## **Liberalism Proper And Proper Liberalism:**

**Liberalism Versus Conservatism** François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author Liberalism and the Good R. Bruce Douglass, Gerald M. Mara, Henry S. Richardson, 2019-11-19 First published in 1990 Liberalism and the Good is a collection of critical essays by an inter disciplinary group of American and English scholars that seeks to address the long standing problem of the good in light of the most recent developments in liberal theory With contributions from both liberal apologists and critics who pursue arguments informed by sources as disparate as Nietzsche and Aristotle it breaks fresh ground in a number of different directions and offers proposals for the future of the discussion **Edinburgh Companion to Contemporary Liberalism** Mark Evans, 2019-07-29 This is the premier collection of material on a comprehensive range of topics in contemporary liberalism It shows how liberalism can tackle wide ranging practical concerns that urgently demand attention in twenty first century politics **Outline of a New Liberalism** Nelson W. Keith, 2015-07-29 This book is revolutionary in intent and is in many ways quite an uncommon work It is iconoclastic as it goes about dislodging roots It attempts to release the stigmatized Other from entrapment by rationalism and modern liberalism The stigmatized Other are legendarily marginalized from congenial social relations with mainstream society They include peoples of color women gays and lesbians among others Entrapment through misrecognition is captured via marked contrasts existing between two major liberal configurations modern liberalism and pragmatism Accordingly the book is tasked with overcoming the systemic constraints placed upon the stigmatized Other to conform when such a demand runs disastrously counter to their inherently irrefragable self definition Conformity is reductionist beholden to dyadic forms of thinking which impose a singular mathematically derived God's Eye View upon reality The difficulty here is that the imposed criteria for giving meaning value and purpose to human life have no place for what the stigmatized Other adopts On the other hand pragmatism of a particular stripe establishes a naturalistic instead of the mathematical basis for our understanding of human life Naturalism counsels that human beings should situate themselves directly in the midst of what constitutes their sense of life with experience providing the bases for all the related determinations Experience draws upon conditions of flux and uncertainty as the basis of human life To adhere to the God's Eye View is to make human beings into desiccated calculating machines This book is located in the heart of this tension Programmatically it deconstructs the

rationalism modern liberalism combine and constructs its replacement in pragmatism complemented by phronesis as carriers of this alternative mode of thought Consequential change emerges a modern liberal world of fixity in social relations mathematically derived is displaced by one characterized by intersubjective relations where lived experience forms its scientific and philosophical bases The Ancients figure prominently in this book as it is shaped around the central idea that the emancipation of the stigmatized Other is occurring in the context of perhaps the first engagement between the Platonic and the Protagorean Sophistic confrontation which lies at the heart of early Greek thought

**The Liberal Conscience** Lucas Swaine, 2006 This bold work offers solutions to the seemingly irreconcilable divide between liberal society and theocracy by reasserting the importance of the liberty of conscience and principles of religious toleration

**Far-Right Newspeak and the Future of Liberal Democracy** A. James McAdams, Samuel Piccolo, 2024-04-23 This book is the first systematic multicountry exploration of far right Newspeak The contributors analyze the ways in which contemporary far right politicians intellectuals and pundits use and abuse traditional liberal concepts and ideas to justify positions that threaten democratic institutions and liberal principles They explore cases of both far right and right wing thought in eastern and western Europe the United States and Canada Subjects include well known figures such as Marine Le Pen Tucker Carlson Peter Thiel Nick Griffin Thierry Baudet Jordan Peterson Russell Brand and Viktor Orbán and lesser known names such as the Czech politician Tomio Okamura and the Internet personality Raw Egg Nationalist The contributors examine these figures' claims about hot button issues including immigration Islam race Covid 19 policies feminism monetary policy and free speech The book demonstrates that mainstream politicians and intellectuals are at risk of losing control over the definitions of the very concepts including equal rights racial and ethnic diversity and political tolerance that undergird their vision of liberal democracy It will be of interest to scholars journalists policymakers political scientists historians political theorists sociologists and general audiences concerned about the sophisticated efforts of far right and right wing politicians and pundits to undermine the foundations of liberal democracy

**Liberalism and Its Discontents** Patrick Neal, 2016-07-27 In these essays the reigning models of liberal political theory of John Rawls and Joseph Raz are immanently criticized Neal argues that neither political nor perfectionist liberalism adequately gives expression to the liberal spirit Surprisingly Neal finds resources for the expression of such a spirit in the much maligned tradition of Hobbesian or vulgar liberalism He argues that a turn in this direction is necessary for the articulation of a liberalism more genuinely responsive to the diversity of modes of life in the twenty first century

