From Self to Society, 1919-1941 Robert Morse Crunden, 1972 Alienation disillusionment the individual alone in society these are not problems new to the United States of the 1970s In this unique multifaceted volume Robert M Crunden provides a fresh viewpoint on the crucial years between the two world wars years which witnessed dramatic changes in the intellectual and social mood of the country Focusing on the problem of the individual's role in society Crunden presents portraits of representative figures from the arts literature and the social sciences to demonstrate how the intellectual optimism of the Progressive Era was assaulted by the violence of World War I and finally gave way to the pessimism of the twenties and the collectivism of the thirties Analyzing the work of John Marin Frank Lloyd Wright Ruth Benedict George Antheil Robert Park and Conrad Aiken among others Crunden documents how the basic relationship of the individual to society at large changed during this period from the self in society to the self apart from society to the self submerged in society Publisher **The Publishers Weekly**, 1972 [Time and the Dancing Image](#) Deborah Jowitt, 1989-01-01 If dance itself is a way of making ideas both visual and visceral Deborah Jowitt has discovered a literary voice in *Time and the Dancing Image* in which nineteenth and twentieth century thought in its relation to theatrical dancing becomes sensuous Sally Banes Cornell University The most vivid and immediately accessible serious dance book ever written Anyone from a neophyte to an aficionado will be challenged enlightened and delighted by Jowitt's clever juxtapositions Allen Robertson Dance Editor Time Out London In this brilliant book Deborah Jowitt has given us a fresh approach to dance history and criticism Instead of seeing dance in the usual way isolated in a windowless room with mirrored walls she looks to the society in which dance evolved Using the ideas of contemporary artists and thinkers she illuminates changing tastes from the elegant ethereal sylphs of the 1830s to the agonized characters in the dances today For her reader Ms Jowitt opens both the eyes and the mind to the wonders of a many faceted art Selma Jeanne Cohen Editor International Encyclopedia of Dance *New World Coming* Nathan Miller, 2010-05-11 A vibrant fast paced exploration of the pivotal and dynamic 1920s era focusing on many of the colorful characters of the time and on three presidents Harding Coolidge and Hoover The images of the 1920s have been indelibly imprinted on the American imagination jazz bootleggers flappers talkies the Model T Ford Babe Ruth Charles Lindbergh's history making flight over the Atlantic But it was also the era of the hard won vote for women racial injustice censorship widespread social conflict and the birth of organized crime Chronicling what he views as the most consequential decade of the past century Nathan Miller an award winning journalist and five time Pulitzer nominee paints a vivid portrait of the 1920s focusing on the men and women who shaped that extraordinary time including ironically three of America's most conservative presidents Harding Coolidge and Hoover In the twenties the American people soared higher and fell lower than they ever had before As unprecedented economic prosperity and sweeping social change dazzled the public the sensibilities and restrictions of the nineteenth century vanished and many of the institutions ideas and preoccupations of

our own age emerged With scandal sex and crime the lifeblood of the tabloids the contemporary culture of celebrity and sensationalism took root and journalism became popular entertainment By discarding Victorian idealism and embracing twentieth century skepticism America became for the first time thoroughly modernized There is hardly a dimension of our present world from government to popular culture that doesn't trace its roots to the 1920s and few decades are more intriguing or significant today The first comprehensive view of the era since Only Yesterday Frederick Lewis Allen's 1931 classic New World Coming reveals this remarkable age from the vantage point of nearly a century later It's all here the images and the icons the celebrities and the legends in a book that will resonate with history readers 1920s aficionados and Americans everywhere

America in the Twenties and Thirties Sean Dennis Cashman, 1989-01-01 In this the third volume of an interdisciplinary history of the United States since the Civil War Sean Dennis Cashman provides a comprehensive review of politics and economics from the tawdry affluence of the 1920s through the searing tragedy of the Great Depression to the achievements of the New Deal in providing millions with relief job opportunities and hope before America was poised for its ascent to globalism on the eve of World War II The book concludes with an account of the sliding path to war as Europe and Asia became prey to the ambitions of Hitler and military opportunists in Japan The book also surveys the creative achievements of America's lost generation of artists writers and intellectuals continuing innovations in transportation and communications wrought by automobiles and airplanes radio and motion pictures the experiences of black Americans labor and America's different classes and ethnic groups and the tragicomedy of national prohibition The cast of characters includes FDR the New Dealers Eleanor Roosevelt George W Norris William E Borah Huey Long Henry Ford Clarence Darrow Ernest Hemingway Scott Fitzgerald W E B DuBois A Philip Randolph Orson Welles Wendell Willkie and the stars of radio and the silver screen The first book in this series America in the Gilded Age is now accounted a classic for historiographical synthesis and stylistic polish America in the Age of the Titans covering the Progressive Era and World War I and America in the Twenties and Thirties reveal the author's unerring grasp of various primary and secondary sources and his emphasis upon structures individuals and anecdotes about them The book is lavishly illustrated with various prints photographs and reproductions from the Library of Congress the Museum of Modern Art and the Whitney Museum of American Art
