**From the Wood to the Tees** Tom O'Connor, David Stuckey, 1993-10-28 An avid golfer of some skill comedian Tom O'Connor has played with the best of them and the worst of them With his sense of humour very much to the fore he takes readers around the greens as he recalls some of the funny experiences that have befallen him whether in such exalted company as Lee Trevino Jose Maria Olazabal Jimmy Tarbuck or Russ Abbott or in the 19th hole in club houses far and wide The reminiscences incorporate the courses the disasters the caddies and the characters the author has encountered as well as personal golfing tips From the Wood to the Tees Tom O'Connor, 1992 **The British National Bibliography** Arthur James Wells, 1994 Golf and the Spirit M. Scott Peck, 2009-09-16 Golf It is the ultimate head game And when nothing but the best advice will do along comes M Scott Peck M D the celebrated psychiatrist and author of the best selling self help book of all time *The Road Less Traveled* In *Golf and the Spirit* M Scott Peck writes a book for beginners and masters alike and even for nongolfers It goes beyond mechanics to explore the deeper issues ways of successfully managing the emotional psychological and spiritual aspects of this most wonderful maddening deflating and inspiring game Playing side by side with M Scott Peck on an imaginary course of his own design complete with illustrations of each hole you will come to see the profound truths in this seemingly simple game Appreciate that life is not linear Come to understand your own anger and how to heal that which gets in your way Accept the gifts of humility Appreciate kenosis the process by which the self empties itself of self Benefit from teachers Know that in weakness often there is strength Realize that to experience the blessings of golf and life fully you must accept the divinity that underlies all things Like the best selling volumes of Harvey Penick and Michael Murphy *Golf and the Spirit* makes a unique contribution to the literature of golf and life It goes beyond the body to address the heart and soul of the game creating a rare opportunity for transformation in the lives of its readers both on and off the fairway It seems to me the human condition is most basically that we are willful creatures living in a world that much of the time doesn't behave the way we want it to We live in the tension between our will and reality Sometimes with great effort and expertise we can change reality or bend it to our will At other times also with great effort and expertise it is we who must change by coming to accept the limitations of the world and of ourselves How we do this how we deal with the hazards of life is quite akin to how we deal with the hazards of a golf course Sooner or later golfers who stick with the game long enough will almost always come to see it as a metaphor for life But the word metaphor fails to do justice to all that golf has to teach us I would go even further and say that in its own way golf is life and not only that life condensed If we choose to use it as such I believe that golf next to marriage and parenthood can routinely be the greatest of life's learning opportunities