**Postcolonial Liberalism** Duncan Ivison, 2002-11-26 This book presents an account of postcolonial liberalism and argues the case for its sustainability

Civic Liberalism Thomas A. Spragens, 1999 In Civic Liberalism Reflections on Our Democratic Ideals prominent political theorist Thomas A. Spragens Jr asserts that most versions of democratic ideals libertarianism liberal egalitarianism difference liberalism and the liberalism of fear lead our polity significantly astray Spragens offers another alternative He argues that we should recover the multiple and complex

aspirations found within the tradition of democratic liberalism and integrate them into a more compelling public philosophy for our time or what he calls civic liberalism Civic liberalism Spragens contends endorses both liberty and equality although neither can properly be understood as a maximizing principle Instead liberty should be seen as the constitutive threshold good of autonomy and equality should be seen as a moral postulate and instrumental good Moreover civic liberalism explicitly embraces forms of fraternity civic friendship and civic virtue consistent with respect for social pluralism Therefore a better understanding of our democratic ideals will free us from the constrictive orthodoxies of the left and right lead us toward better public policy and help us become a well ordered society of flourishing self governing civic equals

A Liberalism Safe for Catholicism? Daniel Philpott, Ryan T. Anderson, 2017-06-30 This volume is the third in the Perspectives from The Review of Politics series following The Crisis of Modern Times edited by A James McAdams 2007 and War Peace and International Political Realism edited by Keir Lieber 2009 In A Liberalism Safe for Catholicism editors Daniel Philpott and Ryan Anderson chronicle the relationship between the Catholic Church and American liberalism as told through twenty seven essays selected from the history of the Review of Politics dating back to the journal s founding in 1939 The primary subject addressed in these essays is the development of a Catholic political liberalism in response to the democratic environment of nineteenth and twentieth century America Works by Jacques Maritain Heinrich Rommen and Yves R Simon forge the case for the compatibility of Catholicism and American liberal institutions including the civic right of religious freedom The conversation continues through recent decades when a number of Catholic philosophers called into question the partnership between Christianity and American liberalism and were debated by others who rejoined with a strenuous defense of the partnership The book also covers a wide range of other topics including democracy free market economics the common good human rights international politics and the thought of John Henry Newman John Courtney Murray and Alasdair MacIntyre as well as some of the most prominent Catholic thinkers of the last century among them John Finnis Michael Novak and William T Cavanaugh This book will be of special interest to students and scholars of political science journalists and policymakers church leaders and everyday Catholics trying to make sense of Christianity in modern society Contributors Daniel Philpott Ryan T Anderson Jacques Maritain Alvan S Ryan Heinrich Rommen Josef Pieper Yves R Simon Ernest L Fortin John Finnis Paul E Sigmund David C Leege Thomas R Rourke Michael Novak Michael J Baxter David L Schindler Joseph A Komonchak John Courtney Murray Samuel Cardinal Stritch Francis J Connell Carson Holloway James V Schall Gary D Glenn John Stack Glenn Tinder Clarke E Cochran William A Barbieri Jr Thomas S Hibbs Paul S Rowe and William T Cavanaugh

*Contemporary Far-Right Thinkers and the Future of Liberal Democracy* A. James McAdams, Alejandro Castrillon, 2021-09-27 This book is the first systematic analysis of the efforts of a broad range of contemporary far right thinkers to popularize their critiques of liberal democratic norms and institutions and make their ideas the subjects of sustained political and academic debate The book focuses on outspoken thinkers in western and eastern

Europe Russia the United States Canada and Australia They include Alain de Benoist Guillaume Faye G tz Kubitschek Pat Buchanan Fr i Midjord Jason Jorjani contributors to the online magazine Quillette and the elusive personality known as the Bronze Age Pervert The book explores the diverse intellectual foundations of these thinkers positions the similarities and differences in their ideas and their prospects for influencing attitudes about democratic politics within their respective countries It examines diverse movements and schools of thought including the European New Right Paleoconservatism the Alt right Identitarianism White nationalism and antifeminism Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism right wing extremism identity politics fascism racism and conservatism

*Liberal Utilitarianism* Jonathan Riley, 1988-04-07 This is a book about liberal democratic values and their implications for the design of political institutions Its distinctive feature is the use of some simple mathematical techniques known as social choice theory to clarify and defend a rather complex utilitarian conception of the liberal democratic way of life based on John Stuart Mill s work More specifically the text focuses on three well known social choice paradoxes which are commonly held to destroy any possibility of an ideal harmony among liberal democratic values and draws upon suggestions implicit in Mill s writings to develop an ethically appealing liberal democratic social choice framework in which the aforementioned paradoxes no longer cause concern The revised framework is a rather complex version of utilitarianism and should be of special interest to welfare economists social choice theorists democratic political theorists and philosophers concerned with utilitarian ethics

