The Quest, 1924 [The Life, Selected Sermons and Treaties](#) Meister Eckehart, 2016-01-31 The importance of Eckhart in the history of scholastic philosophy is considerable At that period all the efforts of religious philosophy were directed to widen theology and to effect reconciliation between reason and faith The fundamental idea of Eckhart s philosophy is that of the Absolute or Abstract Unity conceived as the sole real existence His God is the agnostic of the Neo Platonist He is absolutely devoid of attributes God is incomprehensible in fact with regard to our limited intelligence God is the origin and end of every being Of the Absolute we have no cognizance but only of phenomena but by the resolute endeavor to abstract ourselves from time and space we can according to Eckhart at rare moments attain to the Absolute by virtue of what he calls the spark Funkelein of the soul which comes direct from God This is really God acting in man to know God is to be one with God Within these pages you will discover the life of the man the issues regarding the myths and the facts

[The Life of Christina of Hane](#) Christina of Christina of Hane, 2021-01-12 The first English translation of The Life of Christina of Hane a gripping account of a largely

unknown medieval female mystic Who was Christina of Hane History knows little about her but Racha Kirakosian here presents a fascinating enigma a mystical compendium disguised as a saint s Life Students of medieval religion will eagerly probe its mysteries Barbara Newman Northwestern University The thirteenth century mystic Christina of Hane led an extraordinary life but her recently unearthed case remains to be discovered in the English speaking world Her disturbing account of vaginal mutilation her competition with the Virgin Mary and her potentially heretical statements about the union with Christ are but a few peculiarities worth highlighting This remarkable work sheds new light on convent life spiritual practices and physical and mental suffering in the life of medieval women and the communities they inhabited The Imperial Dictionary of Universal Biography John Francis Waller,1857 Saturday Review ,1857 *The Letters of Baron Friedrich Von Hügel and Maude D. Petre* Friedrich Freiherr von Hügel,2003 During the first decade of the twentieth century the Roman Catholic Church was shaken to its core by an intellectual reform movement modernism seeking radical changes in the traditional approaches to biblical studies philosophy and theology The repercussions of the church authorities condemnations and repression of the so called modernist heresy persisted for more than half a century Then liberated by Pope John XXIII himself suspected of being a modernist the Second Vatican Council created the possibility for many modernist ideas to resurface and initiate a renewal of the church in the modern world The present work contains the integral correspondence of the leader of this modernist movement Baron Friedrich von Hugel to Maude D Petre along with her two extant letters to him The correspondence offers a unique glimpse into the history of the movement and an example of how its leading protagonist promoted the novel ideas of many of the seminal thinkers of the time among his friends and colleagues Sadly the letters also depict the often unchristian nature of the authorities response and the subsequent suffering inflicted on some of the church s most critical but faithful and enlightened members **Notes and Queries** ,1868 *Der "Spiegel der Seele"* Heidemarie Vogl,2007 Josef Quint plante bereits 1940 den Spiegel der Seele im zweiten Beiheft zu den deutschen Werken Meister Eckharts zu edieren Dazu kam es nicht Jetzt holt Heidemarie Vogl diese Arbeit nach Sie kann weit über die Bemerkungen Quints zu den Quellen dieses seltsamen Textmosaiks hinaus fast alle Quellentexte identifizieren Vor allem aber gelang es ihr eine bairische Übersetzung des Compendium theologicæ veritatis Hugo Ripelins von Strassburg gestorben 1268 als umfangreiche Quelle zu entdecken Vogl bietet den Text nach einem neuartigen Editions muster das die Vorlagenverarbeitung als entstehungsgeschichtlichen Prozess einsichtig macht Analysiert wird zudem der Aufbau der Textkompilation Auch wird ihr Gattungsscharakter näher bestimmt Beigegeben ist schliesslich ein Wörterbuch zum Spiegel der Seele **Henry Suso** Heinrich Seuse,1989 In this volume is a masterpiece of medieval literature and spirituality from the 14th century 1300 1366 German Dominican mystic **Bernardino Telesio and the Natural Sciences in the Renaissance** ,2019-07-08 This volume is devoted to the natural philosopher Bernardino Telesio 1509 1588 and his place in the scientific debates of the Renaissance Telesio s thought is emblematic of Renaissance culture in its aspiration towards

