From Nomadism To Monarchy Archaeological Historical Aspects Of Early Israel:

From Nomadism to Monarchy Israel Finkelstein, Nadav Na'aman, 1994 **From Nomadism to Monarchy?** Ido Koch, Oded Lipschits, Omer Sergi, 2023-11-07 Archaeological exploration in the Central Highlands of the Southern Levant conducted during the 1970s and 1980s dramatically transformed the scholarly understanding of the early Iron Age and led to the publication of *From Nomadism to Monarchy Archaeological and Historical Aspects of Early Israel* by Israel Finkelstein and Nadav Na'aman. This volume explores and reassesses the legacy of that foundational text. Using current theoretical frameworks and taking into account new excavation data and methodologies from the natural sciences, the seventeen essays in this volume examine the archaeology of the Southern Levant during the early Iron Age and the ways in which the period may be reflected in biblical accounts. The variety of methodologies employed and the historical narratives presented within these contributions illuminate the multifaceted nature of contemporary research on this formative period. Building upon Finkelstein and Na'aman's seminal study, this work provides an essential update. It will be welcomed by ancient historians, scholars of early Israel and the early Iron Age Southern Levant, and biblical scholars. In addition to the editors, the contributors to this volume are Eran Arie Erez, Ben Yosef, Cynthia Edenburg, Israel Finkelstein, Yuval Gadot, Assaf Kleiman, Gunnar Lehmann, Defna Langgut, Aren M. Maeir, Nadav Na'aman, Thomas R. Mer, Lidar Sapir, Hen Katja Soenneken, Dieter Vieweger, Ido Wachtel, and Naama Yahalom Mack.

From nomadism to monarchy : archaeological and historical aspects of early Israel Israel ; Na'aman Finkelstein (Nadav), 1994 **Revealing the History of Ancient Palestine** Keith W. Whitelam, 2018-07-06 This volume is part of the Changing Perspectives sub-series which is constituted by anthologies of articles by world-renowned biblical scholars and historians that have made an impact on the field and changed its course during the last decades. This volume offers a collection of seminal essays by Keith Whitelam on the early history of ancient Palestine and the origins and emergence of Israel. Collected together in one volume for the first time and featuring one unpublished article, this volume will be of interest to biblical and ancient Near Eastern scholars interested in the politics of historical representation but also on critical ways of constructing the history of ancient Palestine.

Canaan and Israel in Antiquity: A Textbook on History and Religion K. L. Noll, 2013-03-14 This comprehensive classic textbook represents the most recent approaches to the biblical world by surveying Palestine's social, political, economic, religious, and ecological changes from Palaeolithic to Roman eras. Designed for beginners with little knowledge of the ancient world and with copious illustrations and charts, it explains how and why academic study of the past is undertaken as well as the differences between historical and theological scholarship and the differences between ancient and modern genres of history writing. Classroom-tested chapters emphasize the authenticity of the Bible as a product of an ancient culture and the many problems with the biblical narrative as a historical source. Neither maximalist nor minimalist, it is sufficiently general to avoid confusion and to allow the assignment of supplementary readings such as biblical narratives and ancient Near Eastern texts. This new edition

has been fully revised incorporating new graphics and English translations of Near Eastern inscriptions New material on the religiously diverse environment of Ancient Israel taking into account the latest archaeological discussions brings this book right up to date *Essays on Ancient Israel in Its Near Eastern Context* Nadav Na'aman,2006-01-01 Reflecting the breadth and interconnectedness of Professor Na'aman's research areas this volume contains contributions on archaeology ancient Near East other than ancient Israel Israel's ancient history and historiography and biblical studies from publisher description

Noll,2001-01-01 This is a classroom tested introduction to academic study of the ancient world that produced the Bible It offers a general and yet flexible programme of study that enables a range of approaches to be understood and applied **Ancient Israel's History** Bill T. Arnold,Richard S. Hess,2014-11-11 The history of Israel is a much debated topic in Old Testament studies On one side are minimalists who find little of historical value in the Hebrew Bible On the other side are those who assume the biblical text is a precise historical record Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history This substantive history of Israel textbook values the Bible's historical contribution without overlooking critical issues and challenges Featuring the latest scholarship the book introduces students to the current state of research on issues relevant to the study of ancient Israel The editors and contributors all top biblical scholars and historians discuss historical evidence in a readable manner using both canonical and chronological lenses to explore Israelite history Illustrative items such as maps and images visually support the book's content Tables and sidebars are also included

The Archaeology of the Early Islamic Settlement in Palestine Jodi Magness,2003-06-30 There is a common perception that the Muslim conquest of Palestine in the seventh century caused a decline in the number and prosperity of settlements throughout the country The role played by archaeology in perpetuating this view claims Magness is particularly insidious because it is perceived rightly or wrongly as providing scientific and therefore objective data Thus archaeological evidence is frequently cited by scholars as proof or confirmation that Palestine declined after the Muslim conquest and especially after the rise of the Abbasids in the mid eighth century Instead Magness argues that the archaeological evidence freed insofar as possible of political and or religious biases supports the idea that Palestine and Syria experienced a tremendous growth in population and prosperity between the mid sixth and mid seventh centuries Such a radical shift in the interpretation of the evidence guarantees that this volume will be a benchmark with which future interpretations must reckon The book includes a CD with map and key which provides additional information regarding the sites studied and the area examined *The Archaeology of the Bronze Age Levant* Raphael Greenberg,2019-11-07 An up to date systematic depiction of Bronze Age societies of the Levant their evolution and their interactions and entanglements with neighboring regions **Dictionary of the Old Testament: Historical books** BILL T ARNOLD,HUGH G M WILLIAMSON,2020-05-21 The Dictionary of the Old Testament Historical Books is the second volume in IVP's Old Testament dictionary series This