*How to be a Green Liberal* Simon A. Hailwood, 2014-12-18 It is often claimed by environmental philosophers and green political theorists that liberalism the dominant tradition of western political philosophy is too focused on the interests of human individuals to give due weight to the environment for its own sake In *How to be a Green Liberal* Simon Hailwood challenges this view and argues that liberalism can embrace a genuinely green non instrumental view of nature The book s central claim is that nature s otherness its being constituted of independent entities and processes that do not reflect our purposes is a basis for value and can be incorporated within liberal political philosophy as a fundamental commitment alongside human freedom and equality Hailwood argues that the conceptual resources already exist within mainstream liberalism for a thoroughly non instrumental perspective Adopting a rigorous philosophical approach Hailwood tackles a wide range of themes across environmental ethics including holistic theories deep ecology eco feminism and eco anarchism as well as issues in value theory and political philosophy more generally In making the case for liberalism s green credentials *How to be a Green Liberal* is a formidable challenge to recent green political theory and will be required reading not only for students of political philosophy but for all those interested in the natural world and man s relationship to it

*Liberal Roots of Far Right Activism* Lars Erik Berntzen, 2019-10-16 This book explores the anti Islamic turn and expansion of the far right in Western Europe North America and beyond from 2001 and onwards Driven by terror attacks and other moral shocks the anti Islamic cause has undergone four waves of transnational expansion in the period since 2001 The

leaders and intellectuals involved have varied backgrounds many coming from the left uniting historically opposed sets of values under their banner of a civilizational struggle against Islam The findings presented in this book indicate that anti Islamic initiatives in Western Europe and the United States form a transnational movement and subculture characterized by a fragile balance between liberal and authoritarian values The author draws on a broad array of data sources and methods including network analysis and sentiment analysis to analyze the impact of the anti Islamic expansion and turn at a macro level and the theoretical implications for our understanding of the current far right flowing from this Offering an overview of anti Islamic activism the book explores the background of their leaders and ideologues provides an in depth look at their ideology online organizational networks and the views expressed by their online members as well as which emotions and messages continue to drive their mobilization The book will be of interest to scholars in the social movement field as well as political scientists sociologists and general readers interested in issues such as populism extremism and understanding the ways in which the contemporary far right challenges liberal democracies     **Varieties of Feminist Liberalism** Amy R. Baehr,2004-04-05 The essays in this volume present versions of feminism that are explicitly liberal or versions of liberalism that are explicitly feminist By bringing together some of the most respected and well known scholars in mainstream political philosophy today Amy R Baehr challenges the reader to reconsider the dominant view that liberalism and feminism are incompatible Visit our website for sample chapters     **Liberalism at the Crossroads** Christopher Wolfe,2003 Liberalism at the Crossroads offers succinct accessible and well written surveys of the ideas of the leading participants in the contemporary philosophical debate about liberalism Christopher Wolfe brings together analyses of leading liberal thinkers from across the spectrum as well as influential critics of liberalism including John Rawls Ronald Dworkin Robert Nozick Michael Sandel Richard Rorty Joseph Raz and William Galston For the second edition each chapter has been thoroughly revised and new chapters on Susan Moller Okin Richard Posner and John Finnis have been added to include representatives of liberal feminism law and economics and natural law The result is an invaluable overview of contemporary political theory ideal for both students and scholars     **Liberal Arts of Management** James Maroosis,2016-02-19 This book analyzes and elucidates the view that the purpose of the liberal arts is to offer leadership training and guidelines for success This professional or managerial tradition of the liberal arts is discussed historically revisiting three central claims purported by the Ancients to make the point that management and the liberal arts are connected and build off each other to provide a framework for leadership in both domains This book will appeal to researchers in leadership studies management and the liberal arts     **The Liberal Magazine** ,1923     **The New Liberalism** Avital Simhony,David Weinstein,2001-08-23 Essays on new liberalism demonstrate that liberalism can accommodate community rights and liberty     **Liberalism's Religion** Cécile Laborde,2017-09-25 Cécile Laborde argues that religion is more than a statement of belief or a moral code It refers to comprehensive ways of life theories of justice modes of association and vulnerable collective identities By disaggregating

these dimensions she addresses questions about whether Western secularism and religion can be applied more universally
