**Shakespeare's Sisters** Sandra M. Gilbert, Susan Gubar, 1979      **The Publishers' Trade List Annual**, 1984      The Body of Jesus Patrick Schreiner, 2016-07-14 Little attention is usually given to the space or place of the kingdom Yet Matthew employs the distinctive phrase kingdom of heaven and also portrays Jesus as Immanuel God with us In this volume Patrick Schreiner argues that by expanding one's view of space one can see that Jesus' purpose is to reorder the space of the earth in Matthew as the heavenly king Jesus pierces the barrier between the two realms in his incarnation and the spaces of heaven and earth begin to collide in his ministry Therefore in Matthew Jesus does not just promise a temporal or ethereal kingdom but one that is located one that has a sense of rootedness Jesus is granted authority over this space and inspires people to follow him in this construction project The spatial kingdom begins in his body and he extends it to his church by promising his presence      *The Innovative Use of Materials in Architecture and Landscape Architecture* Caren Yglesias, 2014-02-10 This book is about materials The fundamental properties and technical aspects are reviewed within a context of a material's history the theories of its meaning and making and its use Information about the sustainability aspects of each material is included as a critical necessity in construction Innovative design comes from an understanding of materials for what they are how they have been used in the past and how they can support human activity The author provides essential information to students and professionals concerned with advancing their design at a time when the consumption of natural resources and the consequences of wasteful practices are of urgent concern Instructors considering this book for use in a course may request an examination copy here      **Killing Sydney** Elizabeth Farrelly, 2021-01-27 Presents serious issues in a way which neither patronises or mystifies the lay reader Paul Keating on Three Houses A blueprint for the future of our city in a radically changing world Columnist Elizabeth Farrelly brings her unique perspective as architectural writer and former city councillor to a burning question for our times how will we live in the future Can our communities survive pandemic environmental disaster overcrowding government greed and big business Using her own adopted city of Sydney she creates a roadmap for urban living and analyses the history of cities themselves to study why and how we live together now and into the future Killing Sydney is part lovesong part warning little by little our politics are becoming debased and our environment degraded The tipping point is close Can the home we love survive Praise for Killing Sydney If you believe that Elizabeth Farrelly is expressing your long held concerns about the state of our governments our cities and our environment in her Sydney Morning Herald Saturday articles then I encourage you to get Killing Sydney and have a month of Saturdays in the one book That's what I'll do because I most often strongly agree Councillor Clover Moore Lord Mayor of Sydney This is an important book for all Aussies Written with passion beautiful prose and insightful knowledge Read and weep More than ever we need to push pause on development and so called progress Go Elizabeth Di Morrissey AM Great cities need great champions Sydney needs Elizabeth Farrelly Adam Spencer      **Architecture and the Public World** Kenneth

Frampton,2024-01-25 This book brings together Kenneth Frampton s essays from the 1960s to today which epitomize his reflections on the historical theoretical entanglements of architecture with place the public realm cultural identity urban landscape and environment and the political question of the predicament of architecture in the new Millennium The essays explore Frampton s contention that architecture s imperative is to assume a significant responsibility for the edification and stewardship of the Arendtian public world One of the most theoretically sophisticated and politically committed architectural thinkers Frampton s work breaks emphatically with the limits and norms of much contemporary practice and restores a sense of richness and social consequence of architecture s unfinished project while offering abiding lessons not only for architecture but for social cultural and design criticism alike      **Sustainable Conservation and Urban Regeneration**

Maria Grazia Folli,2017-12-05 This book documents research activities and design experimentation carried out within the scope of a project addressing conservation urban regeneration responsible use of resources and sustainable development in a truly exceptional place the city of Luxor The project is a collaborative venture between the Politecnico di Milano the Supreme Council of Antiquities of Egypt and the Luxor Governorate and is one outcome of a program established by the Egyptian government in 2009 with the goal of discovering a buried treasure the Avenue of Sphinxes which connected the Karnak and Luxor temples in ancient times Readers will find an account of the excavations themselves discussion of issues in restoration and conservation and above all archaeological contextualization Information is provided on integrated solutions to the problems arising from the scale of the excavation for example in relation to urban morphology the environment road systems infrastructure housing tourism and individual and collective use of spaces The book will appeal to all with an interest in strategies for enhancement of historical heritage in conjunction with urban regeneration and sustainable development

**Trauma, Flight and Migration** Vivienne Elton,Marianne Leuzinger-Bohleber,Gertraud Schlesinger-Kipp,Vivian Pender,2022-09-19 This book brings together leading international psychoanalysts to discuss what psychoanalysis can offer to people who have experienced trauma flight and migration The four parts of the book cover several elements of this work including psychoanalytic projects beyond the couch and collaboration with the UN Each chapter presents an example of the applications of psychoanalysis with a specific group or in a particular context from working with refugees in China to understanding the experiences of women who have witnessed political violence in Peru Psychoanalytic work with Trauma Flight and Migration provides a compelling exploration of the international contributions made by psychoanalysis This innovative book will be essential reading for psychoanalysts and psychoanalytic psychotherapists looking to learn more about working with people who have experienced the impact of traumatic movement or migration      *Gulag Letters* Arseniï

and continuity have shaped both the Chicano people and their oral and written literature In this pathfinding study of Chicano literature Teresa McKenna specifically explores how these works arise out of social political and psychological conflict and how the development of Chicano literature is inextricably embedded in this fact McKenna begins by appraising the evolution of Chicano literature from oral forms including the important role of the corrido in the development of Chicano poetry In subsequent chapters she examines the works of Richard Rodriguez and Rolando Hinojosa She also devotes a chapter to the development of the Chicana voice in Chicano literature Her epilogue considers the parallel development of Chicano literary theory and discusses some possible directions for research In McKenna s own words I believe that the future of this literature as that of all literatures by people of color in the United States rests largely on its being effectively introduced into the curricula at all levels as well as its entrance into the critical consciousness of literary theory This book will be an important step in that process
