Liban Aujourd'hui:

War and Memory in Lebanon Sune Haugbolle, 2010-03-15 Sune Haugbolle's often poignant book chronicles the battle over ideas that emerged from the wreckage of the Lebanese civil war

Inventing Lebanon Kais M. Firro, 2002-10-24 This study examines the history behind an idea: a new polity of Greater Lebanon. It shows how under the powerful influence of the French Mandate various groups of the local elite attempted to create what amounted to a new Lebanese nationalism carving the state into Maronite, Christian, Sunni and Shiite power bases. The results only accentuated the divisions already inherent in this multi-ethnic and multi-faith society and were to pave the way for the instability and wars that have plagued the country ever since

Language, Memory, and Identity in the Middle East Franck Salameh, 2010-04-12 Since the West's very early flirtations with the modern Near East and especially in the past 100 years of East-West relations there has been considerable difficulty in understanding and defining the Middle East: the Arab world, pan-Arabism, Arab nationalism and Middle Eastern identities in general. The Western impulse of conflating national identity with language, state and ethnicity often subsuming Arabic language into Arab ethnicity has contributed to this misunderstanding and misreading of the region. For while the Middle East can be accurately referred to by way of the generic Arab world label, the appellation itself is a misleading oversimplification that conceals an inherent diversity and multiplicity of Middle Eastern cultures, ethnicities, languages and nationalities. And while there is certainly a dominant Arab ethnos, there are also significant numbers of Middle Eastern peoples and nationalities with historical memories and ethno-cultural bonds that challenge the dominant Arabist paradigm. *Language, Memory, and Identity in the Middle East* proposes a new reading of modern Middle Eastern history and suggests alternate solutions to the region's problems. The book is an attempt to rehabilitate and bring back to the fore of Middle East Studies the issue of language as a key factor in shaping and misshaping the region with the hope of rediscovering a broader, more honest and less ideologically tainted discussion on the Middle East.

Language, Memory, and Identity in the Middle East has a special focus on Lebanon, a Christian homeland because Lebanon has traditionally acted as the region's template for change and a barometer gauging its problems and charting its progress

Le Monde arabe et Israël aujourd'hui Catherine Kaminsky, Simon Kruk, 1998-12-31 23:00:00+01:00 La fin de la guerre froide et la dissolution de l'Union soviétique ont totalement modifié les rapports inter-arabes et la nature du conflit israélo-arabe. L'ensemble des acteurs de la région est présent, tourné vers Washington et l'Europe occidentale chargés de permettre enfin au Moyen-Orient de trouver une stabilité politique et d'encourager la coopération et le développement économique. Shaping Lebanon's Borderlands Daniel Meier, 2015-12-10 Regional struggles, wars and local confrontations have marked the south of Lebanon since the end of the 1960s. They have transformed this marginalized and rural region into a battlefield and redefined the relationships between international, regional and local actors. The most recent of these actors: the Palestinian refugees and their armed resistance, the Islamic Shi'i movement.

Hizbullah and the UN local mission UNIFIL have marked and shaped the place and in turn operating in this borderland has affected their identities Based on Daniel Meier s extensive fieldwork in the region this book offers interviews with militants his own observations of this conflict ridden and dangerous region as well as incisive political analysis concerning the armed militias operating in the area It is through this in depth examination of the southern borderlands of Lebanon that Meier sheds new light on some of the major Middle Eastern confrontations of the last half a century *Reviving Phoenicia* Asher

Kaufman,2014-06-17 *Reviving Phoenicia* follows the social intellectual and political development of the Phoenician myth of origin in Lebanon from the middle of the nineteenth century to the end of the twentieth Asher Kaufman demonstrates the role played by the lay liberal Syrian Lebanese who resided in Beirut Alexandria and America towards the end of the nineteenth century in the birth and dissemination of this myth Kaufman investigates the crucial place Phoenicianism occupied in the formation of Greater Lebanon in 1920 He also explores the way the Jesuit Order and the French authorities propagated this myth during the mandate years The book also analyzes literary writings of different Lebanese who advocated this myth and of others who opposed it Finally *Reviving Phoenicia* provides an overview of Phoenicianism from independence in 1943 to the present demonstrating that despite the general objection to this myth some aspects of it entered mainstream Lebanese national narratives Kaufman s work will be vital reading for anyone interested in the birth of modern Lebanon as we know it today *Charles Corm* Franck Salameh,2015-07-07 *Charles Corm An Intellectual Biography of a Twentieth*

Century Lebanese Young Phoenician delves into the history of the modern Middle East and an inquiry into Lebanese intellectual cultural and political life as incarnated in the ideas and as illustrated by the times works and activities of Charles Corm 1894 1963 Charles Corm was a guiding spirit behind modern Lebanese nationalism a leading figure in the Young Phoenicians movement and an advocate for identity narratives that are often dismissed in the prevalent Arab nationalist paradigms that have come to define the canon of Middle East history political thought and scholarship of the past century But Charles Corm was much more than a man of letters upholding a specific patriotic mission As a poet and entrepreneur socialite and orator philanthropist and patron of the arts and as a leading businessman Charles Corm commanded immense influence on modern Lebanese political and social life popular culture and intellectual production during the interwar period and beyond In many respects Charles Corm has also been the conscience of Lebanese society at a crucial juncture in its modern history as the autonomous sanjak Mutasarrifiyya or Province of Mount Lebanon and the Vilayet State of Beirut of the late nineteenth century were navigating their way out of Ottoman domination and into a French Mandatory period ca 1918 before culminating with the independence of the Republic of Lebanon in 1943 **Middle Eastern Minorities and**

integration or antagonism *The Formation of Modern Lebanon* Meir Zamir, 2025-05-01 The Formation of Modern Lebanon 1985 examines the critical period around the 1920 establishment of Greater Lebanon and its impact on the political development of the country It examines the ramifications of the annexation of the coastal region and the Beqa a valley with their mainly Muslim populations to Mount Lebanon with its Maronite Christian population This act had far reaching consequences for the development of Lebanon whose subsequent history has been dominated by political social cultural and economic conflicts between Christians and Muslims The book surveys the emergence of the special Lebanese Christian entity and its transformation into a national movement and analyses the factors behind the French decision to establish Greater Lebanon This decision is set in the general context of French policy in the Levant and Franco British rivalry in the Middle East It also analyses the demographic and political structure of the new state and traces its political development during the first years of statehood The book argues that the roots of all the subsequent tension between Christians and Muslims in Lebanon and between Lebanon and the Arab Muslim world can be traced back to the very creation of modern Lebanon

Social welfare and religion in the Middle East Rana Jawad, 2009-07-29 As religion continues to regain its centrality in both academic and policy circles around the world this book presents a new framework which examines the complex social and political dynamics shaping social welfare in the Middle East Based on an in depth study of the major Muslim and Christian religious welfare organisations in Lebanon including Hezbollah and drawing upon supplementary research conducted in Iran Egypt and Turkey the book argues that religion is providing sophisticated solutions to the major social and economic problems of the Middle East It will be of use to students and academics of social policy sociology politics and Middle Eastern studies *The Shi'is of Jabal 'Amil and the New Lebanon* T.
