From Opposition To Power Taiwans Democratic Progressive Party

Julio C. Teehankee, Christian Echle

From Opposition To Power Taiwans Democratic Progressive Party:

From Opposition to Power Shelley Rigger, 2001 This title provides an overview of the Democratic Progressive Party of Taiwan its history policies and structure It traces the party s origins in opposition movements of the 1960s and 1970s and recounts how it was founded in defiance of martial law in 1986 Taiwan at a Tipping Point John Franklin Copper, 2018 Taiwan at a Tipping Point assesses issues relating to Taiwan s new political economic diplomatic and military strategic state of affairs following the January 2016 national election that brought the then opposition Democratic Progressive Party DPP to power This was a momentous event The DPP won major presidential and legislative victories giving it an easy mandate to govern Tsai Ing wen became president But ruling did not turn out to be easy Tsai and the DPP had little experience managing the economy and their growth strategies did not work well Their stances on Taiwan s independence alienated Taiwan s biggest trading partner and a nation that claims Taiwan is its territory China Beijing took revenge Taiwan s only ally the United States was confused and distracted in trying to formulate a new policy toward Taiwan Promises President Tsai and the DPP made during the campaign especially on reform and Taiwan s national status were hard to fulfill and for the most part were not Post election euphoria turned into dismay Thus the question arose whether the president and the DPP would remain in power or whether the next elections would see the Nationalist Party or Kuomintang KMT return though it remaining in the doldrums made this seem unlikely Thus uncertainty characterized Taiwan post election Taiwan was at a turning point **Party Politics in Taiwan** Dafydd Fell, 2006-09-27 In 1991 Taiwan held its first fully democratic election This first single volume of party politics in Taiwan analyzes the evolution of party competition in the country looking at how Taiwan s parties have adjusted to their new multi party election environment It features key chapters on the development of party politics in Taiwan the impact of party change on social welfare corruption and national identity party politics in the DPP era Including interviews with high ranking Taiwanese politicians and material on the 2004 Presidential election this important work brings the literature up to date It provides a valuable resource for scholars of Chinese and Taiwanese politics and a welcome addition to the field of regime transition and democratization **Taiwan's Politics In The 21st Century: Changes And Challenges** Wei-chin Lee, 2010-07-22 This unique volume highlights Taiwan s ongoing efforts to mediate between competing political actors a means to ensure domestic stability and national security without severely affecting its continuous economic growth and sovereign status in international society Taiwan s Politics in the 21st Century concentrates on three general areas domestic politics political economy and external relations Written by prominent scholars in the field including John Hsieh Shelley Rigger Cal Clark Alex Tan Joseph Wong T Y Wang Quansheng Zhao Guoli Liu and Chyungly Lee It also provides an overview of Taiwan s process of democratic consolidation unravels dynamic interactions among various domestic and international actors in policy design and implementation and explores future challenges to Taiwan thus leaving readers with a better understanding of the political complexity of Taiwan s attempts to strengthen its democratic governance

and institutions Taiwan's 2001 Legislative, Magistrates And Mayors Election: Further Consolidating Democracy? John F Copper, 2002-12-17 In December 2001 Taiwan held an election that many observers said in addition to the 2000 election that resulted in opposition party leader Chen Shui bian winning the presidency consolidated its democracy This election made President Chen s party the Democratic Progressive Party DPP the largest party in the legislature and gave him an opportunity to implement his agenda President Chen had not been able to do previously due to the opposition s large legislative majority and the political gridlock that had plagued Taiwan for some months This book examines the political milieu in which the campaign was conducted the candidates party platforms and strategies the campaign and the results of the election It also assesses the domestic and international responses to the election and its political ramifications The author argues that the DPP won using questionable tactics thus diminishing its otherwise significant victory while creating doubts about the Taiwan political miracle The KMT lost badly The People First Party created by James Soong after the 2000 presidential election performed very well in this election Former president Lee Teng hui helped found a new party shortly before this election to help President Chen by drawing support away from the KMT it performed well The author concludes that the election mirrored Taiwan s new four party system which is divided into two camps While the green bloc the DPP and Lee s new party performed well the blue team the KMT and Soong s party won a majority Taiwan s party politics the author says remain in flux **Taiwan In Troubled Times: Essays On The Chen Shui-bian Presidency** John F

Copper, 2002-04-22 Taiwan in Troubled Times is concerned with Taiwan s politics and its relations with China following the election of Chen Shui bian as President in March 2000 This event created problems between Taiwan and China and led to political gridlock in Taiwan The Chen Administration is evaluated in this book So is President Chen s party which evolved as an opposition party and is now in power but is unaccustomed to the role **Taiwan: A New History** Murray A.

