Tales From a Tin Can Michael Olson,2010-06-12 What was life like on a destroyer during World War II Find out by reading Michael Keith Olson s superb telling of tales of the war in the Pacific as seen from the deck of a very luck tin can The son of a former Dale crewman Olson interviewed 44 veterans and delved deeply into official documents to give this book the air of authenticity that puts the reader in the heart of the action Tales from a Tin Can is the first oral history of one combat ship s adventures sometimes comic sometimes mundane sometimes heart wrenching over the entire course of America s involvement in the Pacific An impressive accomplishment and highly recommended WWII History This fascinating book captures not only the furious clashes with the Japanese but also the humdrum days in between and the heart stopping encounters with typhoons that could be as lethal as any engagement with the enemy Anyone interested in stories from World War II will find this well illustrated account of the naval campaign in the Pacific fascinating Register Pajaronian Looking up from his newspaper from where he sat on the deck of the destroyer USS Dale Harold Reichert could see the pilot plain as day the leather helmet with chin strap the goggles and then the red rising sun painted on the planes fuselage I saw the torpedo drop and watched as it ran up on the old Utah It was daybreak at Pearl Harbor on December 7 1941 the beginning of the war and the Dale was there she would serve until the end when the atomic bombs were dropped and Japan surrendered In the words of those who manned her the Dales war comes vividly to life in this first oral history of a combat ship from Pearl Harbor to Tokyo Bay From carrier raids on Midway Guadalcanal and the Solomons to the bombarding of Saipan and Guam in the capture of the Marianas from the Aleutians in the far north to strikes on Tokyo and Kobe Tales from a Tin Can recreates the action aboard the Dale and conveys as never before the true grit of wartime on a destroyer

Silent Strategists Manley R. Irwin,2013-09-03 Few historians have looked beyond the Teapot Dome scandal and examined the naval policies of President Warren Harding and his secretary of navy Edwin Denby Both sponsored policies that nourished the nation s industrial infrastructure Their legacy would yield a dividend of growth production employment and ultimately national security In this revised edition Professor Manley R Irwin brings forth an innovative approach to researching these policies papers and archives adding additional research from new documents which expand enhance and complement the first edition The book argues that Harding and Denby exercised unusual foresight in preparing the navy for a war against Japan Both individuals promulgated structural changes in the department and adopted a set of management tools that would redound to the navy in its prosecution of its Pacific offensive in World War II Irwin s thorough investigation and addition of new evidence from original documents provides invaluable details and insights into the lasting legacy of the Harding administration

VIOLET LIGHTNING John Eric Vining,2020-11-13 An epic achievement over one hundred years in the making In December 1941 Japan had perhaps the greatest combination of land sea and air forces the world had ever seen and she used these to conquer a huge empire in the

Western Pacific and East Asia Yet by August 1945 Japan had been beaten to her knees by the combined power of China Great Britain and the United States Was this destruction inevitable Did Japan have no chance to defeat America and her allies Why would she think she could successfully battle the two greatest industrial powers the world had ever known Great Britain and the United States at the same time Violet Lightning A Blueprint for Japanese Victory in the Pacific 1941 1942 is a sweeping narrative over a century in the making From the first confrontation in 1895 between the United States and Japan over Hawaii to the massive Japanese defeats at Midway and Guadalcanal in 1942 to author John Eric Vining s first interest in the Japanese American conflict in the fall of 1967 by reading Carrier War in the Pacific to the fall of 1995 when Vining first put pen to paper on this project and finally to 2020 s finished product by Page Publishing Vining reviews a history of the acrimony between Japan and the United States in the first half of the Twentieth Century He then builds what one reviewer calls a chillingly believable scenario for a Japanese victory in the greatest of all wars Violet Lightning poses and answers the question Could Japan really have pulled it off You just might find yourself coming around to a point of view you didn t believe was possible
