The Long Lives of Medieval Art and Architecture Jennifer M. Feltman, Sarah Thompson, 2019-03-08 Traditional histories of medieval art and architecture often privilege the moment of a work's creation yet surviving works designated as medieval have long and expansive lives. Many have extended prehistories emerging from their sites and contexts of creation and most have undergone a variety of interventions including adaptations and restorations since coming into being. The lives of these works have been further extended through historiography, museum exhibitions, and digital media. Inspired by the literary category of biography and the methods of *longue durée* historians, the introduction and seventeen chapters of this volume provide an extended meditation on the longevity of medieval works of art and the aspect of time as a factor in shaping our interpretations of them. While the metaphor of lives invokes associations with the origin of the discipline of art history, focus is shifted away from temporal constraints of a single human lifespan or generation to consider the continued lives of medieval works even into our present moment. Chapters on works from the modern countries of Italy, France, England, Spain, and Germany are drawn together here by the thematic threads of essence and continuity, transformation, memory, and oblivion, and restoration. Together they tell an object-oriented history of art and architecture that is necessarily entangled with numerous individuals and institutions.

The Vision of Rome in Late Renaissance France Margaret M. McGowan, 2000-01-01 The French vision of Rome was initially determined by travel journals, guide books, and a rapidly developing trade in antiquities. Against this background, Margaret McGowan examines work by writers such as Du Bellay, Grevin, Montaigne, and Garnier, and by architects and artists such as Philibert de l'Orme and Jean Cousin, showing how they drew upon classical ruins and reconstructions not only to re-enact past meanings and achievements but also more dynamically to interpret the present. She explains how Renaissance Rome, enhanced by the presence of so many signs of ancient grandeur, provided a fertile source of artistic creativity. Study of the fragments of the past tempted writers to an imaginative reconstruction of whole forms, while the new structures they created in France revealed the artistic potency of the incomplete and the fragmentary.

L'Hôtel de Bourgtheroulde Isabelle Lettéron, Delphine Gillot, 1996 **Space, Place, and Motion: Locating Confraternities in the Late Medieval and Early Modern City**, 2017-04-11 **Space, Place, and Motion: Locating Confraternities in the Late Medieval and Early Modern City** offers the first sustained comparative examination of the relationship between confraternal life and the spaces of the late medieval and early modern city. By considering cities large (Rome) and small (Aalst) in regions as disparate as Ireland and Mexico, the essays collected here seek to uncover the commonalities and differences in confraternal practice as they played out on the urban stage. From the candlelit oratory to the bustling piazza, from the hospital ward to the festal table, from the processional route to the execution grounds, late medieval and early modern cities: this interdisciplinary book contends were made up of fluid and contested confraternal spaces. Contributors are Kira Maye Albinsky, Meryl Bailey, Cormac Begadon, Caroline Blondeau Morizot, Danielle Carrabino.

vous amène par-delà les siècles jusqu'à la Préhistoire. J'ai essayé d'abandonner l'image préconçue d'une population uniquement agricole et de montrer comment la diversité des rangs sociaux et celle des occupations ont amené au cours du temps une sociabilité souvent méconnue malgré les obstacles et la dureté n'excluent pourtant pas une certaine joie de vivre. Les habitants du Roumois ont su profiter de la proximité de la Seine et du voisinage de Rouen. Ils ont su aussi exploiter les ressources naturelles : la terre pour les potiers, l'eau pour les meuniers, les plantes pour les cueilleurs, le limon fertile du plateau pour les laboureurs. Le Roumois est resté un pays de traditions. Les confréries de Charité, les marchés de la pomme, les chasses courues sont autant de précieux attraits. Ajoutez cela quelques pratiques religieuses fétes de la moisson, feux de Saint-Clair et d'autres aurales de mystère parfois venues du Moyen Âge. Le partage du Roumois entre l'Eure et la Seine-Inférieure, la Révolution, le développement industriel de la région devenue agglomération rouennaise ont influé sur le Roumois, une place secondaire. La population est en nette augmentation depuis plusieurs années et les Rouennais sont de plus en plus nombreux à venir chaque dimanche courir avec empressement après le bon air qu'on y trouve.