Rubinstein, 2015-02-12 This is a comprehensive portrait of Taiwan It covers the major periods in the development of this small but powerful island province nation The work is designed in the style of the multi volume Cambridge History of China

Assessing the Lee Teng-hui Legacy in Taiwan's Politics Bruce Dickson, Chien-Min Chao, 2016-09-16 The 12 years of Lee Teng hui s presidency were marked by a series of contrary trends such as progress in the consolidation of Taiwan s democracy and periodic conflicts with China This book assesses the complex legacy of Lee Teng hui by looking at his accomplishments and setbacks **Political Parties, Party Systems and Democratisation in East Asia** Liang Fook

Lye, 2011 Some fledging democracies in the world have encountered setbacks due to political parties trying to grapple with the expectations of sophisticated electorates and introducing gradual political reforms over the years This book describes how democracy is evolving in East Asia and how it assumes different forms in different countries with political parties adapting and evolving alongside It has a two fold intent First it contends that the existing variety of party systems in East Asia will endure and may even flourish rather than converge as liberal democracies Second it highlights the seeming political

durability of one party systems OCo unlike two part or multi party systems in the US and Europe OCo and their enduring predominance in countries such as Cambodia China Singapore and Vietnam U.S.-Taiwan Relations Ryan Hass,Bonnie Glaser,Richard Bush,2023-04-15 Anxiety about China s growing military capabilities to threaten Taiwan has induced alarm in Washington about whether the United States remains capable of deterring attempts to seize Taiwan by force This alarm has fed American impulses to alter longstanding policy and to increasingly view challenges confronting Taiwan through a military lens While Taiwan clearly is under growing military threat it also is facing a simultaneous and intensifying Chinese political campaign to wear down the will of the Taiwan people This latter line of effort receives less attention but left unaddressed has the potential to do far more damage to American interests This book rightsizes the risks confronting Taiwan by taking a holistic view of China s national ambitions and Taiwan s role in them China s strategies for pursuing unification with Taiwan and America s most effective responses Contrary to many other books on the market the authors make the case for why conflict in the Taiwan Strait is not preordained and in fact it would be strategic folly for the United States to conclude that conflict is inescapable Hass Bush and Glaser argue that the center of gravity for determining the future of Taiwan is the will of Taiwan s 23 million people American policy should focus on their hopes and fears if the United States wishes to maintain influence over events in the Taiwan Strait This calls for American resoluteness and steadiness of purpose in fortifying Taiwan s economic dynamism political autonomy military preparedness and dignity and respect on the world stage Maintaining credible military deterrence is the minimum threshold not the measure of success U S Taiwan Relations will be an invaluable resource for students researchers and journalists to understand this critical moment in U S foreign policy *Populism in Asia* Pasuk Phongpaichit,Kosuke Mizuno,2009-01-01 Across Asia populist leaders emerged on an unprecedented scale around the start of the 21st century Populism in Asia is the first book to examine this phenomenon The 1997 Asian financial crisis undermined established political leaders and stirred popular discontent Voters in East Asia responded by electing maverick politicians who promised to target corruption and establish fresh agendas In Southeast Asia populist leaders based their appeal on the frustrations and aspirations of groups excluded from political power Leaders who came to office during this period include Thaksin Shinawatra in Thailand Joseph Erap Estrada in the Philippines Roo Moo hyun in South Korea Chen Shui bian in Taiwan and Jun ichiro Koizumi in Japan Local politicians in Indonesia likewise adopted a populist stance as did Prime Minister Mahathir Mohamad in Malaysia In the present volume leading Asian scholars consider the many faces of contemporary populism in the region analyzing the phenomenon through case studies of political leaders with populist credentials and using these accounts to evaluate the achievements and failings of democracy Benedict Anderson provides a reflective afterword Despite its allure populism has not been a success in Asia Populist leaders are in retreat across the region and their fall can be spectacular as in the Philippines and Thailand However the editors of this collection argue that populism will recur because Asia s oligarchic political systems do not fulfill the imagined role of the state as a provider of

