Daniel Aaron

Lewis Namier A Biography:

Lewis Namier, a biography Julia Namier, 1971 *Lewis Namier: a Biography* Lady Julia Namier, 1971 Personalities and Powers Lewis Bernstein Namier, 1955 Conservative revolutionary David Hayton, 2019-08-26 A biography of the historian and public intellectual Sir Lewis Namier from his origins in a secular Jewish family in Poland to recognition as the most important historian of his day whose revolutionary method was enshrined in the verb to Namierise **Biography: An Historiography** Melanie Nolan, 2023-04-03 Biography An Historiography examines how Western historians have used biography from the nineteenth century to the present considering the problems and challenges that historians have faced in their biographical practice systematically This volume analyses the strategies and methods that historians have used in response to seven major issues identified over time to do with evidence including but not limited to the problem of causation the problem of fact and fiction the problem of other minds the problem of significance or representativeness the problems of perspective both macro and micro and the problem of subjectivity and relative truth This volume will be essential for both postgraduates and historians studying biography **In the Margin of History** L. B. Namier, 2022-08-01 In In the Margin of History L B Namier presents a compelling exploration of the complex socio political landscapes that have shaped modern Europe With a keen eye for detail and an erudite prose style Namier employs a historical lens to dissect the intricate interplay of power culture and ideology during pivotal moments His analysis of lesser known figures and events illuminates the often overlooked margins of mainstream history offering readers a fresh perspective on the narrative of European development Grounded in meticulous research this work weaves together historical accounts with a narrative that emphasizes the significance of those who operated outside traditional centers of power L B Namier a prominent historian and one of the foremost scholars on Britain s political history is celebrated for his innovative approach to historical analysis His background in Jewish studies and his own experiences as a Jewish immigrant profoundly influenced his perspectives on identity and power dynamics in history This book encapsulates his desire to highlight the voices often drowned out by dominant historical narratives reflecting his commitment to a more nuanced understanding of the past In the Margin of History is an essential read for those interested in the intricacies of European history as it challenges readers to reconsider the validity of conventional historical narratives Its insights are invaluable for students historians and anyone intrigued by the multifaceted nature of societal change Namier s work is a reminder that history is not solely defined by the prominent figures but also by those who exist within its margins **Lewis Namier** Linda Colley, 1989-01-01 *‘True Biographies of Nations?’* Karen Fox, 2019-04-17 Dictionaries of national biography are a long established and significant genre of biographical and historical writing existing in many forms across the globe This book brings together practitioners from around the English speaking world to reflect on national biographical dictionary projects recent cultural journeys and the challenges presented to them by such developments as the transition to a digital environment a new alertness to the need to

represent diversity and the rise of transnationalism Exploring their paths forward the chapters of this book collectively make a powerful argument for the continued value and importance of large scale collaborative biographical dictionary research

Explaining Auschwitz and Hiroshima Richard J. B. Bosworth, 2002-01-31 First published in 1993 Routledge is an imprint of Taylor Francis an informa company Cold War Culture Jim Smyth, 2016-04-04 Britain in the 1950s had a distinctive political and intellectual climate It was the age of Keynesianism of welfare state consensus incipient consumerism and to its detractors the so called Angry Young Men and the emergent New Left a new age of complacency While Prime Minister Harold Macmillan famously remarked that most of our people have never had it so good the playwright John Osborne lamented that there aren't any good brave causes left Philosophers political scientists economists and historians embraced the supposed end of ideology and fetishized value free technique and analysis This turn is best understood in the context of the cultural Cold War in which ideology served as shorthand for Marxist but it also drew on the rich resources and traditions of English empiricism and a Burkean scepticism about abstract theory in general Ironically cultural critics and historians such as Raymond Williams and E P Thompson showed at this time that the thick catalogue of English moral aesthetic and social critique could also be put to altogether different purposes Jim Smyth here shows that despite being allergic to McCarthy style vulgarity British intellectuals in the 1950s operated within powerful Cold War paradigms all the same

Modern England 1901-1970 Alfred Havighurst, 1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth Why History? Donald Bloxham, 2020 What is the point of history Why has the study of the past been so important for so long Why History A History contemplates two and a half thousand years of historianship to establish how very different thinkers in diverse contexts have conceived their activities and to illustrate the purposes that their historical investigations have served Whether considering Herodotus medieval religious exegesis or twentieth century cultural history at the core of this work is the way that the present has been conceived to relate to the past Alongside many changes in technique and philosophy Donald Bloxham's book reveals striking long term continuities in justifications for the discipline Creating the Arabian Gulf Paul J. Rich, 2009-08-16 Even whether to call the Gulf Arabian or Persian is an unending argument Regardless of its name the Gulf is one of the most politically important regions of the world Despite its constant presence in the headlines the fact that it was part of the British Indian empire for many years has gone unappreciated The long period of British control and the connections with India are in fact necessary in understanding the contemporary Middle East With more than ten years of experience as a government advisor in Saudi Arabia and Qatar Paul Rich draws on previously closed archives to document the actual heritage of the area and dispel the myths Rich shows that the influences of Britain and India are far deeper than commonly acknowledged and that the sheikhs are actually the creation

of the British Raj He explains that they owe their thrones to a small group of British political agents the Heaven Born who created the satraps and then proceeded to rule from behind the scenes by a clever use of stagecraft and ritual that was heavily flavored by their experiences at English public schools and in Masonic lodges In its attempt to make sense of the complexity of Arab sheikhdoms in the Gulf *Creating the Arabian Gulf* is an ideal book for students and scholars interested in Middle East studies and international relations

The Forgotten Appeasement of 1920 Andrzej Nowak, 2023-05-26 The Forgotten Appeasement of 1920 examines a turning point in East European history the summer of 1920 when Lenin's Soviet Russia decided to challenge the Versailles system and launch a military attack on the continent The outcome of this attack might have been the occupation of all of Poland and East Central Europe and a Red Army sweep further west This book probes the British Soviet negotiations and diplomatic operations behind the scenes Professor Nowak uses hitherto unexamined documents from Russian and British archives to show how and why top British politicians were ready to accept a new Russian imperial control over the whole of Eastern Europe Nowak unravels this previously untold story of that first and forgotten appeasement stopped only by the Polish military victory over the Red Army His excellent historical craftsmanship and new sources contribute to the book's quality filling up a lacuna in contemporary historiography This book will appeal to researchers of geopolitical affairs and the Great Powers the history of Poland and the political mentality of Western elites It will also be of interest to university students and tutors scholars of history and international relations and thanks to the book's brisk and fascinating narrative amateur historians and history aficionados

Studies in Biography Daniel Aaron, 1978

Dictionary of World Biography Barry Jones, 2019-05-10 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98 He took a leading role in reviving the Australian film industry abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983-90 Prices and Consumer Affairs 1987 Small Business 1987-90 and Customs 1988-90 He became a member of the Executive Board of UNESCO Paris 1991-95 and National President of the Australian Labor Party 1992-2000 2005-06 He was Deputy Chairman of the Constitutional Convention 1998 His books include *Decades of Decision* 1860-1965 *Joseph II* 1968 *Age of Apocalypse* 1975 and he edited *The Penalty is Death* 1968 *Sleepers Wake* Technology and the Future of Work was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 *Knowledge Courage Leadership* a collection of speeches and essays appeared in 2016 He received a DSc for his services to science in 1988 and a DLitt in 1993 for his work on information theory Elected FTSE 1992 FAHA 1993 FAA 1996 and FASSA 2003 he is the only
