*Lewis and Clark Lexicon of Discovery* Alan H. Hartley, 2004 What is a cataplasm and what do you do with one Would you be insulted if someone called you argillaceous Would you want someone to give you a clyster Would you eat wappato What does it mean when a canoe flacks These are all words that were familiar to Meriwether Lewis William Clark and their companions and were penned in their journals but are less commonly used and understood today In addition the lexicon explains words for which the definitions have now changed For example the word mere used to mean absolute downright Accordingly in 1768 George Washington wrote in his diary that it blew a mere Hurricane Meriwether Lewis followed the same connotation when he recorded a violent storm arose the rain fell in a mere torrent Yet in modern language the sense of the word has evolved from nothing less than to nothing more than The lexicon also includes many words that were adopted from the French and Native American languages The journals are a fascinating record of American English at the time of the greatest expansion in U S history states author Alan H Hartley He currently works as an independent lexicographer editor and researcher and has contributed to the Oxford English Dictionary New Oxford American Dictionary and the Oxford American College Dictionary Hartley spent more than five years researching the history people and physical world of the expedition hoping to help modern readers better understand the language of the time and appreciate its sounds as well His special emphasis on pronunciation will be especially valuable to historical reenactors The volume features over 1 100 entries and more than 2 000 illustrative quotations as well as considerable background material on the English and other languages of the expedition A typical entry includes the headword pronunciation definition cross reference and the related journal quotation along with date author and citation information This new title will long serve as an outstanding reference tool for the Corps of Discovery journals

*The Language of Discovery, Exploration and Settlement* Nicholas Brownlee, 2019-10-31 This volume offers the first fully focused study on the language and discourse employed in historical accounts of discovery exploration and settlement stretching from the 16th to 19th centuries and covering areas as far afield as the Americas Africa India Australasia and the Arctic In the examination of the discourse and accompanying paratextual features when present the contributors make use of qualitative and quantitative analysis in order to identify the manner in which the knowledge disseminators of the time adapted created and exploited the language of the genre in which they were communicating to inform or persuade contemporary readers The chapters focus in particular on six genres namely print news manuscript correspondence journals dictionaries travel books and geography schoolbooks Knowledge dissemination is mediated through these six different genres but in each case the genre in question conveys three common aspects of knowledge dissemination the factual the personal and the ideological The focus is as such on how domain specific knowledge is mediated in specialized and popularizing discourse in order to address different stakeholders

**In the Wake of Lewis and Clark** Larry E. Morris, 2018-12-28 In this book Larry E Morris complements the compelling story he began with *The Fate of Corps* named a History Book Club selection and a Choice magazine Outstanding Academic Title Illustrating how Thomas Jefferson's vision of a sea to sea empire gave rise to the Lewis and Clark Expedition Morris in turn shows how the expedition impacted a host of fascinating individuals John Colter the first European to see Yellowstone who helped William Clark create his master map of the West John Jacob Astor the prominent fur trade entrepreneur who launched the second American trek to the Pacific Ramsay Crooks an Astorian adventurer present for the discovery of the Tetons Hells Canyon and South Pass who later became one of the most important merchants in the history of the fur trade Thomas Hart Benton a North Carolina native who went west after nearly killing Andrew Jackson in a gunfight and became the US Senate's most powerful voice for Western expansion and the father in law of the Pathfinder John C Fremont and General Stephen Watts Kearny whose conquest of California during the Mexican War fulfilled Jefferson's vision of a nation that spanned the continent

Acts of Discovery Albert Furtwangler, 1993 Meriwether Lewis and William Clark wove science and raw adventure together in their journals as they blazed a trail from St Louis to the Pacific Now with fresh information drawn from many fields Albert Furtwangler mines those journals for valuable insights into western American history as well as the process of discovery Acts of Discovery argues that Lewis and Clark surpassed the enlightened instructions given to them by President Thomas Jefferson They made a literal large scale experiment probing the interior of a continent and weighing information that eventually would supersede the science the politics and even the artistic ideals of Jefferson and his age Drawing on a background of interdisciplinary learning Furtwangler illuminates the achievements of Lewis and Clark as naturalists navigators and diplomats who faced ever new surprises as they worked their way west He shows that their journals trace two very different patterns at the same time as records of modern scientific reasoning and as a narrative of epic deeds in an American epic setting Furtwangler also attempts to define Lewis and Clark's place in American history He examines some ironic outcomes of westward expansion and conquest and brings out the peculiar courage of explorers who were the first and almost the last to cross the continent by pulling their way up the Missouri He also compares Lewis and Clark's discoveries to those of other generations from George Washington's early years as a surveyor of the new American interior to the Apollo moon landings discussing them in light of questions about progress posed by Francis Bacon Henry Adams and modern experimental scientists