well being citizenship rights and equality *Rethinking Parties in Democratizing Asia* Julio C. Teehankee, Christian Echle, 2023-05-04 Looking at eight case studies of Asian democracies the contributors to this volume analyze the role of political parties in stabilizing and institutionalizing democracies How have democracies such as Indonesia Sri Lanka and the Philippines survived against the odds despite struggling economic performance and highly unequal distribution of income How have formerly authoritarian regimes in places like South Korea and Taiwan evolved into stable democracies The contributors to this volume examine these case studies along with Mongolia Malaysia and India arguing that the common element is the extent to which political parties including opposition parties have become institutionalized and act as stabilizers on democracy They contend that the role of political parties has been significantly underestimated in comparison with structural elements which are insufficient to explain how these democracies have persisted An essential resource for students and scholars of Asian politics especially those with a focus on comparative politics political parties and institutions The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Funded by Konrad Adenauer Stiftung **The Report: Taiwan 2007**, 2007 Protests, Pandemic, and Security Predicaments Wei-chin Lee, 2023-06-27 This book examines how Asian countries have responded to urgent challenges against a backdrop of climactic political developments as well as the effects of issue linkage in policy making Chapters are arranged according to localities but interlinked through their thematic and critical analyses The section on Hong Kong focuses on the theme of protests highlighting its intersection with identity and generational shifts in addition to legal political and economic changes before and after the adoption of Hong Kong National Security Law The section examining Taiwan's policies discusses electoral calculations identity reconstruction cross Strait stalemate and alliance maneuvers within USA China Taiwan triangular international relations providing an overview of its domestic and external policies Through their analysis the authors here determine that China has emphasized the prerogatives of history culture and territorial sovereignty in its dealings with the Hong Kong protests and Taiwan and that cross Strait analysis must be deliberated and ultimately determined within the USA China Taiwan triangular framework In the final section authors examine the USA's role and policy in dealing with both sides of the Taiwan Strait Hegemonic power transition has been a primary concern in both countries with the USA's hegemonic status facing daunting challenges from China increasingly perceived as an ascending revisionist power waiting to overtake the USA in the future Taiwan's Social Movements under Ma Ying-jeou Dafydd Fell, 2017-02-17 In the spring of 2014 the Sunflower Movement's three week occupation of the Legislative Yuan brought Taiwan back to international media attention It was the culmination of a series of social movements that had been growing in strength since 2008 and have become even more salient since the spring of 2014 Social movements in Taiwan have emerged as a powerful new actor that needs to be understood alongside those players that have dominated the literature such as political parties local factions Taishang China and the United States This book offers

readers an introduction to the development of these social movements in Taiwan by examining a number of important movement case studies that focus on the post 2008 period The return of the Kuomintang KMT to power radically changed the political environment for Taiwan s civil society and so the book considers how social activists responded to this new political opportunity structure The case chapters are based on extensive fieldwork and are written by authors from a variety of disciplinary backgrounds and methodological approaches in some cases authors combine being both academics and activists themselves Together the chapters focus on a number of core issues providing the book with four key aims Firstly it investigates the roots of the movements and considers how to best explain their emergence Secondly it examines the development trajectories of these movements Thirdly it looks at the best way to explain their impact and development patterns and finally it assesses their overall impact questioning whether they can be regarded as successes or failures Covering a unique range of social movement cases the book will be of interest to students and researchers interested in Taiwanese society and politics as well as social movements and civil society

Taiwan Murray A. Rubinstein, 2007 This is a comprehensive portrait of Taiwan It covers the major periods in the development of this small but powerful island province nation The work is designed in the style of the multi volume Cambridge History of China

