model

Truth in Balance

Carmen DiCello,2009-06-02 The gospel of Jesus provides hope for humanity access to God purpose for human existence and empowerment for daily living These and other benefits are revealed by God but they also require a human messenger It is thus the responsibility of believers to share the truth via life and word In the real world however there are many obstacles to faith which is why it is essential to explain defend and show forth the truth thus the need for apologetics However not all agree on how best to approach apologetics and numerous suggestions have been put forth This is why as Carmen DiCello reminds us it is imperative that we think through what it means to be able to give an answer for the hope that is in us Truth in Balance addresses issues that encourage an apologetic that remains faithful to Scripture while illuminating the beauty and wonder of the Christian gospel in today s culture