**Uncovering the Truth About Meriwether Lewis** Thomas C. Danisi, 2012-02-07 The critically acclaimed biography Meriwether Lewis coauthored by Thomas C Danisi was praised for its meticulous research and for shedding new light on the adventurous life and controversial death of the great explorer who became famous through the Lewis and Clark Expedition Now the author with some help from

contributors extends his groundbreaking studies of Meriwether Lewis with this compilation of historical essays that offers new findings based on recently discovered documents tackling such intriguing subjects as The court martial of Meriwether Lewis Danisi's discovery of the astonishing never before published transcript of the entire court martial proceedings affords him the distinction of being the first historian to mine the document for the many insights it offers into the then untested twenty one year old officer who eloquently defended himself and won his case Documentation straight from the medical ledgers of Dr Antoine Saugrain the physician who treated Governor Lewis which helps to confirm that Lewis suffered from malaria prior to his celebrated trek to the Pacific Ocean with the Corps of Discovery and continuing through his service as governor of the Louisiana Territory Was Lewis's death as reported the result of suicide or was he merely a victim of this episodic and incurable disease Documentation that proves the true nature of the much discussed Gilbert Russell State ment given at the court martial of General James Wilkinson Some historians have argued that Wilkinson orchestrated Lewis's murder but Danisi's research sets the record straight The role of Major James Neelly in Lewis's last days This subject has gained much prominence through the History Channel according to which Neelly supposedly lied to President Thomas Jefferson about his presence at Meriwether Lewis's burial but Danisi has evidence to the contrary The author presents an abundance of additional material to fill in previous historical gaps regarding the mysteries and controversies surrounding Lewis's life and death In doing so he paints a vivid picture of the brilliant rise of an ambitious young man by virtue of courage talent and political connections and the tragic fall of a conscientious public servant under the weight of chronic illness bureaucratic pettiness and the political intrigue that was rampant throughout America's Wild West This superb contribution to Meriwether Lewis research is a must read for students and scholars of American history and anyone with an interest in one of our nation's most important explorers and public servants Lewis and Clark Trail Maps, a Cartographic Reconstruction Martin Plamondon, 2000 Recorded in Lewis and Clark's 1806 traverse notes as they returned eastward through the broad Columbia Marias and Yellowstone watersheds Volume III concludes when the Corps of Discovery long given up for dead paddled up to the St Louis waterfront on September 23 1806 to an arousing reception by the local population Book jacket **Lewis and Clark** Leo Lexicon, 2024-07-13 Embark on a captivating journey into the lives and achievements of Meriwether Lewis and William Clark the legendary explorers whose monumental expedition transformed our understanding of the American West Renowned for their bravery perseverance and meticulous documentation their story is a testament to the power of exploration and teamwork in the pursuit of discovery Lewis and Clark were exceptional leaders and adventurers Their insatiable curiosity unorthodox methods and ability to navigate and document uncharted territories made them some of the most influential figures in American history This book offers an engaging exploration of their journey their encounters and the enduring impact of their expedition on modern America Dr Leo Lexicon is an educator and author He is the founder of Lexicon Labs a publishing imprint that is focused on creating entertaining and educational books for

active minds     *From Ulster to America* Michael Montgomery,2006 From Ulster to America documents nearly four hundred terms and meanings each with quotations from both sides of the Atlantic contributed to American English by these eighteenth century settlers from Ulster Drawing on letters they sent back to their homeland and on other archival documents associated with their settlement it shows that Ulster emigrants and their children contributed as much to regional American English as any other group The numerous quotations bring alive the speech of earlier days on both sides of the Atlantic and extend understanding of the culture mannerisms and life of those pioneering times     *A Fur Trader on the Upper Missouri*