Taiwan in the Era of Tsai Ing-wen June Teufel Dreyer, Jacques deLisle, 2021-04-25 This book assesses the forces that led to the election of Tsai Ing wen and the Democratic Progressive Party DPP in 2016 and re election in 2020 and provides the first comprehensive treatment of this pivotal period in Taiwan s politics policy and international relations The Democratic Progressive Party s victory in Taiwan s 2016 presidential and legislative elections marked several significant turning points The third peaceful transition of power between political parties during Taiwan s democratic era heralded further consolidation of Taiwan s democracy and Tsai Ing wen s election gave the Republic of China its first female president Her administration has pursued an ambitious agenda of domestic and foreign policy reforms and has faced challenges that include steering through economic transitions addressing contentious issues of social justice national identity and cultural change and navigating an external environment defined by an increasingly powerful and hostile China and a more supportive but less predictable United States In Taiwan in the Era of Tsai Ing wen leading experts from the US and Taiwan chart the progress and problems of Tsai s first term and the prospects for Taiwan during her second term and beyond As a study of a crucial era of politics in Taiwan this book will appeal to students and scholars of Taiwan studies Political Science Law Economics and International Relations

The Taiwan Voter Christopher Henry Achen, T. Y. Wang, 2017-07-26 Examines how Taiwan s voters navigate a dangerous environment to demonstrate how identities matter everywhere

Competitive Authoritarianism Steven Levitsky, Lucan A. Way, 2010-08-16 Based on a detailed study of 35 cases in Africa Asia Latin America and post communist Eurasia this book explores the fate of competitive authoritarian regimes between 1990 and 2008 It finds that where social economic and technocratic ties to the West were extensive as in Eastern Europe and the Americas the external cost of abuse led

incumbents to cede power rather than crack down which led to democratization Where ties to the West were limited external democratizing pressure was weaker and countries rarely democratized In these cases regime outcomes hinged on the character of state and ruling party organizations Where incumbents possessed developed and cohesive coercive party structures they could thwart opposition challenges and competitive authoritarian regimes survived where incumbents lacked such organizational tools regimes were unstable but rarely democratized *New Thinking about the Taiwan Issue*

Jean-Marc F. Blanchard, Dennis V. Hickey, 2012-06-12 The Taiwan question has long been considered one of the most complicated and explosive issues in global politics In recent years however relations between Taiwan and the Chinese mainland have improved substantially to the surprise of many In this ground breaking collection distinguished contributors from the US Asia and Europe seek to go beyond the standard recitation of facts that often characterizes studies focusing on the Beijing Taipei dyad Rather they employ a variety of theories as well as both quantitative and qualitative methodologies to analyze the ebbs and flows of the Taiwan issue Their discussions clearly illuminate why there is a Taiwan Problem why conflict did not escalate to war between 2000 and 2008 and why cross Strait relations improved after 2008 The book further reveals the limits of realism as a device to gain traction into the Taiwan issue demonstrates the importance of taking into account domestic political variables and shows how theory can be used to advance the cause of better China Taiwan relations and to analyze the potential for future conflict over Taiwan *New Thinking about the Taiwan Issue* is essential reading not only for students scholars and practitioners with an interest in studying relations across the Taiwan Strait but also for any reader interested in economics international relations comparative politics or political theory

From Opposition To Power Taiwans Democratic Progressive Party Introduction

In the digital age, access to information has become easier than ever before. The ability to download From Opposition To Power Taiwans Democratic Progressive Party has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From Opposition To Power Taiwans Democratic Progressive Party has opened up a world of possibilities. Downloading From Opposition To Power Taiwans Democratic Progressive Party provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From Opposition To Power Taiwans Democratic Progressive Party has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From Opposition To Power Taiwans Democratic Progressive Party. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading From Opposition To Power Taiwans Democratic Progressive Party. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From Opposition To Power Taiwans Democratic Progressive Party, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From Opposition To Power Taiwans Democratic Progressive Party has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and

book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About From Opposition To Power Taiwans Democratic Progressive Party Books

1. Where can I buy From Opposition To Power Taiwans Democratic Progressive Party books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