universality the volume deals with the roots and reception of his vistas from an interdisciplinary perspective ranging from the history of philosophy to that of physics astronomy meteorology medicine and psychology The editor Pietro Daniel Omodeo and leading specialists of intellectual history introduce Telesio's conceptions to English speaking historians of science through a series of studies which aim to foster our understanding of a crucial early modern author his world achievement networks and influence Contributors are Roberto Bond Arianna Borrelli Rodolfo Garau Giulia Giannini Miguel Angel Granada Hiro Hirai Martin Mulsow Elio Nenci Pietro Daniel Omodeo Nuccio Ordine Alessandro Ottaviani Jürgen Renn Riccarda Suitner and Oreste Trabucco

Jung and his Mystics John P. Dourley, 2014-04-03 Jung's psychology describes the origin of the Gods and their religions in terms of the impact of archetypal powers on consciousness For Jung this impact is the basis of the numinous the experience of the divine in nature and in human nature His psychology while possessed of a certain claim to science is based on depths of subjective experience which transcends psychology and science as ordinarily understood Jung and his Mystics In the end it all comes to nothing examines the mythic nature of Jung's psychology and thought and demonstrates the influence of mysticism and certain religious thinkers in formulating his own work John P Dourley explores the influence of Mechthild of Magdeburg and fellow mystics Beguines and traces the mystic impulse and its expression through Meister Eckhart and Jacob Boehme to Hegel in the nineteenth century All of these mystics were of the apophatic school and understood the culmination of their experience to lie in an identity with divinity in a nothingness beyond all form formal expression or immediate activity Dourley shows how this is still of relevance in our lives today The book concludes that Jung's understanding of mysticism could greatly alleviate the conflict between faiths religious or political by drawing attention to their common origin in the depths of the human Jung and his Mystics In the end it all comes to nothing is aimed at scholars and senior research students in Jungian Studies including religionists theologians and philosophers of religion especially those with an interest in mysticism It will also be essential reading for those interested in the connection between religious and psychological experience

Eckhart, Heidegger, and the Imperative of Releasement Ian Alexander Moore, 2019-11-01 Provides the first systematic interpretation of Heidegger's relation to Eckhart centering on the idea that we must release ourselves in order to know the truth In the late Middle Ages the philosopher and mystic Meister Eckhart preached that to know the truth you must be the truth But how to be the truth Eckhart's answer comes in the form of an imperative release yourself let be Only then will you be able to understand that the deepest meaning of being is releasement and become who you truly are This book interprets Eckhart's Latin and Middle High German writings under the banner of an imperative of releasement and then shows how the twentieth century thinker Martin Heidegger creatively appropriates this idea at several stages of his career Heidegger had a lifelong fascination with Eckhart referring to him as the old master of letters and life Drawing on archival material and Heidegger's marginalia in his personal copies of Eckhart's writings Moore argues that Eckhart was one of the most important figures in Heidegger's philosophy This book also contains

previously unpublished documents by Heidegger on Eckhart as well as the first English translation of Nishitani Keiji's essay Nietzsche's Zarathustra and Meister Eckhart which he initially gave as a presentation in one of Heidegger's classes in 1938 Moore's book is an impressive achievement Nobody can fail to learn from it or fail to appreciate the dedication and devotion that has enabled him to produce what is unquestionably an indispensable volume for anybody interested in Eckhart late Heidegger or the relation of so called mysticism to philosophy more generally Robert Bernasconi Pennsylvania State University
